

Burden: We have identified no non-hour cost burdens for this collection.

Protections of Respondent

Confidentiality: The study is voluntary. The questionnaires will be administered under the guidelines of 45 CFR part 46. The introduction that will be covered with each participant stresses that participation is voluntary and confidentiality will be maintained. No names will appear on the study form, no photographs will be taken of any informant, and no videotaping will be conducted. Minor children will not be interviewed. Procedures designed to protect the confidentiality of the information provided will include the use of coded selection and identification number to protect the identities of respondents.

This study will ask five potentially sensitive but routine questions on annual household income, unemployment, subsistence expenses, and household finances. One of these questions asks the views of the respondent about future potential oil and gas development. Questions such as these have been used in past studies in rural Alaska with few, if any, complaints. During the interviews, the respondents will be warned that sensitive questions are coming up and that they may refuse to answer any query they object to. Respondents will also be reminded that they are assured anonymity through the study design and process.

Public Disclosure Statement: The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

Comments: Before submitting an ICR to OMB, PRA section 3506(c)(2)(A) requires each agency “* * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * *”. Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

Agencies must also estimate the “non-hour cost” burdens to respondents or recordkeepers resulting from the collection of information. Therefore, if you have costs to generate, maintain, and disclose this information, you should comment and provide your total capital and startup cost components or annual operation, maintenance, and purchase of service components. You should describe the methods you use to estimate major cost factors, including system and technology acquisition, expected useful life of capital equipment, discount rate(s), and the period over which you incur costs. Capital and startup costs include, among other items, computers and software you purchase to prepare for collecting information, monitoring, and record storage facilities. You should not include estimates for equipment or services purchased: (i) Before October 1, 1995; (ii) to comply with requirements not associated with the information collection; (iii) for reasons other than to provide information or keep records for the Government; or (iv) as part of customary and usual business or private practices.

We will summarize written responses to this notice and address them in our submission for OMB approval. As a result of your comments, we will make any necessary adjustments to the burden in our submission to OMB.

Public Comment Procedures: Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

MMS Information Collection Clearance Officer: Arlene Bajusz (202) 208-7744.

Dated: April 27, 2009.

BILLING CODE 4310-MR-P

DEPARTMENT OF THE INTERIOR

Minerals Management Service

[Docket No. MMS-2008-OMM-0042]

MMS Information Collection Activity: 1010-0128, Subpart O, Well Control and Production Safety Training, Extension of a Collection; Comment Request; Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Notice of extension of an information collection (1010-0128).

SUMMARY: To comply with the Paperwork Reduction Act of 1995 (PRA), MMS is inviting comments on a collection of information that we will submit to the Office of Management and Budget (OMB) for review and approval. The information collection request (ICR) concerns the paperwork requirements in the regulations under 30 CFR 250, Subpart O, “Well Control and Production Safety Training.”

DATES: Submit written comments by June 30, 2009.

ADDRESSES: You may submit comments by either of the following methods listed below.

- Electronically: go to <http://www.regulations.gov>. Under the tab More Search Options, click Advanced Docket Search, then select Minerals Management Service from the agency drop-down menu, then click submit. In the Docket ID column, select MMS-2008-OMM-0042 to submit public comments and to view supporting and related materials available for this collection. Information on using [Regulations.gov](http://www.regulations.gov), including instructions for accessing documents, submitting comments, and viewing the docket after the close of the comment period, is available through the site’s User Tips link. The MMS will post all comments.

- Mail or hand-carry comments to the Department of the Interior; Minerals Management Service; Attention: Cheryl Blundon; 381 Elden Street, MS-4024; Herndon, Virginia 20170-4817. Please reference “Information Collection 1010-0128” in your subject line and mark your message for return receipt. Include your name and return address in your message text.

FOR FURTHER INFORMATION CONTACT: Cheryl Blundon, Regulations and Standards Branch at (703) 787-1607. You may also contact Cheryl Blundon to obtain a copy, at no cost, of the regulation that requires the subject collection of information.

SUPPLEMENTARY INFORMATION:

Title: 30 CFR Part 250, Subpart O, Well Control and Production Safety Training.

OMB Control Number: 1010-0128.

Abstract: The Outer Continental Shelf (OCS) Lands Act, as amended (43 U.S.C. 1331 *et seq.* and 43 U.S.C. 1801 *et seq.*), authorizes the Secretary of the Interior (Secretary) to prescribe rules and regulations to administer leasing of the OCS. Such rules and regulations will apply to all operations conducted under a lease. Operations on the OCS must preserve, protect, and develop oil and natural gas resources in a manner that is consistent with the need to make such resources available to meet the Nation's energy needs as rapidly as possible; to balance orderly energy resource development with protection of human, marine, and coastal environments; to ensure the public a fair and equitable return on the resources of the OCS; and to preserve and maintain free enterprise competition.

Section 1332(6) of the OCS Lands Act (43 U.S.C. 1332) requires that "operations in the [O]uter Continental Shelf should be conducted in a safe

manner by well trained personnel using technology, precautions, and other techniques sufficient to prevent or minimize the likelihood of blowouts, loss of well control, fires, spillages, physical obstructions to other users of the waters or subsoil and seabed, or other occurrences which may cause damage to the environment or to property or endanger life or health." This authority and responsibility are among those delegated to the Minerals Management Service (MMS). To carry out these responsibilities, MMS issues regulations governing oil and gas or sulphur operations in the OCS.

Regulations at 30 CFR part 250, subpart O, implement these safe operation requirements. The MMS uses the information collected under subpart O to ensure that workers in the OCS are properly trained with the necessary skills to perform their jobs in a safe and pollution-free manner. In some instances, MMS will conduct oral interviews of offshore employees to evaluate the effectiveness of a company's training program. The information collected is necessary to

verify personnel training compliance with the requirements.

We will protect information from respondents considered proprietary under the Freedom of Information Act (5 U.S.C. 552) and its implementing regulations (43 CFR part 2) and under regulations at 30 CFR parts 250, 251, and 252. No items of a sensitive nature are collected. Responses are mandatory or are required to obtain or retain a benefit.

Frequency: Primarily on occasion or annual.

Estimated Number and Description of Respondents: Approximately 130 Federal oil and gas OCS lessees.

Estimated Reporting and Recordkeeping Hour Burden: The currently approved annual reporting burden for this collection is 2,106 hours. The following chart details the individual components and respective hour burden estimates of this ICR. In calculating the burdens, we assumed that respondents perform certain requirements in the normal course of their activities. We consider these to be usual and customary and took that into account in estimating the burden.

Citation 30 CFR 250 Subpart O	Reporting & recordkeeping requirement	Hour burden
1503(b), (c)	Develop training plans	60.
1503(c)	Maintain copies of training plan and employee training documentation for 5 years	plan = 15 min.; employee record = 5 min.
1503(c)	Upon request, provide MMS copies of employee training documentation or provide copy of training plan.	5.
1507(b)	Employee oral interview conducted by MMS	10 min.
1507(c), (d); 1508; 1509.	Written testing conducted by MMS or authorized representative. [Not considered IC under 5 CFR 1320.3(h)(7)].	
1510(b)	Revise training plan and submit to MMS	4.
1500-1510	General departure or alternative compliance requests not specifically covered elsewhere in subpart O.	2.

Estimated Reporting and Recordkeeping "Non-Hour Cost" Burden:

We have identified no non-hour cost burdens for this collection.

Public Disclosure Statement: The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

Comments: Before submitting an ICR to OMB, PRA section 3506(c)(2)(A) requires each agency " * * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * * ". Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is

necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

Agencies must also estimate the "non-hour cost" burdens to respondents or recordkeepers resulting from the collection of information. Therefore, if you have costs to generate, maintain, and disclose this information, you should comment and provide your total capital and startup cost components or annual operation, maintenance, and purchase of service components. You

should describe the methods you use to estimate major cost factors, including system and technology acquisition, expected useful life of capital equipment, discount rate(s), and the period over which you incur costs. Capital and startup costs include, among other items, computers and software you purchase to prepare for collecting information, monitoring, and record storage facilities. You should not include estimates for equipment or services purchased: (i) Before October 1, 1995; (ii) to comply with requirements not associated with the information collection; (iii) for reasons other than to provide information or keep records for the Government; or (iv) as part of customary and usual business or private practices.

We will summarize written responses to this notice and address them in our

submission for OMB approval. As a result of your comments, we will make any necessary adjustments to the burden in our submission to OMB.

Public Comment Procedures: Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

MMS Information Collection Clearance Officer: Arlene Bajusz (202) 208-7744.

Dated: November 6, 2008.

E.P. Danenberger,
Chief, Office of Offshore Regulatory Programs.

Editorial Note: This document was received in the Office of the Federal Register on April 28, 2009.

BILLING CODE 4310-MR-P

DEPARTMENT OF THE INTERIOR

Minerals Management Service

[Docket No. MMS-2009-OMM-0006]

MMS Information Collection Activities: 1010-0091, Facilities Located Seaward of the Coast Line; Proposed Collection; Comment Request

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Notice of extension of an information collection (1010-0091).

SUMMARY: To comply with the Paperwork Reduction Act of 1995 (PRA), MMS is inviting comments on a collection of information that we will submit to the Office of Management and Budget (OMB) for review and approval. The information collection request (ICR) concerns the paperwork requirements in the regulations under 30 CFR 254, Oil-Spill Response Requirements for Facilities Located Seaward of the Coast Line.

DATES: Submit written comments by June 30, 2009.

FOR FURTHER INFORMATION CONTACT: Cheryl Blundon, Regulations and

Standards Branch at (703) 787-1607. You may also contact Cheryl Blundon to obtain a copy, at no cost, of the regulation that requires the subject collection of information.

ADDRESSES: You may submit comments by either of the following methods listed below.

- Electronically: go to <http://www.regulations.gov>. Under the tab More Search Options, click Advanced Docket Search, then select Minerals Management Service from the agency drop-down menu, then click submit. In the Docket ID column, select MMS-2009-OMM-0006 to submit public comments and to view supporting and related materials available. Information on using [Regulations.gov](http://www.regulations.gov), including instructions for accessing documents, submitting comments, and viewing the docket after the close of the comment period, is available through the site's User Tips link. The MMS will post all comments.

- Mail or hand-carry comments to the Department of the Interior; Minerals Management Service; Attention: Cheryl Blundon; 381 Elden Street, MS-4024; Herndon, Virginia 20170-4817. Please reference Information Collection 1010-0091 in your subject line and mark your message for return receipt. Include your name and return address in your message text.

FOR FURTHER INFORMATION CONTACT: Cheryl Blundon, Regulations and Standards Branch at (703) 787-1607. You may also contact Cheryl Blundon to obtain a copy, at no cost, of the regulations that require the subject collection of information.

SUPPLEMENTARY INFORMATION:
Title: 30 CFR Part 254, Oil-Spill Response Requirements for Facilities Located Seaward of the Coast Line.

OMB Control Number: 1010-0091.
Abstract: The Federal Water Pollution Control Act, as amended by the Oil Pollution Act of 1990 (OPA), requires that a spill-response plan be submitted for offshore facilities prior to February 18, 1993. The OPA specifies that after that date, an offshore facility may not handle, store, or transport oil unless a plan has been submitted. This authority and responsibility have been delegated to the Minerals Management Service (MMS). Regulations at 30 CFR 254 establish requirements for spill-response plans for oil-handling facilities seaward

of the coast line, including associated pipelines.

The MMS uses the information collected under 30 CFR part 254 to determine compliance with OPA by owners/operators. Specifically, MMS needs the information to:

- Determine effectiveness of the spill-response capability of owners/operators;
- Review plans prepared under the regulations of a State and submitted to MMS to satisfy our requirements that they meet minimum requirements of OPA;
- Verify that personnel involved in oil-spill response are properly trained and familiar with the requirements of the spill-response plans and to witness spill-response exercises;
- Assess the sufficiency and availability of contractor equipment and materials;
- Verify that sufficient quantities of equipment are available and in working order;
- Oversee spill-response efforts and maintain official records of pollution events; and
- Assess the efforts of owners/operators to prevent oil spills or prevent substantial threats of such discharges.

We will protect information from respondents considered proprietary under the Freedom of Information Act (5 U.S.C. 552) and its implementing regulations (43 CFR part 2) and under regulations at 30 CFR part 251. Responses are mandatory or are required to obtain or retain a benefit.

Frequency: Varies, but mostly on occasion.

Estimated Number and Description of Respondents: Approximately 197 owners or operators of facilities and/or oil-spill response companies located in both State and Federal waters seaward of the coast line.

Estimated Reporting and Recordkeeping Hour Burden: The currently approved annual reporting burden for this collection is 35,070 hours. The following chart details the individual components and respective hour burden estimates of this ICR. In calculating the burdens, we assumed that respondents perform certain requirements in the normal course of their activities. We consider these to be usual and customary and took that into account in estimating the burden.

Citation 30 CFR 254 and related NTLs	Reporting and/or requirement	Hour burden
1(a) thru (d); 2(a); 3 thru 5; 7; 20 thru 29; 44(b).	Submit spill response plan for OCS facilities and related documents	120
1(e)	Request MMS jurisdiction over facility landward of coast line (no recent request received).	0.5
