## Justification for Addition of Cellular Telephone Number Capture on Case Status Online

On June 2009, the President announced:

“In the next 90 days, USICS will launch a vastly improved Web site that will, for the first time ever, allow applicants to get updates on the status of their applications via e-mail and text message.”

To meet this requirement, USCIS will add a data field to capture applicant cellular telephone numbers on our currently approved Case Status Service Online System (1615-0080). OMB previously approved the capture of customer e-mail addresses using OMB No: 1615-0080.
