

Federal Highway Administration (FHWA) State Reports for American Recovery and Reinvestment Act (ARRA)

OMB# 2125-0623

Explanation of Change

FHWA wants to change how the state DOT offices submit their data spreadsheets. Currently the guidance in the ARRA Reporting Requirements (reporting instructions) requests states to submit their data spreadsheets via the email address arra.submittal@dot.gov. We want to change the guidance so that it instructs the state DOTs to submit their data using the Recovery Act Data System (RADS) in UPACS. This will not change the burden hours for the state DOTs in any way. This change in guidance allows FHWA to more efficiently and effectively process the data submitted.

Previous Language (on pages 9, 13, 16 & 18)

Due to: The States will e-mail their list of projects to: ARRA.Submittal@dot.gov, with a copy sent to the FHWA Division Office official mailbox (. Questions should be directed to ARRA.Questions@dot.gov. Submittal of data to this e-mail account will not qualify as the required submittal under section 1511.

Proposed language:

Due to: The States will upload their data to the Recovery Act Data System (RADS) in UPACS. Questions should be directed to ARRA.Questions@dot.gov. Submittal of data to this e-mail account will not qualify as the required submittal under section 1511.

Changes are highlighted yellow in the document.
