Public reporting burden for this collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This information is required to obtain benefits. HUD may not collect this information, and you are not required to complete this form, unless it displays a currently valid OMB control number.

Title V of the Departments of Veterans Affairs and Housing and Urban Development and Independent Agencies Appropriations Act of 1988 (P.L. 106-65, 111 Stat. 1384) authorizes the FHA Multifamily Housing Mortgage and Housing Assistance Restructuring Program. HUD implemented a statutory permanent program directed at FHA-insured multifamily projects that have project-based Section 8 contracts with above-market rents. The information collection is used to determine criteria eligibility of FHA-insured multifamily properties for participation in the Mark to Market program and the terms on which participation should occur. The purpose of the program is to preserve low-income rental housing affordability while reducing the long-term costs of Federal rental assistance. While no assurances of confidentiality are pledged to respondents, HUD generally discloses this data only in response to a Freedom of Information request.
