-PURPOSE1-

```
          WHAT IS THIS SURVEY ALL ABOUT?
```

   This survey provides information about:

   - The cost of housing for the American public.
   - The availability of housing for different segments of the American
public, such as the elderly, low income, and different minority groups.
   - Trends in housing market. For example:
   - What type of housing (single family homes, condominiums, townhouses,
     mobile homes, etc.) are people buying?
   - What type of fuels and appliances are being used?
   - Is the quality of housing in this country improving or getting worse
     for most people?
   - Is the cost of owning and maintaining a home changing?
   - Is the cost of renting changing?
   - Are people adding to their living space?
   - What proportion of our population lives in overcrowded housing?
   - Are neighborhoods getting better or worse?
   - How close are we to our national goal of providing quality housing
     for each American?
   - To provide data for the President to present an annual report to
Congress.

-PURPOSE2-

```
          HOW WILL THE INFORMATION BE USED?
```

   Some uses for the information are the following:

   - To evaluate the effectiveness of existing housing programs.

```
         - To plan new programs.
         - To determine the amount of money required to solve different types
           of housing problems.
         - To determine at what income level families of various sizes qualify for
           low-income housing assistance programs.
         - To determine how much support low-or middle-income families should receive
           in the form of rent subsidies or mortgage assistance programs.
         - To determine if existing mortgage programs are adequate.
         - To provide data for the President to present an annual report to Congress.

-PURPOSE3-

              HOW WAS I SELECTED FOR THIS SURVEY?

      - We selected an address, not you or your family.
      - If you were to move, this address would remain in the survey, not your new
one.

                 WHY CAN'T YOU SELECT SOMEONE ELSE?

      Each address is scientifically selected to represent thousands of other
housing units.

-PURPOSE4-

              IS PARTICIPATION VOLUNTARY?

      - Yes.
      - To produce valid and reliable results, everyone should participate.
      - Decisions will be made with or without your input. By participating,
        your voice will be heard in Washington.

-PURPOSE6-

        IS THIS SURVEY AUTHORIZED BY LAW?

  - The Census Bureau collects the data for the Department of Housing and Urban
    Development under title 12, section 1701Z-1 and 2(g) of the U.S. Code.
  - Your participation is voluntary but essential to the success of the survey.

-PURPOSE7-

        HOW WILL THIS SURVEY BENEFIT ME?

  - Because of the survey, Federal funds are allocated more efficiently.
    The survey actually saves more money than it costs.
  - Government programs, such as (Select any: mortgage assistance, loans,
    rent assistance, low-cost housing) exist or may exist in the future
    that you, or someone you know, might participate in.
  - The survey results are used to evaluate our progress toward providing
    each American with decent housing.

-PURPOSE8-

        I CONSIDER THIS A WASTE OF MONEY.

  - It actually saves more money than it costs, because the information
    is used to allocate housing funds morte efficiently.
  - To keep costs low, we only interview a sample of households,
    that's why your participation is so important.

        I THOUGHT THE CENSUS BUREAU ONLY WORKED EVERY 10 YEARS.

  - We're best known for the census, but we conduct surveys all the time.
    This housing survey is one of them.
  - We have over 3,000 interviewers who work all across the country.

            WHY ARE YOU CALLING ME AGAIN?

         Like any business, we're interested in maintaining
         the quality of our product, so each month we reinterview
         a few households who are in the survey to ensure we are
         efficiently and accurately collecting data.

-RIREF2-

         ARE YOU CALLING EVERYONE OR AM I JUST LUCKY?

         We are able to get a reliable measure of data

quality by reinterviewing only a small percentage
of the total households interviewed each month.

DON'T YOU HAVE ANYTHING BETTER TO DO WITH MY TAX
DOLLARS?

I'M TOO BUSY TO ANSWER YOUR QUESTIONS AGAIN.

The Department of Housing and Urban Development, other federal
agencies, and businesses will use this data to assess housing
conditions in the U.S. The Census Bureau feels a strong need
for an independent measure of its quality. As a result,
we feel that the results from our reinterview are a wise use
of our tax dollars.

ARE YOU "CHECKING UP" ON ME?
I TOLD YOU THE TRUTH THE FIRST TIME YOU CALLED.

The purpose of reinterview is not to check up on
respondents. In order to ensure that we are efficiently
and accurately collecting data, each month we reinterview
a few households who are in the survey.
