

FCC 2009 Annual Cable Price Survey (FCC Form 333)

Submission for FRN 0018655183 CUID AK0055

A. Community

The information in entries 1 through 3 below has been imported from the [Cable Operations & Antenna \(COALS\)](#) database. Please review this data and make any necessary corrections. If you would like the COALS database updated to reflect this information, click here: [N](#)

1. 6-digit community unit identification (CUID)	
2. Name of the community associated with this CUID	
3. Name of county in which the community is situated	
4. 5-digit Zip Code in community with the highest number (or a significant portion) of subscribers	
<p>Below, Questions 5 and 6 pertain to "Effective Competition" status. Local governments have authority to regulate the price of the basic service tier unless the FCC grants an "Effective Competition" petition for the franchise area. If the FCC has granted Effective Competition status, the answer to question 5 is "yes" and the answer to question 6 is "no". If the FCC has not granted Effective Competition status, the answer to question 5 is "no" (even if you have competition in the community) and the answer to question 6 depends on whether the local government exercises its authority to regulate the price of the basic service tier.</p>	
5. Has the FCC made a finding of "Effective Competition" for this community? (yes or no)	
6. Does the local government regulate the basic tier rate in this community? (yes or no)	

B. System

No data has been entered for Section B

C. Parent Company

12. Name of ultimate parent entity	
13. Name of survey contact person	
14. E-mail address of contact person	
15. Area Code & telephone number	
	1/01/09
16. Number of subscribers nationwide of parent entity	

D. Certification

No data has been entered for Section D

E. Households & Cable Television Subscribers in System Area

This survey uses the cable system as a point of reference for many questions, because we have found that cable operators responding to this survey are more likely to maintain, or are better able to estimate, information at the system level in comparison to a specific community. In defining cable system, use the smallest physical system area surrounding the community for which you maintain subscriber counts for cable system services.

	1/01/08	1/01/09
20. Number of households your cable system is authorized to serve regardless of whether or not your system buildout reaches those households		
21. Number of households passed (households in Question 20 that your system reaches, regardless of whether or not these households subscribe to your service)		
22. Number of subscribers to your cable television service		
23. Number of expanded basic subscribers (number of those cable subscribers in Question 22 that subscribe to expanded basic service) *		
24. Best estimate of Direct Broadcast Satellite (DBS) subscribers in system area		
25. Does DBS offer local broadcast channels (local into local) in your system area? (yes or no)		

* See Section H for definition of expanded basic service.

F. Number of Cable Services Customers in System Area

	1/01/08	1/01/09
26. Do you offer digital programming ? (yes or no)		
27. If yes, number of basic cable TV subscribers that also subscribe to digital service		
28. Do you offer a high definition (HD) digital converter? (yes or no)		
29. If yes, number of basic cable TV subscribers that lease an HD digital converter		
30. Do you offer high-speed Internet access over cable system facilities? (yes or no)		
31. If yes, number of basic cable TV subscribers that also subscribe to your cable Internet service		
32. Total of customers (TV subscribers & non-subscribers) taking your cable Internet service		
33. Do you offer cable telephony (circuit-switched or VOIP) over cable facilities? (yes or no)		

34. If yes, number of basic cable TV subscribers that also subscribe to circuit-switched		
35. Total of customers (TV subscribers & non-subscribers) taking your circuit-based telephony		
36. Number of basic TV subscribers that also subscribe to Voice over Internet Protocol		
37. Total of customers (TV subscribers & non-subscribers) taking your VOIP telephony service		

G. Programming Expense in System Area, Expanded Basic Service

Below, Question 38 refers to programming expenses for expanded basic service at the system level for which you are reporting. Do not include expenses for digital tiers, premium channels, pay-per-view channels, and other programming services that are not part of expanded basic service. Expense may equal the sum of monthly per-subscriber fees levied by programmers, multiplied by number of subscribers times 12 months. Include copyright, retransmission consent, and other fees paid to programmers and broadcasters.

	1/01/08	1/01/09
38. Annual programming expense in system area for expanded basic service	\$	\$

H. Expanded Basic Service for the Community

Basic tier (or limited basic) refers to the entry level tier that all video subscribers must purchase, consisting of local broadcast stations; public, educational, and governmental access channels; and typically a few additional channels. **Cable programming service tier** refers to the most highly subscribed tier other than the basic tier. **Expanded basic service** (or standard service) refers to the offering of both the basic tier and cable programming service tier as a package. Expanded basic channels do not include digital tiers, HDTV channels, premium channels, pay-per-view including video-on-demand channels, and music and other audio channels.

	1/01/07	1/01/08	1/01/09
39. Monthly price: basic tier	\$	\$	\$
40. Monthly price: cable programming service tier	\$	\$	\$
41. Monthly price: expanded basic service (39+40) *	\$	\$	\$
42. Number of channels: basic tier			
43. Number of channels: cable programming service tier			
44. Number of channels: expanded basic service (39+40) *			

* Automatically calculated when this form section is saved.

Are the channels in Question 44 (answer either yes or no):		
45. Fully digital wherein all channels above are transmitted only in digital format?		
46. Digitally simulcast wherein separate analog & digital signals are transmitted for those channels?		

I. Monthly Equipment Charges

	1/01/08	1/01/09
47. Do you offer an addressable analog converter & remote control? (yes or no)		
48. If yes, monthly charge to lease (enter 0 if always free of charge)	\$	\$
49. Number of basic subscribers that lease an addressable analog converter		
50. Charge to lease a standard definition (SD) digital converter & remote *	\$	\$
51. Does this SD digital converter include DVR technology (yes or no)		
52. Monthly charge to lease a high definition (HD) digital converter & remote *	\$	\$
53. Does this HD digital converter include DVR technology (yes or no)		
* If you lease converter with and without DVR service, report the price for the converter without a DVR. If you only lease a converter with a DVR, report that price. If no converter has a separate list price (always free of charge or always bundled with a programming package) enter 0. Report the price to lease the 1st converter and remote control (in contrast to a household that leases two or more).		
54. Do you lease a one-way single stream CableCARD ? (yes or no)		
55. If yes, monthly charge to lease (enter 0 if always free of charge)	\$	\$
56. Do you sell a one-way single stream CableCARD? (yes or no)		
57. If yes, one-time charge to purchase	\$	\$

J. Non-Recurring Installation Charges

The following questions refer to one-time service installation charges. If installation is free, enter 0. In addition to the fixed charge, if an hourly charge typically applies in lieu of or in addition to a fixed charge, report the total of fixed plus the estimated hourly

charge.

	1/01/08	1/01/09
58. Charge for unwired home installation	\$	\$
59. Charge for pre-wired home installation	\$	\$
60. Charge for reconnection of service	\$	\$
61. Charge to install/configure a CableCARD, existing cable subscriber	\$	\$
62. Charge to install/configure a CableCARD, new cable subscriber	\$	\$

K. Digital Television Service

Below, the digital tier is separate from the charges for expanded basic service. For example, if expanded basic equals \$45, and the digital tier equals \$10, and a digital converter and remote control equals \$5, the answer to Question 65 is \$10 and Question 66 equals \$15. Answers to Questions 65 and 66 are the same if the digital tier includes a converter and remote at no additional charge.

Digital Tier (Most-Highly Subscribed)	1/01/08	1/01/09
63. Do you offer a digital tier of channels? (yes or no)		
64. Number of channels on the most-highly-subscribed digital tier *		
65. Monthly charge for the most-highly-subscribed digital tier without equipment	\$	\$
66. Monthly charge for this digital tier plus a converter & remote control	\$	\$
* Do not include expanded basic channels, and premium and pay-per-view channels to which the subscriber may gain access but would have to pay extra, and do not include music and other audio channels.		

Below, a sports tier refers to at least two channels offered 365 days per year and not offered on a pay-per-channel or pay-per-view basis. Products such as MLB Extra Innings and NBA League Pass which are only available during their respective sports' seasons do not qualify as sports tiers. The monthly charge refers to the amount separate from other programming tiers and separate from a converter and remote control. If the charge is less frequently than monthly (e.g., quarterly), convert the charge to a monthly basis.

Sports Tier (Most-Highly Subscribed)	1/01/08	1/01/09
67. Do you offer a tier primarily limited to sports channels? (yes or no)		
68. Monthly charge for the sports tier	\$	\$

69. Number of channels on this sports tier *		
70. Name or brief description of this sports tier		
* Do not include expanded basic channels, and premium and pay-per-view channels to which the subscriber may gain access but would have to pay extra, and do not include music and other audio channels.		

The following questions refer to the ability to view in HD format the local broadcast stations offered in HD format. The monthly charge refers to the amount separate from other programming tiers, and separate from a converter and remote control. The lowest monthly charge may refer to the sum of charges for individual HD broadcast channels, a charge for a HDTV tier (which may include both HD broadcast and HD non-broadcast stations), or may equal \$0 if all HD broadcast channels can be received at no additional charge after lease of an HDTV converter and remote control.

High-Definition Television	1/01/08	1/01/09
71. Do you carry (in HD) local broadcast stations offered in HD format? (yes/no)		
72. Number of local broadcast stations you carry in HD format		
73. Lowest monthly charge to receive all broadcast stations you carry in HD format	\$	\$
74. If charge refers to an HD tier, number of non-broadcast channels on tier *		
* Do not include HDTV premium and pay-per-view channels to which the subscriber may gain access but would have to pay extra, and do not include music and other audio channels.		

L. Family Tier

If you offer a tier limited to "family-friendly" programming, answer Questions 75-84. If not, answer Question 75 and skip to Section M.

	1/01/09
75. As of Jan. 1, 2009, did you offer a family tier in this community? (yes or no)	
If yes, answer questions 76-84 and complete Column F in the channel lineup tab. Question 76 refers to the price to receive the family tier. In addition, we ask for the price of the "limited" basic tier, required to subscribe to the family tier, and the price to lease digital equipment, if necessary to subscribe to the family tier.	
76. Price of family tier (do not include the price of the limited basic tier)	\$
77. Total price for limited basic plus family tier (39+76, automatically calculated when this form section is saved)	\$

78. Is a digital converter required to receive this family tier? (yes or no)	
79. If yes, is a digital converter included in the total price in Question 77? (yes or no)	
80. If no, additional price to lease the 1st converter and remote control	\$
81. To subscribe to the family tier, in addition to programming and equipment charges in Questions 77 and 80, are any other video services charges required? (yes or no)	
82. If yes, total of those charges that were not included in Questions 77 and 80	\$
83. Brief description of those charges	
84. Number of subscribers in Question 22 that subscribe to the family tier	

M. Receipts and Customers for Cable Services in System Area

Section M refers to the total receipts from residential customers for the month of January for the specified services, including taxes & fees, and any extra charges such as for premium services, installation, etc.

	1/01/09
85. Total gross receipts for month from all residential customers purchasing one or more cable services (cable TV, Internet, telephony)	\$
86. Total number of residential customers purchasing one or more cable services	
87. Total gross receipts for the month from residential customers that only purchase video services (exclude customers that also purchase cable Internet access and/or telephony)	\$
88. Number of residential customers that only purchase video services	
89. Total gross receipts for the month from residential customers that purchase both video services and high-speed cable Internet access (exclude receipts from customers that only purchase video services and/or telephony)	\$
90. Number of residential customers that purchase both video services and cable Internet access (exclude customers that only purchase video services and/or telephony)	
91. Total gross receipts for the month from residential customers that purchase all three services: video services, high-speed Internet access, and telephony (exclude receipts from customers that only purchase video services and/or Internet access)	\$
92. Total number of residential customers that purchase all three services: video, high-speed Internet, and telephony (exclude customers	

that only purchase video and/or Internet)	
93. Total gross receipts for the month for pay-per-view and video-on-demand services for residential customers	\$
94. Total number of residential customers that made at least one pay-per-view or video-on-demand purchase during the month	

N. Package Prices

	1/01/09
95. Price of most-highly-subscribed cable and Internet package (double play)	\$
96. Total number of video programming channels included in that package	
97. Maximum downstream speed of the high-speed Internet access (Mb/s)	
98. Does price include one or more premium channels? (yes or no)	
99. Does price include a converter and remote control? (yes or no)	
100. Price of most-highly-subscribed cable, Internet, and telephony package (triple play)	\$
101. Total number of video programming channels included in that package	
102. Maximum downstream speed of the high-speed Internet access	
103. Number of phone lines included in the package	
104. Does price include one or more premium channels? (yes or no)	
105. Does price include a converter and remote control? (yes or no)	
106. Is the telephony service voice-over-Internet-protocol (VOIP)? (yes or no)	
107. Name of most-highly-subscribed premium channel package	
108. Number of premium channels in the package	
109. Price of this premium package	\$

O. Networks Sold Individually

	1/01/09
110. As of 1/01/09, did you offer any networks on an individual basis? (yes or no) *	
* If yes, complete the Columns under the heading "Networks Purchased Individually" in Section R: the Channel Lineup Section of this questionnaire.	

P. Commercial Leased Access

	1/01/09
--	----------------

Section Q. Cable Telephony/Voice Services and Internet Access Service

Question 10 asked for system capacity and the question below asks for the amount of that capacity which is devoted to upstream and downstream Internet access and/or telephony/voice services. For example, if devoted capacity is 9 MHz upstream and 3 MHz downstream, the answer to the question below would be 12. If no capacity is devoted, enter 0. Note that telephony/voice services could be provided using Internet access capacity or on a circuit switched basis using separate bandwidth. In the case of circuit switched, add together the separate Internet and telephony/voice bandwidths.

	1/01/08	1/01/09
112. Of the amount of capacity reported in Question 10, how much MHz is devoted to cable telephony / voice services / Internet Access?		

R. Channel Lineup

Number Of Channels (January 1, 2009)	Number of channels				Also on Family Tier	Networks Purchased Individually		
	Basic Cable Service Tier	Cable Prog. Service Tier	Major Digital Tier	Other Networks		Price	System Subscribers Purchasing	Service level required (basic, digital, etc.)
Total from below					--	--	--	
Number of local broadcast stations					--	--	--	
Local broadcast stations above for which a separate digital channel is carried	--	--			--	--	--	
Local broadcast multicast sub-channels sent by broadcasters, which you carry as a separate channel, not including the main digital programming	--	--	--		--	--	--	

channel in the above row								
Public, educational & government access					--	--	--	--
Channels of state and local origination which are similar to PEG content, but not technically a PEG channel, such as a state legislative network					--	--	--	--
Commercial leased access channels					--	--	--	--
Channel Name	Basic Cable Service Tier	Cable Prog. Service Tier	Major Digital Tier	Other Networks	Also on Family Tier	Price	System Subscriber Purchasing	Service level required (basic, digital, etc.)

Section S. Must-Carry Broadcast Stations

The following refers to local broadcast stations your system carries and whether those stations can be viewed in analog, standard definition (SD) digital, and high definition (HD) digital format. If a station is carried half-time, count ".5" (for one-half).

	02/18/09
113. Number of must-carry stations carried on the basic tier (count station once only, even if carried in analog & digital)	
114. Stations in Question 113 that can be viewed on an analog channel, and separately on another channel in SD digital or HD digital format	
115. Stations in Question 113 that can be viewed in HD digital format	

Some broadcasters send multiple streams of digital programming, and Question 116 asks how many channels are devoted to such multicast programming **other than** the primary broadcast channels reported in Question 113.

116. Number of multicast channels	
Answer "yes" to one of Questions 117a - 117f, or explain in 117g, the scenario which best describes the way local broadcast signals from must-carry stations are sent from the cable headend to subscribers.	
117a. System is analog only. Analog broadcast signals are received at the headend and sent to subscribers in analog format. No headend equipment is in place to convert a digital broadcast signal to analog format	
117b. System is analog only. Signals are sent in analog format from headend to subscribers. Headend equipment is in place to convert a broadcaster's digital signal to analog format, in case a station is digital only	
117c. Separate analog / digital signals are sent on separate paths from the headend to be viewed by analog and digital customers, respectively. Digital signal can be either SD or HD, with an HD version being converted by a SD digital subscriber's set-top box to SD format	
117d. Separate analog / SD digital / HD digital signals are sent from the headend to be viewed by analog, SD digital, and HD digital customers, respectively	
117e. SD digital signals only are sent from the headend, and the set-top box can convert the signals to analog format for viewing on analog television	
117f. HD digital signals only are sent from the headend, and the set-top box can convert the signals to SD digital format, and then to analog format if necessary	
117g. Explain:	

Section T. Equipment

	2/18/2009
118. Can subscribers lease an analog converter? (yes/no)	
119. Number of subscribers leasing an analog converter	
120. Can subscribers lease a standard definition (non-HD) digital converter? (yes/no)	
121. Number of subscribers leasing a non-HD digital converter	
122. Can subscribers lease a high definition (HD) digital converter? (yes/no)	
123. Number of subscribers leasing an HD digital converter	

124. Can subscribers lease a single stream (S-Card) CableCARD? (yes or no)	
125. Number of subscribers leasing an S-Card	
126. Can subscribers lease a multi-stream (M-Card) CableCARD? (yes or no)	
127. Number of subscribers leasing an M-Card	

FCC NOTICE REQUIRED BY THE PAPERWORK REDUCTION ACT

We have estimated that each response to this collection of information will take, on average, 10 hours. Our estimate includes the time to read the instructions, look through existing records, gather and maintain required data, and actually complete and review the response. If you have any comments on this estimate, or on how we can improve the collection and reduce the burden it causes you, please write to the Federal Communications Commission, AMD-PER, Paperwork Reduction Project (3060-0647), Washington, D.C. 20554. We will also accept your comments via the Internet if you send them to PRA@fcc.gov. Remember - you are not required to respond to a collection of information sponsored by the Federal government, and the government may not conduct or sponsor this collection, unless it displays a currently valid OMB control number or if we fail to provide you with this notice. This collection has been assigned an OMB control number of 3060-0647.
