Dear Reporter:

Please report the processing tomato acreage and tonnage contracted by your firm for the 2008 crop. This information is requested by the Department of Agriculture in conjunction with the California League of Food Processors. If contracting is not yet complete, data on probable additional acreage and tons to be acquired would be appreciated.

Response to this survey is voluntary and not required by law. However, a report is needed from each processor to provide reliable information of value to the industry. Information from individual firms will be kept **confidential** with only county and State totals released. The results of this survey will be available May 30 after 12:00 noon. A postage-paid envelope is enclosed for your convenience or you may fax the report to 1-888-478-5637. If you have any questions, please call Courtney Charles at 1-800-851-1127, Ext. 127. Thank you!

1. California contract acreage and tons of tomatoes for processing in 2008 (include both round and pear types). Enter both acres and tons, either by reporting acreage and deriving tons or by reporting tons and deriving acres. Completing both columns based on your knowledge will be more accurate than an estimate made by this office.

Method of Reporting (Check One): Tonnage converted to acres ☐ = 1
Acreage converted to tons ☐ = 2
