

## **Justification for Nonmaterial/Nonsubstantive Change**

**0938-0760; CMS-R-245**

We are submitting a change worksheet for 0938-0760 to update the collection instrument. In the process of updating the item by item guidance for the OASIS-C data set, we identified some typographical and wording errors that need to be addressed in a few of the data items. As part of this submission, we included a revised collection instrument and a crosswalk that lists the nonmaterial changes and the reasons for the changes.
