Survey Instructions

- ◆ Please report data for the calendar year 2008 (January 1 through December 31).
- ◆ For the purpose of this survey, a **youth gang** is defined as "a group of youths or young adults in your jurisdiction that you or other responsible persons in your agency or community are willing to identify or classify as a *gang*." DO NOT include motorcycle gangs, hate or ideology groups, prison gangs, or other exclusively adult gangs. Please base your responses on your records, your personal knowledge, and/or consultations with other agency personnel who are familiar with youth gangs.
- ◆ The terms "youth" and "juvenile" are not synonymous. The term "youth" is more general than the term "juvenile," which is a legal designation statutorily defined within each state. Throughout this survey, the term "youth gang" is used to capture information about gangs that is not restricted to juvenile-aged members, but also may include young adults (see "youth gang" definition above).
- ◆ Police departments should report only for their cities/towns.
- ◆ Sheriffs' departments should report only for their unincorporated service areas. Please exclude any contracted jurisdictions.

9. Many agencies use specific criteria to designate or identify individuals as gang members (not gang associates). Six of these criteria are listed below. Please order the following items (from 1 to 6) by frequency of use in your agency.

- 1= Most frequently used criterion (on this list) to identify gang membership.
- 6= Least frequently used criterion (on this list) to identify gang membership.

- _____ The individual has been designated a gang member by another law enforcement or criminal justice agency.
- _____ The individual is identified as a gang member by a reliable informant.
- _____ The individual claims to be a gang member in a custodial setting (e.g., booking, detention, confinement).
- _____ The individual claims to be a gang member in a noncustodial setting.
- _____ The individual displays symbols of gang membership such as items of clothing, "colors," tattoos, and/or hand signs.
- _____ The individual is known to associate with and/or has been arrested with known gang members.

For the purposes of this survey, gang crime is defined as:

Member-Based—A crime in which a gang member(s) is either the perpetrator or the victim, regardless of the motive, or

Motive-Based—A crime committed by a gang member(s) in which the underlying reason is to further the interests and activities of the gang.

- 10. Please indicate the number of member-based homicides involving youth gang members that occurred in your jurisdiction during 2008.**
