**Description:** The National Defense Authorization Act for Fiscal Year 2008, Public Law 110-181, was enacted on January 28, 2008. Section 1105 of P.L. 110-181 amended the Federal Employees' Compensation Act (FECA) creating a new section 8102a effective upon enactment. This section will establish a new FECA death gratuity benefit for eligible beneficiaries of federal employees and Non-Appropriated Fund Instrumentality (NAFI) employees who die from injuries incurred in connection with service with an Armed Force in a contingency operation. Section 8102a also permits agencies to authorize retroactive payment of the death gratuity for employees who died on or after October 7, 2001, in service with an Armed Force in the theater of operations of Operation Enduring Freedom and Operation Iraqi Freedom. To help it exercise its responsibility to administer this benefit, the Office of Workers' Compensation Programs (OWCP) has promulgated an interim final rule. The statute and regulations allow for employees to vary the statutory order of precedence for beneficiaries and to designate alternative recipients of this benefit. Form CA-40 requests the information necessary from the employee to accomplish this variance. Form CA-41 provides the means for those named beneficiaries and possible recipients to file claims for those benefits and requests information from such claimants so that OWCP may determine their eligibility for payment. Furthermore, the statute and regulations require agencies to notify OWCP immediately upon the death of a covered employee. CA-42 provides the means to accomplish this notification and requests information necessary to administer any claim for benefits resulting from such a death.

**Why are we requesting Emergency Processing?** In accordance with 5 CFR 1320.13, emergency processing of this collection is essential to the mission of the agency, and the

agency cannot reasonably comply with the normal clearance procedures under this Part because the use of normal clearance procedures is reasonably likely to prevent or disrupt the collection of information or is reasonably likely to cause a statutory deadline to be missed. The agency has taken all practicable steps to consult with interested agencies and members of the public to minimize the burden of the collection of this information.

Under 5 CFR 1320.13, it is requested that this collection be submitted and approved on an emergency basis. Under the National Defense Authorization Act for FY2008, an amendment to the FECA allows for immediate death gratuity payments to eligible survivors of Federal employees and employees of nonappropriated funded instrumentalities (NAFI) who die of injuries sustained in connection with the employee's service with an Armed Force serving in a contingency operation. While the Public Law became effective January 28, 2008, it also provides a provision in which a death gratuity may also be paid to eligible survivors of employees from certain agencies who died on or after October 7, 2001, due to injuries incurred in connection with the service of an Armed Force in the theatre of operations of Operation Enduring Freedom and Operation Iraqi Freedom.

The OWCP FECA has been delegated the authority to administer the adjudication of claims and payment of the death gratuity under new section 5 U.S.C. 8102a, and has initiated a new collection with 3 distinct forms to meet statute requirements. Because of the immediate and retroactive provisions of this Law, the Agency requests that an immediate review and authorization of this collection be approved for 180 days to

implement section 8102a. The agency will subsequently follow up with normal processing procedures to allow for the routine three-year extension of this collection.
