

Dear Brother/Sister,

About a month ago we sent you materials for a survey concerning work schedules and sleep patterns of train and engine service employees. If you have already returned your completed survey materials or are currently recording data, I thank you. If not, I hope you will reconsider participating.

The number of participants will determine the validity of the study results. Your response will help provide the statistical data necessary to better understand and mitigate fatigue-related issues specific to our craft.

Upon completion of the survey, you will receive a \$75 gift certificate for your participation. Please return your survey materials by XXXX 2010.

In solidarity,

International President, UTU>
