1 of 2)

Your reply to this questionnaire will be helpful in preparing end of season estimates. This includes final 2009 production, and the average price you received from June through November of this year. The sales and price information is used to prepare a preliminary season average price and value. Do not report a range in prices. Report your best estimate of the average price and quantity for each type shown.

Response to this survey is voluntary and is not required by law. Individual reports are confidential and used only to prepare State and National estimates. Your general comments about the crop and prices would be very helpful. Please mail this report in the enclosed envelope which does not require a stamp.

Please make corrections to name, address and Zip Code, if necessary.
