According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless displays a valid OMB control number. The valid OMB control number for this information collection is 0579-0090. The time required to complete this information collection is estimated to average .17 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

OMB Approved 0579-0090

UNITED STATES DEPARTMENT OF AGRICULTURE ANIMAL AND PLANT HEALTH INSPECTION SERVICE VETERINARY SERVICES

## PARASITE SUBMISSION FORM

NATIONAL VETERINARY SERVICES LABORATORIES 1920 Dayton Avenue Ames, IA 50010 Phone: (515) 337-7266

|  |                             |   | THOR  | c. (313) 337 7200               |  |
|--|-----------------------------|---|---|---------------------------------|--|
| INSTRUCTIONS: Print in penc enroute.                   | il or type. Prepare separat | e form or each species of animal. Form to a | accompany specimen. Package spec                      | cimens well to prevent breakage |  |
| 1. Submitter's Name                                    |                             | 2. NVSL Submitter ID                        | 17. Specimen ID                                       | 18. Date collected              |  |
| 3. Name of Business                                    |                             |   | 19. County in which collected                         | 22. Premises ID                 |  |
| 4. Address   |                             |   | 20. State in which collected                          | 23. Latitude                    |  |
| 5. City  | 6. State                    | 7. ZIP Code                                 | 21. Country in which collected                        | 24. Longitude                   |  |
| 8. Phone (Area Code) 9. Fax                            |                             | ). Fax                                      | 25. Host origin                                       |                                 |  |
| 10. Email  |                             |   | 26. Host Species (cow, horse, sheep, dog, etc.)       |                                 |  |
| 11. Owner's Name                                       |                             |   | 27. Where found on host (head, ear, flank, back, etc) |                                 |  |
| 12. City   | 13. State                   | 14. ZIP Code                                | 28. Animal ID   |                                 |  |

**INSTRUCTIONS: Print in pencil or type. Form must accompany specimen. Package specimens to prevent leakage en route.** Despite best efforts. Specimen vials may break or leak alcohol in transit; when that happens, accompanying forms that were completed in ink may become illegible.

- 1-10. Submitter Information: If the submitter has an ID assigned previously by the NVSL, give the name of the submitter and that ID. For new submitters, or if the ID is not known, please also give the name of the business, mailing address, e-mail address, and telephone and FAX numbers, to whom the identification report will be sent.
- 11-14. Owner Information: Give the name, city, Sate, and ZIP Code of the owner of the host animal.
- 15. Collector's name: For multiple collectors, additional names may be given in History or additional information (Field 31).
- 16. Port: Enter the port of entry, if applicable.
- 17. Specimen ID: The collector may indicate an identifier for a sample, usually denoting samples taken in series (1, 2, 3, etc.). Please also put that number or other identifier on or in the associated sample container. See also instructions for Referral number (Field 34).
- 18. Date collected: Enter the calendar date on which the sample was collected from the host animal.
- 19-21. County, State, and country in which (specimens) collected: Specify country only for non-USA collection locales.
- 22-24. Premises ID, Latitude, and Longitude: Give the Premises ID and geographical coordinates (if known). List coordinates as decimal degrees when possible (e.g., N27.087821 and W92.021484).
- 25. Host origin: Indicate the county, state, and country (if not the USA) of origin of the host animal.
- 26. Host species (Cow, horse, sheep, dog, etc.): State the host species from which the parasites were collected. Give only one species, be as specific as possible, and avoid generic terms like "equine", "avian", "reptile", "canine", "feline", etc. Use a separate parasite submission form for each host species. If using "deer", list the kind of deer (white-tailed, mule, etc.). For convenience, names used as examples may be encircled or underlined.
- 27. Where found on host (head, ear, flank, back, etc.): Indicate one or more anatomical sites where the specimen(s) was or were found. Names used as examples may be encircled or underlined.
- 28. Animal ID: Give ear/back tag numbers, animal name, or other information that identifies the host animal.
- 29. No. (Number of) animals in lot: Give a count or estimate of the number of individual animals in the group from which the collection was made.
- 30. No. (Number of) animals infested: Give a count or estimate of the number of individual animals in the lot that were infested with parasites; this count will be less than or equal to the number in the lot.
- 31. History or additional information: This field is open-ended, and may be used to include any additional information pertinent to the collection (e.g., locale, history, quarantine status, additional collectors, etc), observations on host animal condition, or additional details. This field also may be used for notes or requests to the identifier(s).

Fields 32-35 are for tentative identifications made at a field laboratory.

34. Referral number: Give submitter's unique identification number assigned to the sample (e.g., foreign animal disease [FAD] investigation number).

Fields 36-40 are for NVSL use only.
