

the outstanding principal balance of the loan being assumed.

(b) *CSA fees.* The CSA may charge an initiation fee on each loan and a monthly servicing fee under the terms of the Master Servicing Agreement.

(c) *Other agent fees.* Agent fees and charges necessary to market and service Debentures and Certificates may be assessed to the Borrower or the investor. The fees must be approved by SBA and published periodically in the FEDERAL REGISTER.

(d) *SBA fees.* (1) SBA charges a 0.5 percent guarantee fee on the Debenture.

(2) For loans approved by SBA after September 30, 1996, SBA charges a fee of not more than 0.9375 percent annually on the unpaid principal balance of the loan as determined at five-year anniversary intervals.

(e) *Miscellaneous fees.* A funding fee not to exceed 0.25 percent of the Debenture may be charged to cover costs incurred by the trustee, fiscal agent, transfer agent.

[61 FR 3235, Jan. 31, 1996, as amended at 64 FR 2119, Jan. 13, 1999; 68 FR 57988, Oct. 7, 2003]

§ 120.972 Third Party Lender participation fee and CDC fee.

(a) *Participation fee.* For loans approved by SBA after September 30, 1996, SBA must collect a one-time fee equal to 50 basis points on the Third Party Lender's participation in a Project when the Third Party Lender occupies a senior credit position to SBA in the Project.

(b) *CDC fee.* For loans approved by SBA after September 30, 1996, SBA must collect an annual fee from the CDC equal to 0.125 percent of the outstanding principal balance of the Debenture. The fee must be paid from the servicing fees collected by the CDC and cannot be paid from any additional fees imposed on the Borrower.

[68 FR 57988, Oct. 7, 2003]

ENFORCEABILITY OF 501, 502 AND 503
LOANS AND OTHER LAWS

§ 120.990 501, 502 and 503 loans.

SBA has discontinued loan programs for 501, 502, and 503 loans. Outstanding loans remain under these programs,

and Borrowers, CDCs, and SBA must comply with the terms and conditions of the corresponding notes and Debentures, and the regulations in this part in effect when the obligations were undertaken or last in effect, if applicable.

§ 120.991 Effect of other laws.

No State or local law may preclude or limit SBA's exercise of its rights with respect to notes, guarantees, Debentures and Debenture Pools, or of its enforcement rights to foreclose on collateral.

PART 121—SMALL BUSINESS SIZE REGULATIONS

Subpart A—Size Eligibility Provisions and Standards

PROVISIONS OF GENERAL APPLICABILITY

Sec.

- 121.101 What are SBA size standards?
- 121.102 How does SBA establish size standards?
- 121.103 How does SBA determine affiliation?
- 121.104 How does SBA calculate annual receipts?
- 121.105 How does SBA define "business concern or concern"?
- 121.106 How does SBA calculate number of employees?
- 121.107 How does SBA determine a concern's "primary industry"?
- 121.108 What are the penalties for misrepresentation of size status?

SIZE STANDARDS USED TO DEFINE SMALL
BUSINESS CONCERNS

- 121.201 What size standards has SBA identified by North American Industry Classification System codes?

SIZE ELIGIBILITY REQUIREMENTS FOR SBA
FINANCIAL ASSISTANCE

- 121.301 What size standards are applicable to financial assistance programs?
- 121.302 When does SBA determine the size status of an applicant?
- 121.303 What size procedures are used by SBA before it makes a formal size determination?
- 121.304 What are the size requirements for refinancing an existing SBA loan?
- 121.305 What size eligibility requirements exist for obtaining financial assistance relating to particular procurements?

SIZE ELIGIBILITY REQUIREMENTS FOR
GOVERNMENT PROCUREMENT

- 121.401 What procurement programs are subject to size determinations?

- 121.402 What size standards are applicable to Federal Government Contracting programs?
- 121.403 Are SBA size determinations and NAICS code designations binding on parties?
- 121.404 When does SBA determine the size status of a business concern?
- 121.405 May a business concern self-certify its small business size status?
- 121.406 How does a small business concern qualify to provide manufactured products under small business set-aside or 8(a) contracts?
- 121.407 What are the size procedures for multiple item procurements?
- 121.408 What are the size procedures for SBA's Certificate of Competency Program?
- 121.409 What size standard applies in an unrestricted procurement for Certificate of Competency purposes?
- 121.410 What are the size standards for SBA's Section 8(d) Subcontracting Program?
- 121.411 What are the size procedures for SBA's Section 8(d) Subcontracting Program?
- 121.412 What are the size procedures for partial small business set-asides?
- 121.413 [Reserved]

SIZE ELIGIBILITY REQUIREMENTS FOR SALES OR LEASE OF GOVERNMENT PROPERTY

- 121.501 What programs for sales or leases of Government property are subject to size determinations?
- 121.502 What size standards are applicable to programs for sales or leases of Government property?
- 121.503 Are SBA size determinations binding on parties?
- 121.504 When does SBA determine the size status of a business concern?
- 121.505 What is the effect of a self-certification?
- 121.506 What definitions are important for sales or leases of Government-owned timber?
- 121.507 What are the size standards and other requirements for the purchase of Government-owned timber (other than Special Salvage Timber)?
- 121.508 What are the size standards and other requirements for the purchase of Government-owned Special Salvage Timber?
- 121.509 What is the size standard for leasing of Government land for coal mining?
- 121.510 What is the size standard for leasing of Government land for uranium mining?
- 121.511 What is the size standard for buying Government-owned petroleum?
- 121.512 What is the size standard for stock-pile purchases?

SIZE ELIGIBILITY REQUIREMENTS FOR THE 8(A) BUSINESS DEVELOPMENT PROGRAM

- 121.601 What is a small business for purposes of admission to SBA's 8(a) Business Development program?
- 121.602 At what point in time must a 8(a) BD applicant be small?
- 121.603 How does SBA determine whether a Participant is small for a particular 8(a) BD subcontract?
- 121.604 Are 8(a) BD Participants considered small for purposes of other SBA assistance?

SIZE ELIGIBILITY REQUIREMENTS FOR THE SMALL BUSINESS INNOVATION RESEARCH (SBIR) PROGRAM

- 121.701 What SBIR programs are subject to size determinations?
- 121.702 What size standards are applicable to the SBIR program?
- 121.703 Are formal size determinations binding on parties?
- 121.704 When does SBA determine the size status of a business concern?
- 121.705 Must a business concern self-certify its size status?

SIZE ELIGIBILITY REQUIREMENTS FOR PAYING REDUCED PATENT FEES

- 121.801 May patent fees be reduced if a concern is small?
- 121.802 What size standards are applicable to reduced patent fees programs?
- 121.803 Are formal size determinations binding on parties?
- 121.804 When does SBA determine the size status of a business concern?
- 121.805 May a business concern self-certify its size status?

SIZE ELIGIBILITY REQUIREMENTS FOR COMPLIANCE WITH PROGRAMS OF OTHER AGENCIES

- 121.901 Can other Government agencies obtain SBA size determinations?
- 121.902 What size standards are applicable to programs of other agencies?
- 121.903 How may an agency use size standards for its programs that are different than those established by SBA?
- 121.904 When does SBA determine the size status of a business concern?

PROCEDURES FOR SIZE PROTESTS AND REQUESTS FOR FORMAL SIZE DETERMINATIONS

- 121.1001 Who may initiate a size protest or a request for formal size determination?
- 121.1002 Who makes a formal size determination?
- 121.1003 Where should a size protest be filed?
- 121.1004 What time limits apply to size protests?
- 121.1005 How must a protest be filed with the contracting officer?

- 121.1006 When will a size protest be referred to an SBA Government Contracting Area Office?
- 121.1007 Must a protest of size status relate to a particular procurement and be specific?
- 121.1008 What occurs after SBA receives a size protest or request for a formal size determination?
- 121.1009 What are the procedures for making the size determination?
- 121.1010 How does a concern become recertified as a small business?

APPEALS OF SIZE DETERMINATIONS AND NAICS CODE DESIGNATIONS

- 121.1101 Are formal size determinations subject to appeal?
- 121.1102 Are NAICS code designations subject to appeal?
- 121.1103 What are the procedures for appealing an NAICS code designation?

Subpart B—Other Applicable Provisions

WAIVERS OF THE NONMANUFACTURER RULE FOR CLASSES OF PRODUCTS AND INDIVIDUAL CONTRACTS

- 121.1201 What is the Nonmanufacturer Rule?
- 121.1202 When will a waiver of the Nonmanufacturer Rule be granted for a class of products?
- 121.1203 When will a waiver of the Nonmanufacturer Rule be granted for an individual contract?
- 121.1204 What are the procedures for requesting and granting waivers?
- 121.1205 How is a list of previously granted class waivers obtained?

AUTHORITY: 15 U.S.C. 632, 634(b)(6), 636(b), 637(a), 644, and 662(5); and Pub. L. 105–135, sec. 401 *et seq.*, 111 Stat. 2592.

Subpart A—Size Eligibility Provisions and Standards

PROVISIONS OF GENERAL APPLICABILITY

§ 121.101 What are SBA size standards?

(a) SBA’s size standards define whether a business entity is small and, thus, eligible for Government programs and preferences reserved for “small business” concerns. Size standards have been established for types of economic activity, or industry, generally under the North American Industry Classification System (NAICS).

(b) NAICS is described in the *North American Industry Classification Manual—United States*, which is available

from the National Technical Information Service, 5285 Port Royal Road, Springfield, VA 22161; by calling 1(800) 553-6847 or 1(703) 605-6000; or via the Internet at <http://www.ntis.gov/yellowbk/Inty205.htm>. The manual includes definitions for each industry, tables showing relationships between 1997 NAICS and 1987 SICs, and a comprehensive index. NAICS assigns codes to all economic activity within twenty broad sectors. Section 121.201 provides a full table of small business size standards matched to the U.S. NAICS industry codes. A full table matching a size standard with each NAICS Industry or U.S. Industry code is also published annually by SBA in the FEDERAL REGISTER.

[65 FR 30840, May 15, 2000, as amended at 67 FR 52602, Aug. 13, 2002]

§ 121.102 How does SBA establish size standards?

(a) SBA considers economic characteristics comprising the structure of an industry, including degree of competition, average firm size, start-up costs and entry barriers, and distribution of firms by size. It also considers technological changes, competition from other industries, growth trends, historical activity within an industry, unique factors occurring in the industry which may distinguish small firms from other firms, and the objectives of its programs and the impact on those programs of different size standard levels.

(b) As part of its review of a size standard, SBA will investigate if any concern at or below a particular standard would be dominant in the industry. SBA will take into consideration market share of a concern and other appropriate factors which may allow a concern to exercise a major controlling influence on a national basis in which a number of business concerns are engaged. Size standards seek to ensure that a concern that meets a specific size standard is not dominant in its field of operation.

(c) As part of its review of size standards, SBA’s Office of Size Standards will examine the impact of inflation on monetary-based size standards (*e.g.*, receipts, net income, assets) at least once every five years and submit a report to

the Administrator or designee. If SBA finds that inflation has significantly eroded the value of the monetary-based size standards, it will issue a proposed rule to increase size standards.

(d) Please address any requests to change existing size standards or establish new ones for emerging industries to the Assistant Administrator for Size Standards, Small Business Administration, 409 3rd Street, SW., Washington, DC 20416.

[61 FR 3286, Jan. 31, 1996, as amended at 67 FR 3045, Jan. 23, 2002]

§ 121.103 How does SBA determine affiliation?

(a) *General Principles of Affiliation.* (1) Concerns and entities are affiliates of each other when one controls or has the power to control the other, or a third party or parties controls or has the power to control both. It does not matter whether control is exercised, so long as the power to control exists.

(2) SBA considers factors such as ownership, management, previous relationships with or ties to another concern, and contractual relationships, in determining whether affiliation exists.

(3) Control may be affirmative or negative. Negative control includes, but is not limited to, instances where a minority shareholder has the ability, under the concern's charter, by-laws, or shareholder's agreement, to prevent a quorum or otherwise block action by the board of directors or shareholders.

(4) Affiliation may be found where an individual, concern, or entity exercises control indirectly through a third party.

(5) In determining whether affiliation exists, SBA will consider the totality of the circumstances, and may find affiliation even though no single factor is sufficient to constitute affiliation.

(6) In determining the concern's size, SBA counts the receipts, employees, or other measure of size of the concern whose size is at issue and all of its domestic and foreign affiliates, regardless of whether the affiliates are organized for profit.

(b) *Exceptions to affiliation coverage.*

(1) Business concerns owned in whole or substantial part by investment companies licensed, or development companies qualifying, under the Small Business

Investment Act of 1958, as amended, are not considered affiliates of such investment companies or development companies.

(2)(i) Business concerns owned and controlled by Indian Tribes, Alaska Native Corporations (ANCs) organized pursuant to the Alaska Native Claims Settlement Act (43 U.S.C. 1601 *et seq.*), Native Hawaiian Organizations (NHOs), Community Development Corporations (CDCs) authorized by 42 U.S.C. 9805, or wholly-owned entities of Indian Tribes, ANCs, NHOs, or CDCs are not considered affiliates of such entities.

(ii) Business concerns owned and controlled by Indian Tribes, ANCs, NHOs, CDCs, or wholly-owned entities of Indian Tribes, ANCs, NHOs, or CDCs are not considered to be affiliated with other concerns owned by these entities because of their common ownership or common management. In addition, affiliation will not be found based upon the performance of common administrative services, such as bookkeeping and payroll, so long as adequate payment is provided for those services. Affiliation may be found for other reasons.

(3) Business concerns which are part of an SBA approved pool of concerns for a joint program of research and development as authorized by the Small Business Act are not affiliates of one another because of the pool.

(4) Business concerns which lease employees from concerns primarily engaged in leasing employees to other businesses or which enter into a co-employer arrangement with a Professional Employer Organization (PEO) are not affiliated with the leasing company or PEO solely on the basis of a leasing agreement.

(5) For financial, management or technical assistance under the Small Business Investment Act of 1958, as amended, (an applicant is not affiliated with the investors listed in paragraphs (b)(5) (i) through (vi) of this section.

(i) Venture capital operating companies, as defined in the U.S. Department of Labor regulations found at 29 CFR 2510.3-101(d);

(ii) Employee benefit or pension plans established and maintained by the Federal government or any state, or their political subdivisions, or any

agency or instrumentality thereof, for the benefit of employees;

(iii) Employee benefit or pension plans within the meaning of the Employee Retirement Income Security Act of 1974, as amended (29 U.S.C. 1001, *et seq.*);

(iv) Charitable trusts, foundations, endowments, or similar organizations exempt from Federal income taxation under section 501(c) of the Internal Revenue Code of 1986, as amended (26 U.S.C. 501(c));

(v) Investment companies registered under the Investment Company Act of 1940, as amended (1940 Act) (15 U.S.C. 80a-1, *et seq.*); and

(vi) Investment companies, as defined under the 1940 Act, which are not registered under the 1940 Act because they are beneficially owned by less than 100 persons, if the company's sales literature or organizational documents indicate that its principal purpose is investment in securities rather than the operation of commercial enterprises.

(6) A protegee firm is not an affiliate of a mentor firm solely because the protegee firm receives assistance from the mentor firm under Federal Mentor-Protegee programs. Affiliation may be found for other reasons.

(7) The member shareholders of a small agricultural cooperative, as defined in the Agricultural Marketing Act (12 U.S.C. 1141j), are not considered affiliated with the cooperative by virtue of their membership in the cooperative.

(c) *Affiliation based on stock ownership.* (1) A person (including any individual, concern or other entity) that owns, or has the power to control, 50 percent or more of a concern's voting stock, or a block of voting stock which is large compared to other outstanding blocks of voting stock, controls or has the power to control the concern.

(2) If two or more persons (including any individual, concern or other entity) each owns, controls, or has the power to control less than 50 percent of a concern's voting stock, and such minority holdings are equal or approximately equal in size, and the aggregate of these minority holdings is large as compared with any other stock holding, SBA presumes that each such per-

son controls or has the power to control the concern whose size is at issue. This presumption may be rebutted by a showing that such control or power to control does not in fact exist.

(3) If a concern's voting stock is widely held and no single block of stock is large as compared with all other stock holdings, the concern's Board of Directors and CEO or President will be deemed to have the power to control the concern in the absence of evidence to the contrary.

(d) *Affiliation arising under stock options, convertible securities, and agreements to merge.* (1) In determining size, SBA considers stock options, convertible securities, and agreements to merge (including agreements in principle) to have a present effect on the power to control a concern. SBA treats such options, convertible securities, and agreements as though the rights granted have been exercised.

(2) Agreements to open or continue negotiations towards the possibility of a merger or a sale of stock at some later date are not considered "agreements in principle" and are thus not given present effect.

(3) Options, convertible securities, and agreements that are subject to conditions precedent which are incapable of fulfillment, speculative, conjectural, or unenforceable under state or Federal law, or where the probability of the transaction (or exercise of the rights) occurring is shown to be extremely remote, are not given present effect.

(4) An individual, concern or other entity that controls one or more other concerns cannot use options, convertible securities, or agreements to appear to terminate such control before actually doing so. SBA will not give present effect to individuals', concerns' or other entities' ability to divest all or part of their ownership interest in order to avoid a finding of affiliation.

(e) *Affiliation based on common management.* Affiliation arises where one or more officers, directors, managing members, or partners who control the board of directors and/or management of one concern also control the board of directors or management of one or more other concerns.

(f) *Affiliation based on identity of interest.* Affiliation may arise among two or more persons with an identity of interest. Individuals or firms that have identical or substantially identical business or economic interests (such as family members, individuals or firms with common investments, or firms that are economically dependent through contractual or other relationships) may be treated as one party with such interests aggregated. Where SBA determines that such interests should be aggregated, an individual or firm may rebut that determination with evidence showing that the interests deemed to be one are in fact separate.

(g) *Affiliation based on the newly organized concern rule.* Affiliation may arise where former officers, directors, principal stockholders, managing members, or key employees of one concern organize a new concern in the same or related industry or field of operation, and serve as the new concern's officers, directors, principal stockholders, managing members, or key employees, and the one concern is furnishing or will furnish the new concern with contracts, financial or technical assistance, indemnification on bid or performance bonds, and/or other facilities, whether for a fee or otherwise. A concern may rebut such an affiliation determination by demonstrating a clear line of fracture between the two concerns. A "key employee" is an employee who, because of his/her position in the concern, has a critical influence in or substantive control over the operations or management of the concern.

(h) *Affiliation based on joint ventures.* A joint venture is an association of individuals and/or concerns with interests in any degree or proportion by way of contract, express or implied, consorting to engage in and carry out no more than three specific or limited-purpose business ventures for joint profit over a two year period, for which purpose they combine their efforts, property, money, skill, or knowledge, but not on a continuing or permanent basis for conducting business generally. This means that the joint venture entity cannot submit more than three offers over a two year period, starting from the date of the submission of the first offer. A joint venture

may or may not be in the form of a separate legal entity. The joint venture is viewed as a business entity in determining power to control its management. SBA may also determine that the relationship between a prime contractor and its subcontractor is a joint venture, and that affiliation between the two exists, pursuant to paragraph (h)(4) of this section.

(1) Parties to a joint venture are affiliates if any one of them seeks SBA financial assistance for use in connection with the joint venture.

(2) Except as provided in paragraph (h)(3) of this section, concerns submitting offers on a particular procurement or property sale as joint venturers are affiliated with each other with regard to the performance of that contract.

(3) *Exception to affiliation for certain joint ventures.* (i) A joint venture of two or more business concerns may submit an offer as a small business for a Federal procurement without regard to affiliation under paragraph (h) of this section so long as each concern is small under the size standard corresponding to the NAICS code assigned to the contract, provided:

(A) The procurement qualifies as a "bundled" requirement, at any dollar value, within the meaning of § 125.2(d)(1)(i) of this chapter; or

(B) The procurement is other than a "bundled" requirement within the meaning of § 125.2(d)(1)(i) of this chapter, and:

(1) For a procurement having a receipts based size standard, the dollar value of the procurement, including options, exceeds half the size standard corresponding to the NAICS code assigned to the contract; or

(2) For a procurement having an employee-based size standard, the dollar value of the procurement, including options, exceeds \$10 million.

(ii) A joint venture of at least one 8(a) Participant and one or more other business concerns may submit an offer for a competitive 8(a) procurement without regard to affiliation under paragraph (h) of this section so long as the requirements of § 124.513(b)(1) of this chapter are met.

(iii) Two firms approved by SBA to be a mentor and protégé under 13 CFR 124.520 may joint venture as a small

business for any Federal Government procurement, provided the protégé qualifies as small for the size standard corresponding to the NAICS code assigned to the procurement and, for purposes of 8(a) sole source requirements, has not reached the dollar limit set forth in 13 CFR 124.519.

(4) A contractor and its ostensible subcontractor are treated as joint venturers, and therefore affiliates, for size determination purposes. An ostensible subcontractor is a subcontractor that performs primary and vital requirements of a contract, or of an order under a multiple award schedule contract, or a subcontractor upon which the prime contractor is unusually reliant. All aspects of the relationship between the prime and subcontractor are considered, including, but not limited to, the terms of the proposal (such as contract management, technical responsibilities, and the percentage of subcontracted work), agreements between the prime and subcontractor (such as bonding assistance or the teaming agreement), and whether the subcontractor is the incumbent contractor and is ineligible to submit a proposal because it exceeds the applicable size standard for that solicitation.

(5) For size purposes, a concern must include in its receipts its proportionate share of joint venture receipts, and in its total number of employees its proportionate share of joint venture employees.

(i) *Affiliation based on franchise and license agreements.* The restraints imposed on a franchisee or licensee by its franchise or license agreement relating to standardized quality, advertising, accounting format and other similar provisions, generally will not be considered in determining whether the franchisor or licensor is affiliated with the franchisee or licensee provided the franchisee or licensee has the right to profit from its efforts and bears the risk of loss commensurate with ownership. Affiliation may arise, however, through other means, such as common ownership, common management or ex-

cessive restrictions upon the sale of the franchise interest.

[61 FR 3286, Jan. 31, 1996, as amended at 62 FR 26381, May 14, 1997; 63 FR 35738, June 30, 1998; 64 FR 57370, Oct. 25, 1999; 65 FR 30840, May 15, 2000; 65 FR 35812, June 6, 2000; 65 FR 45833, July 26, 2000; 69 FR 29201, May 21, 2004; 70 FR 51248, Aug. 30, 2005]

§ 121.104 How does SBA calculate annual receipts?

(a) *Receipts* means “total income” (or in the case of a sole proprietorship, “gross income”) plus “cost of goods sold” as these terms are defined and reported on Internal Revenue Service (IRS) tax return forms (such as Form 1120 for corporations; Form 1120S and Schedule K for S corporations; Form 1120, Form 1065 or Form 1040 for LLCs; Form 1065 and Schedule K for partnerships; Form 1040, Schedule F for farms; Form 1040, Schedule C for other sole proprietorships). Receipts do not include net capital gains or losses; taxes collected for and remitted to a taxing authority if included in gross or total income, such as sales or other taxes collected from customers and excluding taxes levied on the concern or its employees; proceeds from transactions between a concern and its domestic or foreign affiliates; and amounts collected for another by a travel agent, real estate agent, advertising agent, conference management service provider, freight forwarder or customs broker. For size determination purposes, the only exclusions from receipts are those specifically provided for in this paragraph. All other items, such as subcontractor costs, reimbursements for purchases a contractor makes at a customer’s request, and employee-based costs such as payroll taxes, may not be excluded from receipts.

(1) The Federal income tax return and any amendments filed with the IRS on or before the date of self-certification must be used to determine the size status of a concern. SBA will not use tax returns or amendments filed with the IRS after the initiation of a size determination.

(2) When a concern has not filed a Federal income tax return with the IRS for a fiscal year which must be included in the period of measurement,

SBA will calculate the concern's annual receipts for that year using any other available information, such as the concern's regular books of account, audited financial statements, or information contained in an affidavit by a person with personal knowledge of the facts.

(b) *Completed fiscal year* means a taxable year including any short year. "Taxable year" and "short year" have the meanings attributed to them by the IRS.

(c) *Period of measurement.* (1) Annual receipts of a concern that has been in business for three or more completed fiscal years means the total receipts of the concern over its most recently completed three fiscal years divided by three.

(2) Annual receipts of a concern which has been in business for less than three complete fiscal years means the total receipts for the period the concern has been in business divided by the number of weeks in business, multiplied by 52.

(3) Where a concern has been in business three or more complete fiscal years but has a short year as one of the years within its period of measurement, annual receipts means the total receipts for the short year and the two full fiscal years divided by the total number of weeks in the short year and the two full fiscal years, multiplied by 52.

(d) *Annual receipts of affiliates.* (1) The average annual receipts size of a business concern with affiliates is calculated by adding the average annual receipts of the business concern with the average annual receipts of each affiliate.

(2) If a concern has acquired an affiliate or been acquired as an affiliate during the applicable period of measurement or before the date on which it self-certified as small, the annual receipts used in determining size status includes the receipts of the acquired or acquiring concern. Furthermore, this aggregation applies for the entire period of measurement, not just the period after the affiliation arose.

(3) If the business concern or an affiliate has been in business for a period of less than three years, the receipts for the fiscal year with less than a 12

month period are annualized in accordance with paragraph (c)(2) of this section. Receipts are determined for the concern and its affiliates in accordance with paragraph (c) of this section even though this may result in using a different period of measurement to calculate an affiliate's annual receipts.

(4) The annual receipts of a former affiliate are not included if affiliation ceased before the date used for determining size. This exclusion of annual receipts of a former affiliate applies during the entire period of measurement, rather than only for the period after which affiliation ceased.

(e) Unless otherwise defined in this section, all terms shall have the meaning attributed to them by the IRS.

[61 FR 3286, Jan. 31, 1996, as amended at 65 FR 48604, Aug. 9, 2000; 69 FR 29203, May 21, 2004]

§ 121.105 How does SBA define "business concern or concern"?

(a)(1) Except for small agricultural cooperatives, a business concern eligible for assistance from SBA as a small business is a business entity organized for profit, with a place of business located in the United States, and which operates primarily within the United States or which makes a significant contribution to the U.S. economy through payment of taxes or use of American products, materials or labor.

(2) A small agricultural cooperative is an association (corporate or otherwise) acting pursuant to the provisions of the Agricultural Marketing Act (12 U.S.C.A. 1141j) whose size does not exceed the size standard established by SBA for other similar agricultural small business concerns. A small agricultural cooperative's member shareholders are not considered to be affiliates of the cooperative by virtue of their membership in the cooperative. However, a business concern or cooperative that does not qualify as small under this part may not be a member of a small agricultural cooperative.

(b) A business concern may be in the legal form of an individual proprietorship, partnership, limited liability company, corporation, joint venture,

association, trust or cooperative, except that where the form is a joint venture there can be no more than 49 percent participation by foreign business entities in the joint venture.

(c) A firm will not be treated as a separate business concern if a substantial portion of its assets and/or liabilities are the same as those of a predecessor entity. In such a case, the annual receipts and employees of the predecessor will be taken into account in determining size.

[61 FR 3286, Jan. 31, 1996, as amended at 70 FR 51248, Aug. 30, 2005]

§ 121.106 How does SBA calculate number of employees?

(a) In determining a concern's number of employees, SBA counts all individuals employed on a full-time, part-time, or other basis. This includes employees obtained from a temporary employee agency, professional employee organization or leasing concern. SBA will consider the totality of the circumstances, including criteria used by the IRS for Federal income tax purposes, in determining whether individuals are employees of a concern. Volunteers (*i.e.*, individuals who receive no compensation, including no in-kind compensation, for work performed) are not considered employees.

(b) Where the size standard is number of employees, the method for determining a concern's size includes the following principles:

(1) The average number of employees of the concern is used (including the employees of its domestic and foreign affiliates) based upon numbers of employees for each of the pay periods for the preceding completed 12 calendar months.

(2) Part-time and temporary employees are counted the same as full-time employees.

(3) If a concern has not been in business for 12 months, the average number of employees is used for each of the pay periods during which it has been in business.

(4)(i) The average number of employees of a business concern with affiliates is calculated by adding the average number of employees of the business concern with the average number of employees of each affiliate. If a con-

cern has acquired an affiliate or been acquired as an affiliate during the applicable period of measurement or before the date on which it self-certified as small, the employees counted in determining size status include the employees of the acquired or acquiring concern. Furthermore, this aggregation applies for the entire period of measurement, not just the period after the affiliation arose.

(ii) The employees of a former affiliate are not counted if affiliation ceased before the date used for determining size. This exclusion of employees of a former affiliate applies during the entire period of measurement, rather than only for the period after which affiliation ceased.

[61 FR 3286, Jan. 31, 1996, as amended at 69 FR 29203, May 21, 2004]

§ 121.107 How does SBA determine a concern's "primary industry"?

In determining the primary industry in which a concern or a concern combined with its affiliates is engaged, SBA considers the distribution of receipts, employees and costs of doing business among the different industries in which business operations occurred for the most recently completed fiscal year. SBA may also consider other factors, such as the distribution of patents, contract awards, and assets.

§ 121.108 What are the penalties for misrepresentation of size status?

In addition to other laws which may be applicable, section 16(d) of the Small Business Act, 15 U.S.C. 645(d), provides severe criminal penalties for knowingly misrepresenting the small business size status of a concern in connection with procurement programs. Section 16(a) of the Act also provides, in part, for criminal penalties for knowingly making false statements or misrepresentations to SBA for the purpose of influencing in any way the actions of the Agency.

Small Business Administration

§ 121.201

SIZE STANDARDS USED TO DEFINE
SMALL BUSINESS CONCERNS

§ 121.201 What size standards has SBA identified by North American Industry Classification System codes?

The size standards described in this section apply to all SBA programs unless otherwise specified in this part.

The size standards themselves are expressed either in number of employees or annual receipts in millions of dollars, unless otherwise specified. The number of employees or annual receipts indicates the maximum allowed for a concern and its affiliates to be considered small.

SMALL BUSINESS SIZE STANDARDS BY NAICS INDUSTRY

NAICS codes	NAICS U.S. industry title	Size standards in millions of dollars	Size standards in number of employees
Sector 11—Agriculture, Forestry, Fishing and Hunting			
Subsector 111—Crop Production			
111110	Soybean Farming	\$0.75	
111120	Oilseed (except Soybean) Farming	\$0.75	
111130	Dry Pea and Bean Farming	\$0.75	
111140	Wheat Farming	\$0.75	
111150	Corn Farming	\$0.75	
111160	Rice Farming	\$0.75	
111191	Oilseed and Grain Combination Farming	\$0.75	
111199	All Other Grain Farming	\$0.75	
111211	Potato Farming	\$0.75	
111219	Other Vegetable (except Potato) and Melon Farming	\$0.75	
111310	Orange Groves	\$0.75	
111320	Citrus (except Orange) Groves	\$0.75	
111331	Apple Orchards	\$0.75	
111332	Grape Vineyards	\$0.75	
111333	Strawberry Farming	\$0.75	
111334	Berry (except Strawberry) Farming	\$0.75	
111335	Tree Nut Farming	\$0.75	
111336	Fruit and Tree Nut Combination Farming	\$0.75	
111339	Other Noncitrus Fruit Farming	\$0.75	
111411	Mushroom Production	\$0.75	
111419	Other Food Crops Grown Under Cover	\$0.75	
111421	Nursery and Tree Production	\$0.75	
111422	Floriculture Production	\$0.75	
111910	Tobacco Farming	\$0.75	
111920	Cotton Farming	\$0.75	
111930	Sugarcane Farming	\$0.75	
111940	Hay Farming	\$0.75	
111991	Sugar Beet Farming	\$0.75	
111992	Peanut Farming	\$0.75	
111998	All Other Miscellaneous Crop Farming	\$0.75	
Subsector 112—Animal Production			
112111	Beef Cattle Ranching and Farming	\$0.75	
112112	Cattle Feedlots	\$2.00	
112120	Dairy Cattle and Milk Production	\$0.75	
112210	Hog and Pig Farming	\$0.75	
112310	Chicken Egg Production	\$11.5	
112320	Broilers and Other Meat Type Chicken Production	\$0.75	
112330	Turkey Production	\$0.75	
112340	Poultry Hatcheries	\$0.75	
112390	Other Poultry Production	\$0.75	
112410	Sheep Farming	\$0.75	
112420	Goat Farming	\$0.75	
112511	Finfish Farming and Fish Hatcheries	\$0.75	
112512	Shellfish Farming	\$0.75	
112519	Other Animal Aquaculture	\$0.75	
112910	Apiculture	\$0.75	
112920	Horse and Other Equine Production	\$0.75	
112930	Fur-Bearing Animal and Rabbit Production	\$0.75	
112990	All Other Animal Production	\$0.75	
Subsector 113—Forestry and Logging			
113110	Timber Tract Operations	\$6.5

Sector 92—Public Administration ¹⁹			

(Small business size standards are not established for this sector. Establishments in the Public Administration sector are Federal, state, and local government agencies which administer and oversee government programs and activities that are not performed by private establishments.)

Footnotes

1. *NAICS codes 221111, 221112, 221113, 221119, 221121, and 221122*—A firm is small if, including its affiliates, it is primarily engaged in the generation, transmission, and/or distribution of electric energy for sale and its total electric output for the preceding fiscal year did not exceed 4 million megawatt hours.

2. *NAICS code 237990*—Dredging: To be considered small for purposes of Government procurement, a firm must perform at least 40 percent of the volume dredged with its own equipment or equipment owned by another small dredging concern.

3. *NAICS code 311421*—For purposes of Government procurement for food canning and preserving, the standard of 500 employees excludes agricultural labor as defined in 3306(k) of the Internal Revenue Code, 26 U.S.C. 3306(k).

4. *NAICS code 324110*—For purposes of Government procurement, the petroleum refiner must be a concern that has no more than 1,500 employees nor more than 125,000 barrels per calendar day total Operable Atmospheric Crude Oil Distillation capacity. Capacity includes owned or leased facilities as well as facilities under a processing agreement or an arrangement such as an exchange agreement or a throughput. The total product to be delivered under the contract must be at least 90 percent refined by the successful bidder from either crude oil or bona fide feedstocks.

5. *NAICS code 326211*—For Government procurement, a firm is small for bidding on a contract for pneumatic tires within Census Classification codes 30111 and 30112, provided that:

(a) The value of tires within Census Classification codes 30111 and 30112 which it manufactured in the United States during the previous calendar year is more than 50 percent of the value of its total worldwide manufacture.

(b) The value of pneumatic tires within Census Classification codes 30111 and 30112 comprising its total worldwide manufacture during the preceding calendar year was less than 5 percent of the value of all such tires

manufactured in the United States during that period, and

(c) The value of the principal product which it manufactured or otherwise produced, or sold worldwide during the preceding calendar year is less than 10 percent of the total value of such products manufactured or otherwise produced or sold in the United States during that period.

6. *NAICS Subsectors 333, 334, 335 and 336*—For rebuilding machinery or equipment on a factory basis, or equivalent, use the NAICS code for a newly manufactured product. Concerns performing major rebuilding or overhaul activities do not necessarily have to meet the criteria for being a “manufacturer” although the activities may be classified under a manufacturing NAICS code. Ordinary repair services or preservation are not considered rebuilding.

7. *NAICS code 336413*—Contracts for the rebuilding or overhaul of aircraft ground support equipment on a contract basis are classified under NAICS code 336413.

8. *NAICS Codes 522110, 522120, 522130, 522190, 522210 and 522293*—A financial institution’s assets are determined by averaging the assets reported on its four quarterly financial statements for the preceding year. “Assets” for the purposes of this size standard means the assets defined according to the Federal Financial Institutions Examination Council 034 call report form.

9. *NAICS code 531190*—Leasing of building space to the Federal Government by Owners: For Government procurement, a size standard of \$19.0 million in gross receipts applies to the owners of building space leased to the Federal Government. The standard does not apply to an agent.

10. *NAICS codes 488510 (part) 531210, 541810, 561510, 561520, and 561920*—As measured by total revenues, but excluding funds received in trust for an unaffiliated third party, such as bookings or sales subject to commissions. The commissions received are included as revenues.

11. *NAICS code 541710*—For research and development contracts requiring the delivery of a manufactured product, the appropriate

size standard is that of the manufacturing industry.

(a) "Research and Development" means laboratory or other physical research and development. It does not include economic, educational, engineering, operations, systems, or other nonphysical research; or computer programming, data processing, commercial and/or medical laboratory testing.

(b) For purposes of the Small Business Innovation Research (SBIR) program only, a different definition has been established by law. See §121.701 of these regulations.

(c) "Research and Development" for guided missiles and space vehicles includes evaluations and simulation, and other services requiring thorough knowledge of complete missiles and spacecraft.

12. *NAICS code 561210*—Facilities Support Services:

(a) If one or more activities of Facilities Support Services as defined in paragraph (b) (below in this footnote) can be identified with a specific industry and that industry accounts for 50% or more of the value of an entire procurement, then the proper classification of the procurement is that of the specific industry, not Facilities Support Services.

(b) "Facilities Support Services" requires the performance of three or more separate activities in the areas of services or specialty trade contractors industries. If services are performed, these service activities must each be in a separate NAICS industry. If the procurement requires the use of specialty trade contractors (plumbing, painting, plastering, carpentry, etc.), all such specialty trade contractors activities are considered a single activity and classified as "Building and Property Specialty Trade Services." Since "Building and Property Specialty Trade Services" is only one activity, two additional activities of separate NAICS industries are required for a procurement to be classified as "Facilities Support Services."

13. *NAICS code 238990*—Building and Property Specialty Trade Services: If a procurement requires the use of multiple specialty trade contractors (*i.e.*, plumbing, painting, plastering, carpentry, etc.), and no specialty trade accounts for 50% or more of the value of the procurement, all such specialty trade contractors activities are considered a single activity and classified as Building and Property Specialty Trade Services.

14. *NAICS 562910*—Environmental Remediation Services:

(a) For SBA assistance as a small business concern in the industry of Environmental Remediation Services, other than for Government procurement, a concern must be engaged primarily in furnishing a range of services for the remediation of a contaminated environment to an acceptable condition including, but not limited to, prelimi-

nary assessment, site inspection, testing, remedial investigation, feasibility studies, remedial design, containment, remedial action, removal of contaminated materials, storage of contaminated materials and security and site closeouts. If one of such activities accounts for 50 percent or more of a concern's total revenues, employees, or other related factors, the concern's primary industry is that of the particular industry and not the Environmental Remediation Services Industry.

(b) For purposes of classifying a Government procurement as Environmental Remediation Services, the general purpose of the procurement must be to restore or directly support the restoration of a contaminated environment (such as, preliminary assessment, site inspection, testing, remedial investigation, feasibility studies, remedial design, remediation services, containment, removal of contaminated materials, storage of contaminated materials or security and site closeouts), although the general purpose of the procurement need not necessarily include remedial actions. Also, the procurement must be composed of activities in three or more separate industries with separate NAICS codes or, in some instances (*e.g.*, engineering), smaller sub-components of NAICS codes with separate, distinct size standards. These activities may include, but are not limited to, separate activities in industries such as: Heavy Construction; Specialty Trade Contractors; Engineering Services; Architectural Services; Management Consulting Services; Hazardous and Other Waste Collection; Remediation Services, Testing Laboratories; and Research and Development in the Physical, Engineering and Life Sciences. If any activity in the procurement can be identified with a separate NAICS code, or component of a code with a separate distinct size standard, and that industry accounts for 50 percent or more of the value of the entire procurement, then the proper size standard is the one for that particular industry, and not the Environmental Remediation Service size standard.

15. *Subsector 483*—Water Transportation—Offshore Marine Services: The applicable size standard shall be \$25.5 million for firms furnishing specific transportation services to concerns engaged in offshore oil and/or natural gas exploration, drilling production, or marine research; such services encompass passenger and freight transportation, anchor handling, and related logistical services to and from the work site or at sea.

16. *NAICS codes 611519*—Job Corps Centers. For classifying a Federal procurement, the purpose of the solicitation must be for the management and operation of a U.S. Department of Labor Job Corps Center. The activities involved include admissions activities, life skills training, educational activities, comprehensive career preparation activities,

career development activities, career transition activities, as well as the management and support functions and services needed to operate and maintain the facility. For SBA assistance as a small business concern, other than for Federal Government procurements, a concern must be primarily engaged in providing the services to operate and maintain Federal Job Corps Centers.

17. *NAICS code 115310* (Support Activities for Forestry)—Forest Fire Suppression and Fuels Management Services are two components of Support Activities for Forestry. Forest Fire Suppression includes establishments which provide services to fight forest fires. These firms usually have fire-fighting crews and equipment. Fuels Management Services firms provide services to clear land of hazardous materials that would fuel forest fires. The treatments used by these firms may include prescribed fire, mechanical removal, establishing fuel breaks, thinning, pruning, and piling.

18. *NAICS code 541519*—An Information Technology Value Added Reseller provides a total solution to information technology acquisitions by providing multi-vendor hardware and software along with significant services. Significant value added services consist of, but are not limited to, configuration consulting and design, systems integration, installation of multi-vendor computer equipment, customization of hardware or software, training, product technical support, maintenance, and end user support. For purposes of Government procurement, an information technology procurement classified under this industry category must consist of at least 15% and not more than 50% of value added services as measured by the total price less the cost of information technology hardware, computer software, and profit. If the contract consists of less than 15% of value added services, then it must be classified under a NAICS manufacturing industry. If the contract consists of more than 50% of value added services, then it must be classified under the NAICS industry that best describes the predominate service of the procurement. To qualify as an Information Technology Value Added Reseller for purposes of SBA assistance, other than for Government procurement, a concern must be primarily engaged in providing information technology equipment and computer software and provide value added services which account for at least 15% of its receipts but not more than 50% of its receipts.

19. *NAICS Sector 92*—Small business size standards are not established for this sector. Establishments in the Public Administration sector are Federal, State, and local government agencies which administer and oversee government programs and activities that are not performed by private establishments. Concerns performing operational services for the administration of a government program

are classified under the NAICS private sector industry based on the activities performed. Similarly, procurements for these types of services are classified under the NAICS private sector industry that best describes the activities to be performed. For example, if a government agency issues a procurement for law enforcement services, the requirement would be classified using one of the NAICS industry codes under 56161, Investigation, Guard, and Armored Car Services.

SIZE ELIGIBILITY REQUIREMENTS FOR SBA FINANCIAL ASSISTANCE

§ 121.301 What size standards are applicable to financial assistance programs?

(a) For Business Loans and Disaster Loans (other than physical disaster loans), an applicant business concern must satisfy two criteria:

(1) The size of the applicant alone (without affiliates) must not exceed the size standard designated for the industry in which the applicant is primarily engaged; and

(2) The size of the applicant combined with its affiliates must not exceed the size standard designated for either the primary industry of the applicant alone or the primary industry of the applicant and its affiliates, whichever is higher. These size standards are set forth in § 121.201.

(b) For Development Company programs, an applicant must meet one of the following standards:

(1) The same standards applicable under paragraph (a) of this section; or

(2) Including its affiliates, tangible net worth not in excess of \$7.5 million, and average net income after Federal income taxes (excluding any carry-over losses) for the preceding two completed fiscal years not in excess of \$2.5 million. If the applicant is not required by law to pay Federal income taxes at the

enterprise level, but is required to pass income through to its shareholders, partners, beneficiaries, or other equitable owners, the applicant's "net income after Federal income taxes" will be its net income reduced by an amount computed as follows:

(i) If the applicant is not required by law to pay State (and local, if any) income taxes at the enterprise level, multiply its net income by the marginal State income tax rate (or by the combined State and local income tax rates, as applicable) that would have applied if it were a taxable corporation.

(ii) Multiply the applicant's net income, less any deduction for State and local income taxes calculated under paragraph (b)(2)(i) of this section, by the marginal Federal income tax rate that would have applied if the applicant were a taxable corporation.

(iii) Sum the results obtained in paragraphs (b)(2)(i) and (b)(2)(ii) of this section.

(c) For the Small Business Investment Company (SBIC) program, an applicant must meet one of the following standards:

(1) The same standards applicable under paragraph (a) of this section; or

(2) Including its affiliates, tangible net worth not in excess of \$18 million, and average net income after Federal income taxes (excluding any carry-over losses) for the preceding two completed fiscal years not in excess of \$6 million. If the applicant is not required by law to pay Federal income taxes at the enterprise level, but is required to pass income through to its shareholders, partners, beneficiaries, or other equitable owners, the applicant's "net income after Federal income taxes" will be its net income reduced by an amount computed as follows:

(i) If the applicant is not required by law to pay State (and local, if any) income taxes at the enterprise level, multiply its net income by the marginal State income tax rate (or by the combined State and local income tax rates, as applicable) that would have applied if it were a taxable corporation.

(ii) Multiply the applicant's net income, less any deduction for State and local income taxes calculated under

paragraph (c)(2)(i) of this section, by the marginal Federal income tax rate that would have applied if the applicant were a taxable corporation.

(iii) Add the results obtained in paragraphs (c)(2)(i) and (c)(2)(ii) of this section.

(d) For Surety Bond Guarantee assistance—

(1) Any construction (general or special trade) concern or concern performing a contract for services is small if, together with its affiliates, its average annual receipts does not exceed \$6.5 million.

(2) Any concern not specified in paragraph (d)(1) of this section must meet the size standard for the primary industry in which it, combined with its affiliates, is engaged.

(3) For any contract or subcontract, public or private, to be performed in the Presidentially-declared disaster areas resulting from the 2005 Hurricanes Katrina, Rita, or Wilma, the construction (general or special trade) concern or concern performing a contract for services is small if it meets the size standard for the primary industry in which it, together with its affiliates, is engaged, or if it meets the size standard set forth in paragraph (d)(1), whichever is higher.

(e) The applicable size standards for purposes of SBA's financial assistance programs, excluding the Surety Bond Guarantee assistance program, are increased by 25% whenever the applicant agrees to use all of the financial assistance within a labor surplus area. Labor surplus areas are listed monthly in the Department of Labor publication "Area Trends in Employment and Unemployment."

[61 FR 3286, Jan. 31, 1996, as amended at 66 FR 30648, June 7, 2001; 67 FR 3056, Jan. 23, 2002; 69 FR 29204, May 21, 2004; 70 FR 69047, 69052, Nov. 14, 2005; 70 FR 72594, Dec. 6, 2005]

§ 121.302 When does SBA determine the size status of an applicant?

(a) The size status of an applicant for SBA financial assistance is determined as of the date the application for financial assistance is accepted for processing by SBA, except for applications under the Preferred Lenders Program (PLP), the Disaster Loan program, the

SBIC program, and the New Markets Venture Capital (NMCV) program.

(b) For the Preferred Lenders program, size is determined as of the date of approval of the loan by the Preferred Lender.

(c) For disaster loan assistance (other than physical disaster loans), size status is determined as of the date the disaster commenced, as set forth in the Disaster Declaration. For economic injury disaster loan assistance under disaster declarations for Hurricanes Katrina, Rita, and Wilma, size status is determined as of the date SBA accepts the application for processing, and for applications submitted before December 6, 2005, whether denied because of size status or pending, such applications shall be deemed resubmitted on December 6, 2005. For pre-disaster mitigation loans, size status is determined as of the date SBA accepts a complete Pre-Disaster Mitigation Small Business Loan Application for processing. Refer to § 123.408 of this chapter to find out what SBA considers to be a complete Pre-Disaster Mitigation Small Business Loan Application.

(d) For financial assistance from an SBIC licensee or an NMVC company, size is determined as of the date a concern's application is accepted for processing by the SBIC or the NMVC company.

(e) Changes in size after the applicable date when size is determined will not disqualify an applicant for assistance.

[61 FR 3286, Jan. 31, 1996, as amended at 64 FR 48276, Sept. 3, 1999; 67 FR 11880, Mar. 15, 2002; 67 FR 62337, Oct. 7, 2002; 69 FR 29204, May 21, 2004; 70 FR 72594, Dec. 6, 2005]

§ 121.303 What size procedures are used by SBA before it makes a formal size determination?

(a) A concern that submits an application for financial assistance is deemed to have certified that it is small under the applicable size standard. SBA may question the concern's status based on information supplied in the application or from any other source.

(b) A small business investment company, a development company, a surety bond company, or a preferred lender may accept as true the size informa-

tion provided by an applicant, unless credible evidence to the contrary is apparent.

(c) Size is initially considered by the individual with final financial assistance authority. This is not a formal size determination. A formal determination may be requested prior to a denial of eligibility based on size.

(d) An applicant may request a formal size determination when assistance has been denied for size ineligibility. Except for disaster loan eligibility, a request for a formal size determination must be made to the Government Contracting Area Director serving the area in which the headquarters of the applicant is located, regardless of the location of the parent company or affiliates. For disaster loan assistance, the request for a size determination must be made to the Area Director for the Disaster Area Office which denied the assistance.

(e) There are no time limitations for making a formal size determination for purposes of financial assistance. The official making the formal size determination must provide a copy of the determination to the applicant, to the requesting SBA official, and to other interested SBA program officials.

§ 121.304 What are the size requirements for refinancing an existing SBA loan?

(a) A concern that applies to refinance an existing SBA loan or guarantee will be considered small for the refinancing even though its size has increased since the date of the original financing to exceed its applicable size standard, provided that:

(1) The increase in size is due to natural growth (as distinguished from merger, acquisition or similar management action); and

(2) SBA determines that refinancing is necessary to protect the Government's financial interest.

(b) If a concern's size has increased other than by natural growth, the concern and its affiliates must be small at the time the application for refinancing is accepted for processing by SBA.

§ 121.305 What size eligibility requirements exist for obtaining financial assistance relating to particular procurements?

A concern qualified as small for a particular procurement, including an 8(a) subcontract, is small for financial assistance directly and primarily relating to the performance of the particular procurement.

SIZE ELIGIBILITY REQUIREMENTS FOR
GOVERNMENT PROCUREMENT

§ 121.401 What procurement programs are subject to size determinations?

The rules set forth in §§ 121.401 through 121.413 apply to all Federal procurement programs for which status as a small business is required or advantageous, including the small business set-aside program, SBA's Certificate of Competency program, SBA's 8(a) Business Development program, SBA's HUBZone program, SBA's Service-Disabled Veteran-Owned Small Business program, the Small Business Subcontracting program, and the Federal Small Disadvantaged Business (SDB) program.

[70 FR 56814, Sept. 29, 2005]

§ 121.402 What size standards are applicable to Federal Government Contracting programs?

(a) A concern must not exceed the size standard for the NAICS code specified in the solicitation. The contracting officer must specify the size standard in effect on the date the solicitation is issued. If SBA amends the size standard and it becomes effective before the date initial offers (including price) are due, the contracting officer may amend the solicitation and use the new size standard.

(b) The procuring agency contracting officer, or authorized representative, designates the proper NAICS code and size standard in a solicitation, selecting the NAICS code which best describes the principal purpose of the product or service being acquired. Primary consideration is given to the industry descriptions in the NAICS United States Manual, the product or service description in the solicitation and any attachments to it, the relative value and importance of the compo-

nents of the procurement making up the end item being procured, and the function of the goods or services being purchased. Other factors considered include previous Government procurement classifications of the same or similar products or services, and the classification which would best serve the purposes of the Small Business Act. A procurement is usually classified according to the component which accounts for the greatest percentage of contract value. Procurements for supplies must be classified under the appropriate manufacturing NAICS code, not under the wholesale trade NAICS code.

(c) The NAICS code assigned to a procurement and its corresponding size standard is final unless timely appealed to SBA's Office of Hearings and Appeals (OHA), or unless SBA assigns an NAICS code or size standard as provided in paragraph (d) of this section.

(d) An unclear, incomplete or missing NAICS code designation or size standard in the solicitation may be clarified, completed or supplied by SBA in connection with a formal size determination or size appeal.

(e) Any offeror or other interested party adversely affected by an NAICS code designation or size standard designation may appeal the designations to OHA under part 134 of this chapter.

[61 FR 3286, Jan. 31, 1996, as amended at 65 FR 30863, May 15, 2000; 69 FR 29205, May 21, 2004]

§ 121.403 Are SBA size determinations and NAICS code designations binding on parties?

Formal size determinations and NAICS code designations made by authorized SBA officials are binding upon the parties. Opinions otherwise provided by SBA officials to contracting officers or others are advisory in nature, and are not binding or appealable.

[61 FR 3286, Jan. 31, 1996, as amended at 65 FR 30863, May 15, 2000]

§ 121.404 When does SBA determine the size status of a business concern?

(a) SBA determines the size status of a concern, including its affiliates, as of the date the concern submits a written self-certification that it is small to the

procuring activity as part of its initial offer (or other formal response to a solicitation) which includes price. Where an agency modifies a solicitation so that initial offers are no longer responsive to the solicitation, a concern must recertify that it is a small business at the time it submits a responsive offer, which includes price, to the modified solicitation.

(b) A concern applying to be certified as a Participant in SBA's 8(a) Business Development program (under part 124, subpart A, of this chapter), as a small disadvantaged business (under part 124, subpart B, of this chapter), or as a HUBZone small business (under part 126 of this chapter) must qualify as a small business for its primary industry classification as of the date of its application and the date of certification by SBA.

(c) The size status of an applicant for a Certificate of Competency (COC) relating to an unrestricted procurement is determined as of the date of the concern's application for the COC.

(d) Size status for purposes of compliance with the nonmanufacturer rule set forth in § 121.406(b)(1) and the ostensible subcontractor rule set forth in § 121.103(h)(4) is determined as of the date of the final proposal revision for negotiated acquisitions and final bid for sealed bidding.

(e) For subcontracting purposes, a concern must qualify as small as of the date that it certifies that it is small for the subcontract. The applicable size standard is that which is set forth in § 121.410 and which is in effect at the time the concern self-certifies that it is small for the subcontract.

(f) For purposes of two-step sealed bidding under subpart 14.5 of the FAR, 48 CFR, a concern must qualify as small as of the date that it certifies that it is small as part of its step one proposal.

(g) A concern that qualified as a small business at the time it receives a contract is considered a small business throughout the life of that contract. Where a concern grows to be other than small, the procuring agency may exercise options and still count the award as an award to a small business.

(h) A follow-on or renewal contract is a new contracting action. As such, size

is determined as of the date the concern submits a written self-certification that it is small to the procuring agency as part of its initial offer including price for the follow-on or renewal contract.

(i) At the time a novation or change-of-name agreement has been executed pursuant to FAR subpart 42.12, the new entity must submit a written self-certification that it is small to the procuring agency so that the agency can count the award, options, or orders issued pursuant to the contract towards its small business goals.

[69 FR 29205, May 21, 2004]

§ 121.405 May a business concern self-certify its small business size status?

(a) A concern must self-certify it is small under the size standard specified in the solicitation, or as clarified, completed or supplied by SBA pursuant to § 121.402(d).

(b) A contracting officer may accept a concern's self-certification as true for the particular procurement involved in the absence of a written protest by other offerors or other credible information which causes the contracting officer or SBA to question the size of the concern.

(c) Procedures for protesting the self-certification of an offeror are set forth in §§ 121.1001 through 121.1009.

§ 121.406 How does a small business concern qualify to provide manufactured products under small business set-aside or 8(a) contracts?

(a) *General.* In order to qualify as a small business concern for a small business set-aside or 8(a) contract to provide manufactured products, an offeror must either:

(1) Be the manufacturer of the end item being procured (and the end item must be manufactured or produced in the United States); or

(2) Comply with the requirements of paragraph (b), (c) or (d) of this section as a nonmanufacturer, a kit assembler or a supplier under Simplified Acquisition Procedures.

(b) *Nonmanufacturers.* (1) A concern may qualify for a requirement to provide manufactured products as a non-manufacturer if it:

(i) Does not exceed 500 employees;
 (ii) Is primarily engaged in the retail or wholesale trade and normally sells the type of item being supplied; and
 (iii) Will supply the end item of a small business manufacturer or processor made in the United States, or obtains a waiver of such requirement pursuant to paragraph (b)(3) of this section.

(2) For size purposes, there can be only one manufacturer of the end item being acquired. The manufacturer is the concern which, with its own facilities, performs the primary activities in transforming inorganic or organic substances, including the assembly of parts and components, into the end item being acquired. The end item must possess characteristics which, as a result of mechanical, chemical or human action, it did not possess before the original substances, parts or components were assembled or transformed. The end item may be finished and ready for utilization or consumption, or it may be semifinished as a raw material to be used in further manufacturing. Firms which perform only minimal operations upon the item being procured do not qualify as manufacturers of the end item. Firms that add substances, parts, or components to an existing end item to modify its performance will not be considered the end item manufacturer where those identical modifications can be performed by and are available from the manufacturer of the existing end item:

(i) SBA will evaluate the following factors in determining whether a concern is the manufacturer of the end item:

(A) The proportion of total value in the end item added by the efforts of the concern, excluding costs of overhead, testing, quality control, and profit;

(B) The importance of the elements added by the concern to the function of the end item, regardless of their relative value; and

(C) The concern's technical capabilities; plant, facilities and equipment; production or assembly line processes; packaging and boxing operations; labeling of products; and product warranties.

(ii) Firms that provide computer and other information technology equip-

ment primarily consisting of component parts (such as motherboards, video cards, network cards, memory, power supplies, storage devices, and similar items) who install components totaling less than 50% of the value of the end item are generally not considered the manufacturer of the end item.

(3) The Administrator or designee may waive the requirement set forth in paragraph (b)(1)(iii) of this section under the following two circumstances:

(i) The contracting officer has determined that no small business manufacturer or processor reasonably can be expected to offer a product meeting the specifications (including period for performance) required by a particular solicitation and SBA reviews and accepts that determination; or

(ii) SBA determines that no small business manufacturer or processor of the product or class of products is available to participate in the Federal procurement market.

(4) The two waiver possibilities identified in paragraph (b)(3) of this section are called "individual" and "class" waivers respectively, and the procedures for them are contained in § 121.1204 .

(5) Any SBA waiver of the nonmanufacturer rule has no effect on requirements external to the Small Business Act which involve domestic sources of supply, such as the Buy American Act.

(c) *Kit assemblers.* (1) Where the manufactured item being acquired is a kit of supplies or other goods provided by an offeror for a special purpose, the offeror cannot exceed 500 employees, and 50 percent of the total value of the components of the kit must be manufactured by business concerns in the United States which are small under the size standards for the NAICS codes of the components being assembled. The offeror need not itself be the manufacturer of any of the items assembled.

(2) Where the Government has specified an item for the kit which is not produced by U.S. small business concerns, such item shall be excluded from the calculation of total value in paragraph (c)(1) of this section.

(d) *Simplified Acquisition Procedures.* Where the procurement of a manufactured item is processed under Simplified Acquisition Procedures, as defined in §13.101 of the Federal Acquisition Regulation (FAR) (48 CFR 13.101), and where the anticipated cost of the procurement will not exceed \$25,000, the offeror need not supply the end product of a small business concern as long as the product acquired is manufactured or produced in the United States, and the offeror does not exceed 500 employees. The offeror need not itself be the manufacturer of any of the items acquired.

(e) These requirements do not apply to small business concern subcontractors.

[61 FR 3286, Jan. 31, 1996; 61 FR 7986, Mar. 1, 1996, as amended at 65 FR 30863, May 15, 2000; 69 FR 29205, May 21, 2004]

§ 121.407 What are the size procedures for multiple item procurements?

If a procurement calls for two or more specific end items or types of services with different size standards and the offeror may submit an offer on any or all end items or types of services, the offeror must meet the size standard for each end item or service item for which it submits an offer. If the procurement calls for more than one specific end item or type of service and an offeror is required to submit an offer on all items, the offeror may qualify as a small business for the procurement if it meets the size standard of the item which accounts for the greatest percentage of the total contract value.

§ 121.408 What are the size procedures for SBA's Certificate of Competency Program?

(a) A firm which applies for a COC must file an "Application for Small Business Size Determination" (SBA Form 355). If the initial review of SBA Form 355 indicates the applicant, including its affiliates, is small for purposes of the COC program, SBA will process the application for COC. If the review indicates the applicant, including its affiliates, is other than small, SBA will initiate a formal size determination as set forth in §121.1009. In such a case, SBA will not further proc-

ess the COC application until a formal size determination is made.

(b) A concern is ineligible for a COC if a formal SBA size determination finds the concern other than small.

§ 121.409 What size standard applies in an unrestricted procurement for Certificate of Competency purposes?

For the purpose of receiving a Certificate of Competency in an unrestricted procurement, the applicable size standard is that corresponding to the NAICS code set forth in the solicitation. For a manufactured product, a concern must also furnish a domestically produced or manufactured product, regardless of the size status of the product manufacturer. The offeror need not be the manufacturer of any of the items acquired.

[61 FR 3286, Jan. 31, 1996, as amended at 65 FR 30863, May 15, 2000]

§ 121.410 What are the size standards for SBA's Section 8(d) Subcontracting Program?

For subcontracting purposes pursuant to sections 8(d) of the Small Business Act, a concern is small for subcontracts which relate to Government procurements if it does not exceed the size standard for the NAICS code that the prime contractor believes best describes the product or service being acquired by the subcontract. However, subcontracts for engineering services awarded under the National Energy Policy Act of 1992 have the same size standard as Military and Aerospace Equipment and Military Weapons under NAICS 541213.

[61 FR 3286, Jan. 31, 1996, as amended at 65 FR 30863, May 15, 2000; 69 FR 29205, May 21, 2004]

§ 121.411 What are the size procedures for SBA's Section 8(d) Subcontracting Program?

(a) Prime contractors may rely on the information contained in the Central Contractor Registration (CCR), or equivalent data base maintained or sanctioned by SBA, as an accurate representation of a concern's size and ownership characteristics for purposes of maintaining a small business source list. Even though a concern is on a

small business source list, it must still qualify and self-certify as a small business at the time it submits its offer as a section 8(d) subcontractor.

(b) Upon determination of the successful subcontract offeror for a competitive subcontract, but prior to award, the prime contractor must inform each unsuccessful subcontract offeror in writing of the name and location of the apparent successful offeror.

(c) The self-certification of a concern subcontracting or proposing to subcontract under section 8(d) of the Small Business Act may be protested by the contracting officer, the prime contractor, the appropriate SBA official or any other interested party.

[61 FR 3286, Jan. 31, 1996, as amended at 69 FR 29205, May 21, 2004]

§ 121.412 What are the size procedures for partial small business set-asides?

A firm is required to meet size standard requirements only for the small business set-aside portion of a procurement, and is not required to qualify as a small business for the unrestricted portion.

§ 121.413 [Reserved]

SIZE ELIGIBILITY REQUIREMENTS FOR SALES OR LEASE OF GOVERNMENT PROPERTY

§ 121.501 What programs for sales or leases of Government property are subject to size determinations?

Sections 121.501 through 121.512 apply to small business size determinations for the purpose of the sale or lease of Government property, including the Timber Sales Program, the Special Salvage Timber Sales Program, and the sale of Government petroleum, coal and uranium.

§ 121.502 What size standards are applicable to programs for sales or leases of Government property?

(a) Unless otherwise specified in this part—

(1) A concern primarily engaged in manufacturing is small for sales or leases of Government property if it does not exceed 500 employees;

(2) A concern not primarily engaged in manufacturing is small for sales or

leases of Government property if it has annual receipts not exceeding \$6.5 million.

(b) Size status for such sales and leases is determined by the primary industry of the applicant business concern.

[61 FR 3286, Jan. 31, 1996, as amended at 67 FR 3056, Jan. 23, 2002; 70 FR 72594, Dec. 6, 2005]

§ 121.503 Are SBA size determinations binding on parties?

Formal size determinations based upon a specific Government sale or lease, or made in response to a request from another Government agency under § 121.901, are binding upon the parties. Other SBA opinions provided to contracting officers or others are only advisory, and are not binding or appealable.

§ 121.504 When does SBA determine the size status of a business concern?

SBA determines the size status of a concern (including its affiliates) as of the date the concern submits a written self-certification that it is small to the Government as part of its initial offer including price where there is a specific sale or lease at issue, or as set forth in § 121.903 if made in response to a request of another Government agency.

§ 121.505 What is the effect of a self-certification?

(a) A contracting officer may accept a concern's self-certification as true for the particular sale or lease involved, in the absence of a written protest by other offerors or other credible information which would cause the contracting officer or SBA to question the size of the concern.

(b) Procedures for protesting the self-certification of an offeror are set forth in §§ 121.1001 through 121.1009.

§ 121.506 What definitions are important for sales or leases of Government-owned timber?

(a) *Forest product industry* means logging, wood preserving, and the manufacture of lumber and wood related products such as veneer, plywood, hardboard, particle board, or wood

pulp, and of products of which lumber or wood related products are the principal raw materials.

(b) *Logging of timber* means felling and bucking, yarding, and/or loading. It does not mean hauling.

(c) *Manufacture of logs* means, at a minimum, breaking down logs into rough cuts of the finished product.

(d) *Sell* means, in addition to its usual and customary meaning, the exchange of sawlogs for sawlogs on a product-for-product basis with or without monetary adjustment, and an indirect transfer, such as the sale of the assets of a concern after it has been awarded one or more set-aside sales of timber.

(e) *Significant logging of timber* means that a concern uses its own employees to perform at least two of the following: felling and bucking, yarding, and loading.

§ 121.507 What are the size standards and other requirements for the purchase of Government-owned timber (other than Special Salvage Timber)?

(a) To be small for purposes of the sale of Government-owned timber (other than Special Salvage Timber) a concern must:

(1) Be primarily engaged in the logging or forest products industry;

(2) Not exceed 500 employees, taking into account its affiliates; and

(3) If it does not intend at the time of the offer to resell the timber—

(i) Agree that it will manufacture the logs with its own facilities or those of another business which meets the requirements of paragraphs (a)(1) and (a)(2) of this section;

(ii) Agree that if it eventually resells the timber, it will resell no more than 30% of the sawtimber volume to other businesses which do not meet the requirements of paragraphs (a)(1) and (a)(2) of this section; and

(iii) Agree that if it becomes acquired or controlled by a business which does not meet the requirements of paragraphs (a)(1) and (a)(2) of this section, it will require as a condition of the acquisition or change of control that the acquiring or controlling business resell at least 70% of the sawtimber volume to businesses which do meet the re-

quirements of paragraphs (a)(1) and (a)(2) of this section; or

(4) If it intends at the time of offer to resell the timber—

(i) Agree that it will not sell more than 30% of such timber (50% of such timber if the concern is an Alaskan business) to a business which does not meet the requirements of paragraphs (a)(1) and (a)(2) of this section; and

(ii) Agree that if it becomes acquired or controlled by a business which does not meet the requirements of paragraphs (a)(1) and (a)(2) of this section, it will require as a condition of the acquisition or change of control that the acquiring or controlling business resell at least 70% of the sawtimber volume (or at least 50% of the sawtimber volume, if it is an Alaskan business) to businesses which meet the requirements of paragraphs (a)(1) and (a)(2) of this section.

(b) For a period of three years following the date upon which a concern purchases timber under a small business set-aside (other than through the Special Salvage Timber Sale program), it must maintain a record of:

(1) The name, address and size status of every concern to which it sells the timber or sawlogs; and

(2) The species, grades and volumes of sawlogs sold.

(c) For a period of three years following the date upon which a concern purchases timber, it must by contract require all small business repurchasers of the sawlogs or timber it purchased under the small business set-aside to maintain the records described in paragraph (b) of this section.

§ 121.508 What are the size standards and other requirements for the purchase of Government-owned Special Salvage Timber?

(a) In order to purchase Government-owned Special Salvage Timber from the United States Forest Service or the Bureau of Land Management as a small business, a concern must:

(1) Be primarily engaged in the logging or forest product industry;

(2) Have, together with its affiliates, no more than twenty-five employees during any pay period for the last twelve months; and

(3) If it does not intend at the time of offer to resell the timber—

§ 121.509

(i) Agree that it will manufacture a significant portion of the logs with its own employees; and

(ii) Agree that it will log the timber only with its own employees or with employees of another business which is eligible for award of a Special Salvage Timber sales contract; or

(4) If it intends at the time of offer to resell the timber, agree that it will perform a significant portion of timber logging with its own employees and that it will subcontract the remainder of the timber logging to a concern which is eligible for award of a Special Salvage Timber sales contract.

§ 121.509 What is the size standard for leasing of Government land for coal mining?

A concern is small for this purpose if it:

(a) Together with its affiliates, does not have more than 250 employees;

(b) Maintains management and control of the actual mining operations of the tract; and

(c) Agrees that if it subleases the Government land, it will be to another small business, and that it will require its sublessors to agree to the same.

§ 121.510 What is the size standard for leasing of Government land for uranium mining?

A concern is small for this purpose if it, together with its affiliates, does not have more than 100 employees.

§ 121.511 What is the size standard for buying Government-owned petroleum?

A concern is small for this purpose if it is primarily engaged in petroleum refining and meets the size standard for a petroleum refining business.

§ 121.512 What is the size standard for stockpile purchases?

A concern is small for this purpose if:

(a) It is primarily engaged in the purchase of materials which are not domestic products; and

(b) Its annual receipts, together with its affiliates, do not exceed \$51.5 million.

[61 FR 3286, Jan. 31, 1996, as amended at 67 FR 3056, Jan. 23, 2002; 70 FR 72594, Dec. 6, 2005]

13 CFR Ch. I (1–1–06 Edition)

SIZE ELIGIBILITY REQUIREMENTS FOR THE 8(A) BUSINESS DEVELOPMENT PROGRAM

§ 121.601 What is a small business for purposes of admission to SBA's 8(a) Business Development program?

An applicant must not exceed the size standard corresponding to its primary industry classification in order to qualify for admission to SBA's 8(a) Business Development Program.

[69 FR 29205, May 21, 2004]

§ 121.602 At what point in time must a 8(a) BD applicant be small?

A 8(a) BD applicant must be small for its primary industry at the time SBA certifies it for admission into the program.

[61 FR 3286, Jan. 31, 1996, as amended at 69 FR 29206, May 21, 2004]

§ 121.603 How does SBA determine whether a Participant is small for a particular 8(a) BD subcontract?

(a) *Self certification by Participant.* A 8(a) BD Participant must certify that it qualifies as a small business under the NAICS code assigned to a particular 8(a) BD subcontract as part of its initial offer including price to the procuring agency. The Participant also must submit a copy of its offer, including its self-certification as to size, to the appropriate SBA district office at the same time it submits the offer to the procuring agency. See § 121.404 for the time at which size is determined for, and § 121.406 for the applicability of the nonmanufacturer rule to, 8(a) BD procurements.

(b) *Verification of size by SBA.* Within 30 days of its receipt of a Participant's size self-certification for a particular 8(a) BD subcontract, the SBA district office serving the geographic area in which the Participant's principal office is located will review the Participant's self-certification and determine if it is small for purposes of that subcontract. The SBA district office will review the Participant's most recent financial statements and other relevant data and then notify the Participant of its decision.

(c) *Changes in size between date of self-certification and date of award.* (1) Where

SBA verifies that the selected Participant is small for a particular procurement, subsequent changes in size up to the date of award, except those due to merger with or acquisition by another business concern, will not affect the firm's size status for that procurement.

(2) Where a Participant has merged with or been acquired by another business concern between the date of its self-certification and the date of award, the concern must recertify its size status, and SBA must verify the new certification before award can occur.

(d) *Finding Participant to be other than small.* (1) A Participant may request a formal size determination (pursuant to §§ 121.1001 through 121.1009) with the SBA Government Contracting Area Office serving the geographic area in which the principal office of the Participant is located within 5 working days of its receipt of notice from the SBA district office that it is not small for a particular 8(a) BD subcontract.

(2) Where the Participant does not timely request a formal size determination, SBA may accept the procurement in support of another Participant, or may rescind its acceptance of the offer for the 8(a) BD program, as appropriate.

[61 FR 3286, Jan. 31, 1996, as amended at 65 FR 30863, May 15, 2000; 69 FR 29206, May 21, 2004]

§ 121.604 Are 8(a) BD Participants considered small for purposes of other SBA assistance?

A concern which SBA determines to be a small business for the award of a 8(a) BD subcontract will be considered to have met applicable size eligibility requirements of other SBA programs where that assistance directly and primarily relates to the performance of the 8(a) BD subcontract in question.

[61 FR 3286, Jan. 31, 1996, as amended at 69 FR 29206, May 21, 2004]

SIZE ELIGIBILITY REQUIREMENTS FOR THE SMALL BUSINESS INNOVATION RESEARCH (SBIR) PROGRAM

§ 121.701 What SBIR programs are subject to size determinations?

(a) These sections apply to size status for award of a funding agreement

pursuant to the Small Business Innovation Development Act of 1982 (Pub. L. 97-219, 15 U.S.C. 638(e) through (k)).

(b) *Funding agreement officer* means a contracting officer, a grants officer, or a cooperative agreement officer.

(c) *Funding agreement* means any contract, grant or cooperative agreement entered into between any Federal agency and any small business for the performance of experimental, developmental, or research work funded in whole or in part by the Federal Government. Such work includes:

(1) A systematic, intensive study directed toward greater knowledge or understanding of the subject studied;

(2) A systematic study directed specifically toward applying new knowledge to meet a recognized need; or

(3) A systematic application of knowledge toward the production of useful materials, devices, and systems or methods, including design, development, and improvement of prototypes and new processes to meet specific requirements.

§ 121.702 What size standards are applicable to the SBIR program?

To be eligible for award of funding agreements in the SBA's Small Business Innovation Research (SBIR) program, a business concern must meet the requirements of paragraphs (a) and (b) below:

(a) *Ownership and control.* (1) An SBIR awardee must (i) be a concern which is at least 51% owned and controlled by one or more individuals who are citizens of the United States, or permanent resident aliens in the United States; or

(ii) Be a concern which is at least 51% owned and controlled by another business concern that is itself at least 51% owned and controlled by individuals who are citizens of, or permanent resident aliens in the United States; or

(iii) Be a joint venture in which each entity to the venture must meet the requirements set forth in either paragraphs (a)(1)(i) or (a)(1)(ii) of this section.

(2) If an Employee Stock Option Plan owns all or part of the concern, SBA considers each stock trustee and plan member to be an owner.

§ 121.703

(3) If a trust owns all or part of the concern, SBA considers each trustee and trust beneficiary to be an owner.

(b) *Size.* An SBIR awardee, together with its affiliates, not have more than 500 employees.

[69 FR 70185, Dec. 3, 2004]

§ 121.703 Are formal size determinations binding on parties?

Size determinations by authorized SBA officials are formal actions based upon a specific funding agreement, and are binding upon the parties. Other SBA opinions provided to funding agreement officers or others, are only advisory, and are not binding or appealable.

§ 121.704 When does SBA determine the size status of a business concern?

The size status of a concern for the purpose of a funding agreement under the SBIR program is determined as of the date of the award for both Phase I and Phase II SBIR awards or on the date of the request for a size determination, if an award is pending.

[69 FR 29206, May 21, 2004]

§ 121.705 Must a business concern self-certify its size status?

(a) A firm must self-certify that it currently meets the eligibility requirements set forth in § 121.702 of this title or will meet those eligibility requirements on the date of award of a funding agreement for a Phase I or Phase II SBIR award.

(b) A funding agreement officer may accept a concern's self-certification as true for the particular funding agreement involved in the absence of a written protest by other offerors or other credible information which would cause the funding agreement officer or SBA to question the size of the concern.

(c) Procedures for protesting an offeror's self-certification are set forth in §§ 121.1001 through 121.1009.

[61 FR 3286, Jan. 31, 1996, as amended at 69 FR 29206, May 21, 2004]

13 CFR Ch. I (1–1–06 Edition)

SIZE ELIGIBILITY REQUIREMENTS FOR PAYING REDUCED PATENT FEES

§ 121.801 May patent fees be reduced if a concern is small?

These sections apply to size status for the purpose of paying reduced patent fees authorized by Pub. L. 97-247, 96 Stat. 317. The eligibility requirements for independent inventors and non-profit organizations for the purpose of paying reduced patent fees are set forth in regulations of the Patent and Trademark Office of the Department of Commerce, 37 CFR 1.9, 1.27, 1.28.

§ 121.802 What size standards are applicable to reduced patent fees programs?

A concern eligible for reduced patent fees is one:

(a) Whose number of employees, including affiliates, does not exceed 500 persons; and

(b) Which has not assigned, granted, conveyed, or licensed (and is under no obligation to do so) any rights in the invention to any person who made it and could not be classified as an independent inventor, or to any concern which would not qualify as a non-profit organization or a small business concern under this section.

§ 121.803 Are formal size determinations binding on parties?

Size determinations by authorized SBA officials are formal actions, based upon a specific patent application pursuant to the rules of the Patent and Trademark Office, Department of Commerce, and are binding upon the parties. Other SBA opinions provided to patent applicants or others are only advisory, and are not binding or appealable.

§ 121.804 When does SBA determine the size status of a business concern?

Size status is determined as of the date of the patent applicant's written verification of size.

§ 121.805 May a business concern self-certify its size status?

(a) A concern verifies its size status with its submission of its patent application.

(b) Any attempt to establish small size status improperly (fraudulently, through gross negligence, or otherwise) may result in remedial action by the Patent and Trademark Office.

(c) In the absence of credible information indicating otherwise, the Patent and Trademark Office may accept the verification by the concern as a small business as true.

(d) Questions concerning the size verification are resolved initially by the Patent and Trademark Office. If not verified as small, the applicant may request a formal SBA size determination.

SIZE ELIGIBILITY REQUIREMENTS FOR COMPLIANCE WITH PROGRAMS OF OTHER AGENCIES

§ 121.901 Can other Government agencies obtain SBA size determinations?

Upon request by another Government agency, SBA will provide a size determination, under SBA rules, standards and procedures, for its use in determining compliance with small business requirements of its statutes, regulations or programs.

§ 121.902 What size standards are applicable to programs of other agencies?

SBA size standards. The size standards for compliance with programs of other agencies are those for SBA programs which are most comparable to the programs of such other agencies, unless the agency and SBA agree otherwise.

[67 FR 13716, Mar. 26, 2002]

§ 121.903 How may an agency use size standards for its programs that are different than those established by SBA?

(a) Federal agencies or departments promulgating regulations relating to small businesses usually use SBA size criteria. In limited circumstances, if they decide the SBA size standard is not suitable for their programs, then agency heads may establish a more appropriate small business definition for the exclusive use in such programs, but only when:

(1) The size standard will determine:

(i) The size of a manufacturing concern by its average number of employees based on the preceding twelve calendar months, determined according to § 121.106;

(ii) The size of a services concern by its average annual receipts over a period of at least three years, determined according to § 121.104;

(iii) The size of other concerns on data over a period of at least three years; or,

(iv) Other factors approved by SBA;

(2) The agency has consulted in writing with SBA's Assistant Administrator for Size Standards at least fourteen (14) calendar days before publishing the proposed rule which is part of the rulemaking process. The written consultation will include:

(i) What size standard the agency contemplates using;

(ii) To what agency program it will apply;

(iii) How the agency arrived at this particular size standard for this program; and,

(iv) Why SBA's existing size standards do not satisfy the program requirements;

(3) The agency proposes the size standard for public comment pursuant to the Administrative Procedure Act, 5 U.S.C. 553;

(4) The agency provides a copy of the proposed rule, when it publishes it for public comment as part of the rulemaking process, to SBA's Assistant Administrator for Size Standards; and

(5) SBA's Administrator approves the size standard before the agency adopts a final rule or otherwise prescribes the size standard for its use. The agency's request for the SBA Administrator's approval must include:

(i) Copies of all comments on the proposed size standard received in response to the proposed rule;

(ii) A separate written justification for the intended size standard;

(iii) A copy of the intended final rule if available at that time, or a copy of the intended final rule and preamble prior to its publication; and

(iv) Other information SBA may request in connection with the request.

(b) When approving any size standard established pursuant to this section, SBA's Administrator will ensure that

the size standard varies from industry to industry to the extent necessary to reflect the differing characteristics of the various industries, and consider other relevant factors.

(c) Where the agency head is developing a size standard for the sole purpose of performing a Regulatory Flexibility Analysis pursuant to section 601(3) of the Regulatory Flexibility Act, the department or agency may, after consultation with the SBA Office of Advocacy, establish a size standard different from SBA's which is more appropriate for such analysis.

[67 FR 13716, Mar. 26, 2002]

§ 121.904 When does SBA determine the size status of a business concern?

For compliance with programs of other agencies, SBA will base its size determination on the size of the concern as of the date set forth in the request of the other agency.

[67 FR 13716, Mar. 26, 2002]

PROCEDURES FOR SIZE PROTESTS AND REQUESTS FOR FORMAL SIZE DETERMINATIONS

§ 121.1001 Who may initiate a size protest or request a formal size determination?

(a) *Size Status Protests.* (1) For SBA's Small Business Set-Aside Program, including the Property Sales Program, or any instance in which a procurement or order has been restricted to or reserved for small business or a particular group of small business, the following entities may file a size protest in connection with a particular procurement, sale or order:

(i) Any offeror whom the contracting officer has not eliminated for reasons unrelated to size;

(ii) The contracting officer;

(iii) The SBA Government Contracting Area Director having responsibility for the area in which the headquarters of the protested offeror is located, regardless of the location of a parent company or affiliates, or the Associate Administrator for Government Contracting; and

(iv) Other interested parties. Other interested parties include large businesses where only one concern sub-

mitted an offer for the specific procurement in question. A concern found to be other than small in connection with the procurement is not an interested party unless there is only one remaining offeror after the concern is found to be other than small.

(2) For competitive 8(a) contracts, the following entities may protest:

(i) Any offeror whom the contracting officer has not eliminated for reasons unrelated to size;

(ii) The contracting officer; or

(iii) The SBA District Director, or designee, in either the district office serving the geographical area in which the procuring activity is located or the district office that services the apparent successful offeror, or the Associate Administrator for 8(a) Business Development.

(3) For SBA's Subcontracting Program, the following entities may protest:

(i) The prime contractor;

(ii) The contracting officer;

(iii) Other potential subcontractors;

(iv) The responsible SBA Government Contracting Area Director or the Associate Administrator for Government Contracting; and

(v) Other interested parties.

(4) For SBA's Small Business Innovation Research (SBIR) Program, the following entities may protest:

(i) A prospective offeror;

(ii) The funding agreement officer;

(iii) The responsible SBA Government Contracting Area Director or the Assistant Administrator for Technology; and

(iv) Other interested parties.

(5) For the Department of Defense's Small Disadvantaged Business (SDB) Program, and any other similar program of another Federal agency, the following entities may file a protest in connection with a particular SDB procurement:

(i) Any offeror for the specific SDB requirement whom the contracting officer has not eliminated for reasons unrelated to size;

(ii) The contracting officer; and

(iii) The responsible SBA Area Director for Government Contracting, the

SBA Associate Administrator for Government Contracting, or the SBA Associate Administrator for 8(a) Business Development;

(6) For SBA's HUBZone program, the following entities may protest in connection with a particular HUBZone procurement:

(i) Any concern that submits an offer for a specific HUBZone set-aside procurement that the contracting officer has not eliminated for reasons unrelated to size;

(ii) Any concern that submitted an offer in full and open competition and its opportunity for award will be affected by a price evaluation preference given a qualified HUBZone SBC;

(iii) The contracting officer; and

(iv) The SBA Associate Administrator for the HUBZone Program, or designee.

(7) For any unrestricted Government procurement in which a business concern has represented itself as a small business concern, the following entities may protest in connection with a particular procurement:

(i) Any offeror;

(ii) The contracting officer; and

(iii) The responsible SBA Government Contracting Area Director, the Associate Administrator for Government Contracting, or the Associate Administrator for MED.

(8) For SBA's Service Disabled Veteran-Owned Small Business Concern program, the following entities may protest in connection with a particular service-disabled veteran-owned procurement:

(i) Any concern that submits an offer for a specific service-disabled veteran-owned small business set-aside contract;

(ii) The contracting officer;

(iii) The SBA Government Contracting Area Director; and

(iv) The Associate Administrator for Government Contracting, or designee.

(b) *Request for Size Determinations.* (1) For SBA's Financial Assistance Programs, the following entities may request a formal size determination:

(i) The applicant for assistance; and

(ii) The SBA official with authority to take final action on the assistance requested. That official may also request the appropriate Government Con-

tracting Area Office to determine whether affiliation exists between an applicant for financial assistance and one or more other entities for purposes of determining whether the applicant would exceed the loan limit amount imposed by §120.151 of this chapter.

(iii) The SBA Associate Administrator for Investment or designee may request a formal size determination for any purpose relating to the SBIC program (see part 107 of this chapter) or the NMVC program (see part 108 of this chapter). A formal size determination includes a request to determine whether or not affiliation exists between two or more entities for any purpose relating to the SBIC program.

(2) For SBA's 8(a) BD program:

(i) Concerning initial or continued 8(a) BD eligibility, the following entities may request a formal size determination:

(A) The 8(a) BD applicant concern or Participant; or

(B) The Assistant Administrator of the Division of Program Certification and Eligibility or the Associate Administrator for 8(a)BD.

(ii) Concerning individual sole source 8(a) contract awards, the following entities may request a formal size determination:

(A) The Participant nominated for award of the particular sole source contract;

(B) The SBA program official with authority to execute the 8(a) contract or, where applicable, the procuring activity contracting officer who has been delegated SBA's 8(a) contract execution functions; or

(C) The SBA District Director in the district office that services the Participant, or the Associate Administrator for 8(a)BD.

(3) For SBA's Certificate of Competency Program, the following entities may request a formal size determination:

(i) The offeror who has applied for a COC; and

(ii) The responsible SBA Government Contracting Area Director or the Associate Administrator for Government Contracting.

(4) For SBA's sale or lease of government property, the following entities

§ 121.1002

may request a formal size determination:

(i) The responsible SBA Government Contracting Area Director or the Associate Administrator for Government Contracting; and

(ii) Authorized officials of other Federal agencies administering a property sales program.

(5) For eligibility to pay reduced patent fees, the following entities may request a formal size determination:

(i) The applicant for the reduced patent fees; and

(ii) The Patent and Trademark Office.

(6) For purposes of determining compliance with small business requirements of another Government agency program not otherwise specified in this section, an official with authority to administer the program involved may request a formal size determination.

(7) In connection with initial or continued eligibility for the Small Disadvantaged Business (SDB) program, the following may request a formal size determination:

(i) The applicant or SDB concern; or

(ii) The Assistant Administrator of the Division of Program Certification and Eligibility or the Associate Administrator for 8(a)BD.

(8) In connection with initial or continued eligibility for the HUBZone program, the following may request a formal size determination:

(i) The applicant or qualified HUBZone business concern; or

(ii) The Associate Administrator for the HUBZone program, or designee.

(9) For purposes of validating that firms listed in the Central Contractor Registration database are small, the Government Contracting Area Director or the Associate Administrator for Government Contracting may initiate a formal size determination when sufficient information exists that calls into question a firm's small business status. The current date will be used to determine size, and SBA will initiate the process to remove from the database

13 CFR Ch. I (1–1–06 Edition)

the small business designation of any firm found to be other than small.

[61 FR 3286, Jan. 31, 1996, as amended at 63 FR 31907, June 11, 1998; 63 FR 35739, June 30, 1998; 69 FR 25266, May 5, 2004; 69 FR 29206, May 21, 2004; 69 FR 29420, May 24, 2004; 69 FR 44461, July 26, 2004]

§ 121.1002 Who makes a formal size determination?

The responsible Government Contracting Area Director or designee makes all formal size determinations in response to either a size protest or a request for a formal size determination, with the exception of size determinations for purposes of the Disaster Loan Program, which will be made by the Disaster Area Office Director or designee responsible for the area in which the disaster occurred.

§ 121.1003 Where should a size protest be filed?

A protest involving a government procurement or sale must be filed with the contracting officer for the procurement or sale, who must forward the protest to the SBA Government Contracting Area Office serving the area in which the headquarters of the protested concern is located, regardless of the location of any parent company or affiliates.

§ 121.1004 What time limits apply to size protests?

(a) *Protests by entities other than contracting officers or SBA*—(1) *Non-negotiated procurement or sale*. A protest must be received by the contracting officer prior to the close of business on the 5th day, exclusive of Saturdays, Sundays, and legal holidays, after bid or proposal opening.

(2) *Negotiated procurement*. A protest must be received by the contracting officer prior to the close of business on the 5th day, exclusive of Saturdays, Sundays, and legal holidays, after the contracting officer has notified the protestor of the identity of the prospective awardee.

(3) *Multiple award schedule*. On a multiple award schedule procurement set aside for small business, protests will be considered timely if received by

SBA at any time prior to the expiration of the contract period (including renewals).

(4) *Electronic notification of award.* Where notification of award is made electronically, such as posting on the Internet under Simplified Acquisition Procedures, a protest must be received by the contracting officer before close of business on the fifth day, exclusive of Saturdays, Sundays, and legal holidays, after the electronic posting.

(5) *No notice of award.* Where there is no requirement for written pre-award notice or notice of award, or where the contracting officer has failed to provide written notification of award, the 5-day protest period will commence upon oral notification by the contracting officer or authorized representative or another means (such as public announcements or other oral communications) of the identity of the apparent successful offeror.

(b) *Protests by contracting officers or SBA.* The time limitations in paragraph (a) of this section do not apply to contracting officers or SBA, and they may file protests before or after awards, except to the extent set forth in paragraph (e) of this section. Notwithstanding paragraph (e), for purposes of the SBIR program the contracting officer and SBA may file a protest in anticipation of award.

(c) *Effect of contract award.* A timely filed protest applies to the procurement in question even though a contracting officer awarded the contract prior to receipt of the protest.

(d) *Untimely protests.* A protest received after the allotted time limits must still be forwarded to SBA. SBA will dismiss untimely protests.

(e) *Premature protests.* A protest filed by any party, including the contracting officer, before bid opening or notification to offerors of the selection of the apparent successful offer will be dismissed as premature.

[61 FR 3286, Jan. 31, 1996, as amended at 69 FR 29206, May 21, 2004]

§ 121.1005 How must a protest be filed with the contracting officer?

A protest must be delivered to the contracting officer by hand, telegram, mail, facsimile, Federal Express or other overnight delivery service, e-

mail, or telephone. If a protest is made by telephone, the contracting officer must later receive a confirming letter either within the 5-day period in § 121.1004(a)(1) or postmarked no later than one day after the date of the telephone protest.

[61 FR 3286, Jan. 31, 1996, as amended at 69 FR 29206, May 21, 2004]

§ 121.1006 When will a size protest be referred to an SBA Government Contracting Area Office?

(a) A contracting officer who receives a protest (other than from SBA) must forward the protest promptly to the SBA Government Contracting Area Office serving the area in which the headquarters of the offeror is located.

(b) A contracting officer's referral must contain the following information:

(1) The protest and any accompanying materials;

(2) A copy of the self-certification as to size;

(3) Identification of the applicable size standard;

(4) A copy of the solicitation;

(5) Identification of the date of bid opening or notification provided to unsuccessful offerors;

(6) The date on which the protest was received; and

(7) A complete address and point of contact for the protested concern.

§ 121.1007 Must a protest of size status relate to a particular procurement and be specific?

(a) *Particular procurement.* A protest challenging the size of a concern which does not pertain to a particular procurement or sale will not be acted on by SBA.

(b) *A protest must include specific facts.* A protest must be sufficiently specific to provide reasonable notice as to the grounds upon which the protested concern's size is questioned. Some basis for the belief or allegation stated in the protest must be given. A protest merely alleging that the protested concern is not small or is affiliated with unnamed other concerns does not specify adequate grounds for the protest. No particular form is prescribed

for a protest. Where materials supporting the protest are available, they should be submitted with the protest.

(c) *Non-specific protests will be dismissed.* Protests which do not contain sufficient specificity will be dismissed by SBA. The following are examples of allegation specificity:

Example 1: An allegation that concern X is large because it employs more than 500 employees (where 500 employees is the applicable size standard) without setting forth a basis for the allegation is non-specific.

Example 2: An allegation that concern X is large because it exceeds the 500 employee size standard (where 500 employees is the applicable size standard) because a higher employment figure was published in publication Y is sufficiently specific.

Example 3: An allegation that concern X is affiliated with concern Y without setting forth any basis for the allegation is non-specific.

Example 4: An allegation that concern X is affiliated with concern Y because Mr. A is the majority shareholder in both concerns is sufficiently specific.

Example 5: An allegation that concern X has revenues in excess of \$5 million (where \$5 million is the applicable size standard) without setting forth a basis for the allegation is non-specific.

Example 6: An allegation that concern X exceeds the size standard (where the applicable size standard is \$5 million) because it received Government contracts in excess of \$5 million last year is sufficiently specific.

[61 FR 3286, Jan. 31, 1996, as amended at 69 FR 29206, May 21, 2004]

§ 121.1008 What occurs after SBA receives a size protest or request for a formal size determination?

(a) When SBA receives a size protest, the SBA Area Director for Government Contracting, or designee, will notify the contracting officer, the protested concern, and the protestor that the protest has been received. If the protest pertains to a requirement involving SBA's HUBZone program, the Area Director will also notify the AA/HUB of the protest. If the protest pertains to a requirement involving SBA's SBIR Program, the Area Director will also notify the Assistant Administrator for Technology. If the protest involves the size status of a concern that SBA has certified as a small disadvantaged business (SDB) (see part 124, subpart B of this chapter) the Area Director will no-

tify SBA's AA/8(a) BD. If the protest pertains to a requirement that has been reserved for competition among eligible 8(a) BD program participants, the Area Director will notify the SBA district office servicing the 8(a) concern whose size status has been protested. SBA will provide a copy of the protest to the protested concern together with SBA Form 355, Application for Small Business Size Determination, by certified mail, return receipt requested, or by any overnight delivery service that provides proof of receipt. SBA will ask the protested concern to complete the form and respond to the allegations in the protest.

(b) When SBA receives a request for a formal size determination in accord with § 121.1001(b), SBA will provide a blank copy of SBA Form 355 to the concern whose size is at issue.

(c) The protested concern or concern whose size is at issue must return the completed SBA Form 355 and all other requested information to SBA within 3 working days from the date of receipt of the blank form from SBA. SBA has discretion to grant an extension of time to file the form. The firm must attach to the completed SBA Form 355 its answers to the allegations contained in the protest, where applicable, together with any supporting material.

(d) If a concern whose size status is at issue fails to submit a completed SBA Form 355, responses to the allegations of the protest, or other requested information within the time allowed by SBA, or if it submits incomplete information, SBA may presume that disclosure of the information required by the form or other missing information would demonstrate that the concern is other than a small business. A concern whose size status is at issue must furnish information about its alleged affiliates to SBA, despite any third party claims of privacy or confidentiality, because SBA will not disclose information obtained in the course of a size determination except as permitted by Federal law.

[61 FR 3286, Jan. 31, 1996, as amended at 63 FR 31908, June 11, 1998; 69 FR 29207, May 21, 2004]

§ 121.1009 What are the procedures for making the size determination?

(a) *Time frame for making size determination.* After receipt of a protest or a request for a formal size determination, SBA will make a formal size determination within 10 working days, if possible.

(b) *Basis for determination.* The size determination will be based primarily on the information supplied by the protestor or the entity requesting the size determination and that provided by the concern whose size status is at issue. The determination, however, may also be based on grounds not raised in the protest or request for size determination. SBA may use other information and may make requests for additional information to the protestor, the concern whose size status is at issue and any alleged affiliates, or other parties.

(c) *Burden of persuasion.* The concern whose size is under consideration has the burden of establishing its small business size.

(d) *Weight of evidence.* SBA will give greater weight to specific, signed, factual evidence than to general, unsupported allegations or opinions. In the case of refusal or failure to furnish requested information within a required time period, SBA may assume that disclosure would be contrary to the interests of the party failing to make disclosure.

(e) *Formal size determination.* The SBA will base its formal size determination upon the record, including reasonable inferences from the record, and will state in writing the basis for its findings and conclusions.

(f) *Notification of determination.* SBA will promptly notify the contracting officer, the protestor, and the protested offeror, as well as each affiliate or alleged affiliate, of the size determination. The notification will be by certified mail, return receipt requested, or by any overnight delivery service that provides proof of receipt.

(g) *Results of an SBA Size Determination.* (1) A formal size determination becomes effective immediately and remains in full force and effect unless and until reversed by OHA.

(2) A contracting officer may award a contract based on SBA's formal size determination.

(3) If the formal size determination is appealed to OHA, the OHA decision on appeal will apply to the pending procurement or sale if the decision is received before award. OHA decisions received after contract award will not apply to that procurement or sale, but will have future effect, unless the contracting officer agrees to apply the OHA decision to the procurement or sale.

(4) Once SBA has determined that a concern is other than small for purposes of a particular procurement, the concern cannot later become eligible for the procurement by reducing its size.

(5) A concern determined to be other than small under a particular size standard is ineligible for any procurement or any assistance authorized by the Small Business Act or the Small Business Investment Act of 1958 which requires the same or a lower size standard, unless SBA recertifies the concern to be small pursuant to §121.1010 or OHA reverses the adverse size determination. After an adverse size determination, a concern cannot self-certify as small under the same or lower size standard unless it is first recertified as small by SBA. If a concern does so, it may be in violation of criminal laws, including section 16(d) of the Small Business Act, 15 U.S.C. 645(d). If the concern has already certified itself as small on a pending procurement or on an application for SBA assistance, the concern must immediately inform the officials responsible for the pending procurement or requested assistance of the adverse size determination.

(h) Limited reopening of size determinations. In cases where the size determination contains clear administrative error or a clear mistake of fact, SBA may, in its sole discretion, reopen the size determination to correct the error or mistake, provided no appeal has been filed with OHA.

[61 FR 3286, Jan. 31, 1996, as amended at 67 FR 47245, July 18, 2002; 69 FR 29207, May 21, 2004]

§ 121.1010 How does a concern become recertified as a small business?

(a) A concern may request SBA to recertify it as small at any time by filing an application for recertification with the Government Contracting Area Office responsible for the area in which the headquarters of the applicant is located, regardless of the location of parent companies or affiliates. No particular form is prescribed for the application; however, the request for recertification must be accompanied by a current completed SBA Form 355 and any other information sufficient to show a significant change in its ownership, management, or other factors bearing on its status as a small concern.

(b) Recertification will not be required nor will the prohibition against future self-certification apply if the adverse SBA size determination is based solely on a finding of affiliation due to a joint venture (e.g., ostensible subcontracting) limited to a particular Government procurement or property sale, or is based on an ineligible manufacturer where the eligible small business bidder or offeror is a nonmanufacturer on a particular Government procurement.

(c) A denial of an application for recertification is a formal size determination and may be reviewed by OHA at the discretion of that office.

(d) The granting of an application for recertification has future effect only. While it is a formal size determination, notice of recertification is required to be given only to the applicant.

APPEALS OF SIZE DETERMINATIONS AND
NAICS CODE DESIGNATIONS

§ 121.1101 Are formal size determinations subject to appeal?

(a) Appeals from formal size determinations may be made to OHA. Unless an appeal is made to OHA, the size determination made by a SBA Government Contracting Area Office or Disaster Area Office is the final decision of the agency. The procedures for appealing a formal size determination to OHA are set forth in part 134 of this chapter. The OHA appeal is an administrative remedy that must be exhausted before judicial review of a formal size

determination may be sought in a court.

(b) OHA will not review a formal size determination where the contract has been awarded and the issue(s) raised in a petition for review are contract specific, such as compliance with the non-manufacturer rule (*see* § 121.406(b)), or joint venture or ostensible subcontractor rule (*see* § 121.103(h)).

[69 FR 29207, May 21, 2004]

§ 121.1102 Are NAICS code designations subject to appeal?

A NAICS code designation made by a procuring activity contracting officer may be appealed to OHA. The procedures governing OHA appeals are set forth in part 134 of this chapter. The OHA appeal is an administrative remedy that must be exhausted before judicial review of a NAICS code designation may be sought in a court.

[67 FR 47245, July 18, 2002]

§ 121.1103 What are the procedures for appealing a NAICS code designation?

(a) Any interested party adversely affected by a NAICS code designation may appeal the designation to OHA. The only exception is that, for a sole source contract reserved under SBA's 8(a) Business Development program (*see* part 124 of this chapter), only SBA's Associate Administrator for 8(a) Business Development may appeal the NAICS code designation.

(b) The contracting officer's determination of the applicable NAICS code is final unless appealed as follows:

(1) An appeal from a contracting officer's NAICS code designation and applicable size standard must be served and filed within 10 calendar days after the issuance of the initial solicitation. OHA will summarily dismiss an untimely NAICS code appeal.

(2)(i) The appeal petition must be in writing and must be sent to the Office of Hearings & Appeals, U.S. Small Business Administration, 409 3rd Street, SW., Suite 5900, Washington, DC 20416.

(ii) There is no required format for a NAICS code appeal, but an appeal must include the following information: the solicitation or contract number; the

name, address, and telephone number of the contracting officer; a full and specific statement as to why the NAICS code designation is erroneous, and argument in support thereof; and the name, address and telephone number of the appellant or its attorney.

(3) The appellant must serve the appeal petition upon the contracting officer who assigned the NAICS code to the acquisition and SBA's Office of General Counsel, Associate General Counsel for Procurement Law, 409 3rd Street, SW., Washington, DC 20416.

(4) Upon receipt of a NAICS code appeal, OHA will notify the contracting officer by notice and order of the date OHA received the appeal, the docket number, and the Judge assigned to the case. The contracting officer's response to the appeal must include argument and supporting evidence (see part 134, subpart C, of this chapter) and must be received by OHA within 10 calendar days from the date of the docketing notice and order, unless otherwise specified by the Judge. Upon receipt of OHA's docketing notice and order, the contracting officer must immediately send to OHA a copy of the solicitation relating to the NAICS code appeal.

(5) After close of the record, OHA will issue a decision and inform all interested parties, including the appellant and contracting officer. If OHA's decision is received by the contracting officer before the date offers are due, the solicitation must be amended if the contracting officer's designation of the NAICS code is reversed. If OHA's decision is received by the contracting officer after the due date of initial offers, the decision will not apply to the pending procurement, but will apply to future solicitations for the same products or services.

[69 FR 29207, May 21, 2004]

Subpart B—Other Applicable Provisions

WAIVERS OF THE NONMANUFACTURER RULE FOR CLASSES OF PRODUCTS AND INDIVIDUAL CONTRACTS

§ 121.1201 What is the Nonmanufacturer Rule?

The Nonmanufacturer Rule is set forth in § 121.406(b).

§ 121.1202 When will a waiver of the Nonmanufacturer Rule be granted for a class of products?

(a) A waiver for a class of products (class waiver) will be granted when there are no small business manufacturers or processors available to participate in the Federal market for that class of products.

(b) *Federal market* means acquisitions by the Federal Government from offerors located in the United States, or such smaller area as SBA designates if it concludes that the class of products is not supplied on a national basis.

(1) When considering the appropriate market area for a product, SBA presumes that the entire United States is the relevant Federal market, unless it is clearly demonstrated that a class of products cannot be procured on a national basis. This presumption may be particularly difficult to overcome in the case of manufactured products, since such items typically have a market area encompassing the entire United States.

(2) When considering geographic segmentation of a Federal market, SBA will not necessarily use market definitions dependent on airline radius, political, or SBA regional boundaries. Market areas typically follow established transportation routes rather than jurisdictional borders. SBA examines the following factors, among others, in cases where geographic segmentation for a class of products is urged:

(i) Whether perishability affects the area in which the product can practically be sold;

(ii) Whether transportation costs are high as a proportion of the total value of the product so as to limit the economic distribution of the product;

(iii) Whether there are legal barriers to transportation of the item;

(iv) Whether a fixed, well-delineated boundary exists for the purported market area and whether this boundary has been stable over time; and

(v) Whether a small business, not currently selling in the defined market area, could potentially enter the market from another area and supply the market at a reasonable price.

(c) *Available to participate* in the context of the Federal market means that

contractors exist that have been awarded or have performed a contract to supply a specific class of products to the Federal Government within 24 months from the date of the request for waiver, either directly or through a dealer, or who have submitted an offer on a solicitation for that class of products within that time frame.

(d) *Class of products* is an individual subdivision within an NAICS Industry Number as established by the Office of Management and Budget in the NAICS Manual.

[61 FR 3286, Jan. 31, 1996, as amended at 65 FR 30863, May 15, 2000]

§ 121.1203 When will a waiver of the Nonmanufacturer Rule be granted for an individual contract?

An individual waiver for a product in a specific solicitation will be approved when the SBA Associate Administrator for Government Contracting reviews and accepts a contracting officer's determination that no small business manufacturer or processor can reasonably be expected to offer a product meeting the specifications of a solicitation, including the period of performance.

§ 121.1204 What are the procedures for requesting and granting waivers?

(a) *Waivers for classes of products.* (1) SBA may, at its own initiative, examine a class of products for possible waiver of the Nonmanufacturer Rule.

(2) Any interested person, business, association, or Federal agency may submit a request for a waiver for a particular class of products. Requests should be addressed or hand-carried to the Associate Administrator of Government Contracting, Small Business Administration, 409 3rd Street SW., Washington, DC 20416.

(3) Requests for a waiver of a class of products need not be in any particular form, but should include a statement of the class of products to be waived, the applicable NAICS code, and detailed information on the efforts made to identify small business manufacturers or processors for the class.

(4) If SBA decides that there are small business manufacturers or processors in the Federal procurement market, it will deny the request for waiver,

issue notice of the denial, and provide the names, addresses, and telephone numbers of the sources found. If SBA does not initially confirm the existence of small business manufacturers or processors in the Federal market, it will:

(i) Publish notices in the Commerce Business Daily and the FEDERAL REGISTER seeking information on small business manufacturers or processors, announcing a notice of intent to waive the Nonmanufacturer Rule for that class of products and affording the public a 15-day comment period; and

(ii) If no small business sources are identified, publish a notice in the FEDERAL REGISTER stating that no small business sources were found and that a waiver of the Nonmanufacturer Rule for that class of products has been granted.

(5) An expedited procedure for issuing a class waiver may be used for emergency situations, but only if the contracting officer provides a determination to the Associate Administrator for Government Contracting that the procurement is proceeding under the authority of FAR § 6.302-2 (48 CFR 6.302-2) for "unusual and compelling urgency," or provides a determination materially the same as one of unusual and compelling urgency. Under the expedited procedure, if a small business manufacturer or processor is not identified by a PASS search, the SBA will grant the waiver for the class of products and then publish a notice in the FEDERAL REGISTER. The notice will state that a waiver has been granted, and solicit public comment for future procurements.

(6) The decision by the Associate Administrator for Government Contracting to grant or deny a waiver is the final decision by the Agency.

(7) A waiver of the Nonmanufacturer Rule for classes of products has no specific time limitation. SBA will, however, periodically review existing class waivers to the Nonmanufacturer Rule to determine if small business manufacturers or processors have become available to participate in the Federal market for the waived classes of products and the waiver should be terminated.

(i) Upon SBA's receipt of evidence that a small business manufacturer or processor exists in the Federal market for a waived class of products, the waiver will be terminated by the Associate Administrator for Government Contracting. This evidence may be discovered by SBA during a periodic review of existing waivers or may be brought to SBA's attention by other sources.

(ii) SBA will announce its intent to terminate a waiver for a class of products through the publication of a notice in the FEDERAL REGISTER, asking for comments regarding the proposed termination.

(iii) Unless public comment reveals that no small business manufacturer or processor in fact exists for the class of products in question, SBA will publish a final Notice of Termination in the FEDERAL REGISTER.

(b) *Individual waivers for specific solicitations.* (1) A contracting officer's request for a waiver of the Nonmanufacturer Rule for specific solicitations need not be in any particular form, but must, at a minimum, include:

(i) A definitive statement of the specific item to be waived and justification as to why the specific item is required;

(ii) The solicitation number, NAICS code, dollar amount of the procurement, and a brief statement of the procurement history;

(iii) A determination by the contracting officer that there are no known small business manufacturers or processors for the requested items (the determination must contain a narrative statement of the contracting officer's efforts to search for small business manufacturers or processors of the item and the results of those efforts, and a statement by the contracting officer that there are no known small business manufacturers for the items and that no small business manufacturer or processor can reasonably be expected to offer the required items); and

(iv) For contracts expected to exceed \$500,000, a copy of the Statement of Work.

(2) Requests should be addressed to the Associate Administrator for Government Contracting, Small Business

Administration, 409 3rd Street, SW., Washington, DC 20416.

(3) SBA will examine the contracting officer's determination and any other information it deems necessary to make an informed decision on the individual waiver request. If SBA's research verifies that no small business manufacturers or processors exist for the item, the Associate Administrator for Government Contracting will grant an individual, one-time waiver. If a small business manufacturer or processor is found for the product in question, the Associate Administrator will deny the request. Either decision represents a final decision by SBA.

[61 FR 3286, Jan. 31, 1996, as amended at 65 FR 30863, May 15, 2000]

§ 121.1205 How is a list of previously granted class waivers obtained?

A list of classes of products for which waivers of the Nonmanufacturer Rule have been granted is maintained in SBA's Web site at www.sba.gov/GC/approved.html. A list of such waivers may also be obtained by contacting the Office of Government Contracting, U.S. Small Business Administration, 409 3rd Street, SW., Washington, DC 20416, or the nearest SBA Government Contracting Area Office.

[69 FR 29208, May 21, 2004]

PART 123—DISASTER LOAN PROGRAM

Subpart A—Overview

Sec.

123.1 What do these rules cover?

123.2 What are disaster loans and disaster declarations?

123.3 How are disaster declarations made?

123.4 What is a disaster area and why is it important?

123.5 What kinds of loans are available?

123.6 What does SBA look for when considering a disaster loan applicant?

123.7 Are there restrictions on how disaster loans can be used?

123.8 Does SBA charge any fees for obtaining a disaster loan?

123.9 What happens if I don't use loan proceeds for the intended purpose?

123.10 What happens if I cannot use my insurance proceeds to make repairs?

123.11 Does SBA require collateral for any of its disaster loans?

123.12 Are books and records required?
