Public reporting burden for this collection of information is estimated to average 30 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining data needed, and completing and reviewing the information. Send comments regarding this burden estimate or suggestions for reducing this burden to: National Marine Fisheries Service, Permit Office, One Blackburn Drive, Gloucester, MA 01930-2298. The Paperwork Reduction Act requires that potential respondents for a fishing vessel permit be notified of certain information regarding their rights and the burden associated with applying for Federal fisheries permits. One of the regulatory steps taken by the National Marine Fisheries Service to carry out its conservation and management objectives is the requirement of a permit for users of the resources. All the fisheries included on this application require a permit to fish for or retain specifically recognizes the need for permit issuance. The purpose and use of these permits are to (1) register industry participants and fishing vessels, (2) list the characteristics of fishing vessels, (3) exercise influence over compliance, (4) provide a mailing list for the dissemination of important information to the industry, (5) register participants to be considered to limited entry, and (6) provide a universe for data collection samples. Both the MSFCMA and Executive Orders 12866 et al, require the determination of this information. Notwithstanding any other provision of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number. Any information submitted by any person to obtain a permit is not confidential, and may be disclosed upon request. Revised 8/26/2005 OMB# 0648-0202 Expires 6/30/2007

				Diving Gear	1400

❖ Section 4: Owner's Signature

Please sign and date the form. Unsigned, or otherwise incomplete applications, will be returned. Your signature is an affirmation, under penalty of perjury, that all the information provided in obtaining this permit is true and correct. Submitting false information in connection with an application could subject you to criminal/civil penalties or permit sanctions. [18 U.S.C. 1001]

❖ Section 5: Additional Documents Required

5A - Certificate of incorporation, partnership agreement or annual reports

If the vessel is owned by a corporation or a partnership, the following information must be submitted with the application form:

- A copy of the Certificate of Incorporation must be submitted once. Each year, documents showing current corporate status and all officers and shareholders owning 25% or more of the shares in the corporation must be submitted.
- The list of corporate officers and shareholders must include their addresses (examples of acceptable documentation include Minutes from the Corporation Annual Meeting listing the names and addresses of the officers and stockholders, or a signed and dated letter from a Corporate Officer listing the names and addresses of current officers and stockholders).
- Partnerships must submit a copy of the partnership agreement once. Each year, the names and addresses of all partners must be submitted.

5B - Scallop Vessels Owned

If applying for a limited access sea scallop permit, all owners of the vessel must attach a completed NMFS scallop ownership form listing all vessels in which they personally have ownership interests that also have limited access permits in the Atlantic Sea Scallop fishery.

5C - USCG Documentation/State Registration

A copy of the vessel's valid US Coast Guard Documentation, or, if undocumented, a copy of the vessel's current State Registration. Permit applications will not be accepted if the vessel registration has expired before National Marine Fisheries Service receives it.

5D - Charter/Party Permit

If you are applying for a charter/party permit, you must submit a copy of one of the following documents:

- Valid state license showing the vessel is authorized to carry charter/party passengers.
- Valid US Coast Guard Documentation showing vessel is documented for "Coastwise" trade.
- Valid US Coast Guard license to operate or navigate passenger-carrying vessels.

5E - Atlantic Herring Fishery

If you catch or land or intend to catch or land more than 500mt of Atlantic Herring during this calendar year, or, if your vessel caught or landed more than 500 mt of Atlantic herring in the previous fishing year, submit a signed statement verifying that you did so, or that you intend to do so, and attach a copy of a vendor installation receipt from a NMFS-approved Vessel Monitoring System (VMS) vendor, as described in Section 648.9 of the regulations for the Fisheries of the Northeastern United States.

Description of Northeast Fisheries Permits – Categories Are Shaded

❖ Atlantic Sea Scallop

Open Access Permit: Further restrictions may apply. Refer to Northeast Fisheries Regulations.

1A	General non-VMS: Fish for, possess or land no more than 40 lbs of shucked or 5 bu of in-shell scallops per trip. This category includes all gear types.
1B	General VMS required: Fish for, possess or land no more than 400 lbs of shucked or 50 bu of in-shell scallops per trip. Vessel Monitoring System (VMS) required to be installed onboard vessel. This category includes all gear types.

Limited Access Permits: These permits may only be issued to vessels that have previously held them or to approved replacements of such vessels. All permits issued will be valid for the entire fishing year. A vessel owner has 45 days from the first effective date of the permit within a permit year to make a change to the limited access Sea Scallop permit category. If you are applying for a limited access scallop permit, you must attach a completed NMFS scallop ownership (see section 5B for details). Further restrictions may apply, refer to Northeast Fisheries Regulations.

2	Full-Time: * This category includes all gear types except bottom trawl.
3	Part-Time: * This category includes all gear types except bottom trawl.
4	Occasional: This category includes all gear types except bottom trawl.
5	Full-Time Small Dredge: * Category 3 (Part-Time) vessel may elect this category for the entire year if the vessel uses one dredge no larger than 10.5 ft. and with no more than five people on board. This category is limited to dredge (gear code 410) gear only.
6	Part-Time Small Dredge: * Category 4 (Occasional) vessel may elect this category for the entire year if the vessel uses one dredge no larger than 10.5 ft. and with no more than five people on board. This category is limited to dredge (gear code 410) gear only.
7	Full-Time: Authorized to use trawl nets: * This category is limited to bottom trawl nets (gear code 310) gear only.
8	Part-Time: Authorized to use trawl nets: * This category is limited to bottom trawl nets (gear code 310) gear only.
9	Occasional: Authorized to use trawl nets: This category is limited to bottom trawl nets (gear code 310) gear only.

*** Vessel Monitoring System (VMS) required to be installed and in continuous operation onboard the vessel.**

❖ Northeast Multispecies

“Regulated” species: Cod, haddock, yellowtail flounder, pollock, redfish (ocean perch), winter flounder (blackback), American plaice (dab), witch flounder (grey sole), windowpane flounder (sand dab) and white hake

Other Northeast multispecies: Silver hake (whiting), red hake (ling), offshore hake, ocean pout, and Atlantic halibut.

Limited Access Permits: These permits may only be issued to vessels that have previously held them or to approved replacements of such vessels. Please note: All permits issued will be valid for the entire fishing year. A NE multispecies limited access permit holder has 45 days from the first effective date of his/her permit within a permit year to make a change to the NE multispecies permit category. Further restrictions may apply to specific categories. Refer to Northeast Fisheries Regulations.

A	Individual DAS: This category includes all gear types except dredge gear.
C	Small Vessel Exemption: (less than or equal to 30 feet) This category includes all gear types except dredge gear.
D	Hook Gear: (Vessels in this category may not change category) This category is limited to handlines (gear code 911), rod and reel (gear code 912), tub trawl (gear code 913) and longlines (gear code 920) gear only.
E	Combination Vessels: (Vessels in this category may not change category) This category includes all gear types except a dredge.
F	Large Mesh Individual DAS: Category A (Individual DAS) or E (Combination) vessels may elect this category for the entire year providing the vessel meets the following requirements. Category A DAS for vessels fishing under this permit category will be increased by 36%. These vessels must fish with either gillnets or trawl nets having a minimum of 8.5-inch square or diamond mesh when fishing in the Gulf of Maine, Georges Bank, or Southern New England Regulated Mesh Areas, and 7.5-inch diamond or 8.0-inch square mesh when fishing in the Mid-Atlantic Regulated Mesh Area. This category is limited to gear types/codes 120, 210, 220, 310, 320, 330 and 700 only.
HA	Handgear A: (Vessels in this category may not change category) The vessel may possess and land up to 300 lb cod, one Atlantic halibut, and daily possession limit restrictions allowed for the remaining regulated species. This category is limited to rod and reel (gear code 912), handline (gear code 911) or tub trawl (gear code 913) gear only.

Open Access Permits: Further restrictions may apply to specific categories. Refer to Northeast Fisheries Regulations.

HB	Handgear B: The vessel may possess and land up to 75 lb cod, one Atlantic halibut, and the daily possession limit restrictions allowed for the remaining regulated species. This category includes rod and reel (gear code 912), handline (911) or tub trawl (gear code 913) gear only.
I	Charter/Party: The vessel may possess and land multispecies in the EEZ when carrying passengers for hire. This category is limited to rod and reel (gear code 912) and handline (gear code 911) gear only. See Section 5D for additional information.
J	Scallop Multispecies Possession Limit: The vessel may possess and land up to 300 lb of regulated species while fishing under a scallop DAS. Vessel must have a Limited Access Scallop Permit to qualify for this category. This category includes all gear types.
K	Open Access Multispecies: The vessel may fish for silver hake (whiting), red hake (ling), offshore hake, ocean pout, or Atlantic halibut when participating in an exempted fishing program. This category includes all gear types.

❖ Monkfish

Limited Access Permits: These permits may only be issued to vessels that have previously held them or to approved replacements of such vessels. Further restrictions may apply to specific categories. Refer to Northeast Fisheries Regulations.

A	Vessels may elect this category that were issued permits in this category in the previous fishing year and that do not possess a limited access multispecies permit or a limited access scallop permit. This category includes all gear types except dredge gear.
B	Vessels may elect this category that were issued permits in this category in the previous fishing year and that do not possess a limited access multispecies permit or a limited access scallop permit that are less than 51 Gross Registered Tons (GRT) and do not qualify for a Category A permit. This category includes all gear types except dredge.
C	Vessels may elect this category that were issued permits in this category in the previous fishing year and that do not possess a limited access multispecies permit or a limited access scallop permit. This category includes all gear types except dredge.
D	Vessels may elect this category that were issued permits in this category in the previous fishing year and that also possess a limited access multispecies permit or a limited access scallop permit that are less than 51 Gross Registered Tons (GRT) and do not qualify for a Category C permit. This category includes all gear types except dredge.
F	Offshore Fishery Program: Vessels may elect this category that were issued permits in any of the other monkfish limited access permit categories in the previous fishing year. Vessels electing this category must have an operational vessel monitoring system (VMS) installed on the vessel, and are restricted to fishing under a monkfish DAS during the specified season of October 1 – April 30 each year and within the Offshore Fishery Program area. This category includes all gear types.

Vessels Fishing South of 38° 20 N. Lat. – Vessels issued a limited access Category G or H permit are restricted to fishing under a monkfish DAS in the area south of 38° 20 N. lat.

G	Vessels that do not qualify for a monkfish limited access Category A, B, C, or D permit that landed at least 50,000 lb tail-weight or 166,000 lb whole weight of monkfish in the area south of 38°N. lat. during the period March 15 through June 15 in the years 1995 to 1998, may elect this permit category with proof of monkfish landings. The application deadline for this permit is April 30, 2006. This category includes all gear types.
H	Vessels that do not qualify for a monkfish limited access Category A, B, C, D, or G permit that landed at least 7,500 lb tail-weight or 24,900 lb whole weight of monkfish in the area south of 38°N. lat. during the period March 15 through June 15 in the years 1995 to 1998, may elect this permit category with proof of monkfish landings. The application deadline for this permit is April 30, 2006. This category includes all gear types.

Open Access Permit: This permit may be issued to any vessel not issued a monkfish limited access permit—to fish for, possess, or land monkfish. Further restrictions may apply to this category. Refer to Northeast Fisheries Regulations.

E	Incidental Catch: Allows a vessel to possess and land a limited amount of monkfish, depending on fishing year, area fished, and gear fished. For specific limit amounts, contact the Sustainable Fisheries Division at 978-281-9315. This category includes all gear types.
----------	--

Area Declaration: Please note that vessels fishing exclusively in the Northern Fishery Management Area for monkfish may request a Southern Fishery Management Area Exemption Certificate. Contact Northeast Permit Operations at 978-281-9370.

❖ Surfclam/Ocean Quahog

Open Access Permits: Further restrictions may apply to specific categories. Refer to Northeast Fishery Regulations.

1	Surfclam: The vessel may fish for surfclams. * This category is limited to dredge (gear code 410) gear only.
6	Ocean Quahog: The vessel may fish for ocean quahogs. * This category is limited to dredge (gear code 410) gear only.

* To possess and land surfclams or ocean quahogs from the EEZ, an allocation of quota is required. For more information call 978-281-9315.

Limited Access Permit: These permits may only be issued to vessels that have previously held them or to approved replacements of such vessels. Further restrictions may apply to this category. Refer to Northeast Fisheries Regulations.

7	Maine Mahogany Quahog: The vessel may harvest and land ocean quahogs without an allocation from the EEZ in the area north of 43° 50' N latitude. This category is limited to dredge (gear code 410) gear only.
---	---

❖ Summer Flounder (Fluke)

Limited Access Permit: These permits may only be issued to vessels that have previously held them or to approved replacements of such vessels. Further restrictions may apply to this category. Refer to Northeast Fisheries Regulations.

1	Fluke Commercial Moratorium: This category includes all gear types.

Open Access Permit: Further restrictions may apply to this category. Refer to Northeast Fisheries Regulations.

2	Charter/Party: May fish for or possess summer flounder in the EEZ while carrying passengers for hire. See Section 5D for additional information. This category includes all gear types.
---	--

❖ Scup (Porgy)

Limited Access Permit: These permits may only be issued to vessels that have previously held them or to approved replacements of such vessels. Further restrictions may apply to this category. Refer to Northeast Fisheries Regulations.

1	Scup Commercial Moratorium: This category includes all gear types.
---	---

Open Access Permit: Further restrictions may apply to this category. Refer to Northeast Fisheries Regulations.

2	Charter/Party: May fish for or possess scup in the EEZ while carrying passengers for hire. See Section 5D for additional information. This category includes all gear types.
---	---

❖ Black Sea Bass

Limited Access Permit: These permits may only be issued to vessels that have previously held them or to approved replacements of such vessels. Further restrictions may apply to this category. Refer to Northeast Fisheries Regulations.

1	Black Sea Bass Commercial Moratorium: This category includes all gear types.
---	---

Open Access Permit: Further restrictions may apply to this category. Refer to Northeast Fisheries Regulations.

2	Charter/Party: The vessel may fish for or possess black sea bass in the EEZ north of 35° 15.3' N. latitude while carrying passengers for hire. See Section 5D for additional information. This category includes all gear types.
---	---

❖ Squid, Atlantic Mackerel, and Butterfish

Limited Access Permits: These permits may only be issued to vessels that have previously held them or to approved replacements of such vessels. Further restrictions may apply to specific categories. Refer to Northeast Fisheries Regulations.

1	Loligo/Butterfish Moratorium: This category includes all gear types.
5	Illex Squid Moratorium: This category includes all gear types.

Open Access Permits: Further restrictions may apply to specific categories. Refer to Northeast Fisheries Regulations.

2	Squid/Mackerel/Butterfish Charter/Party: May fish for or possess Loligo or Illex squid, mackerel or butterfish in the EEZ while carrying passengers for hire. See Section 5D for additional information. This category includes all gear types.
3	Squid/Butterfish Incidental Catch: May fish commercially in the EEZ for up to 2,500 lb of Loligo squid or butterfish and 10,000 lb of Illex squid per trip. This category includes all gear types.
4	Atlantic Mackerel: May commercially fish for Atlantic mackerel in the EEZ. This category includes all gear types. Atlantic mackerel at-sea processing vessels must apply for a permit as a dealer/processor. Contact Northeast Permit Operations at (978) 281-9370 for information.

❖ Spiny Dogfish

Open Access Permit: Further restrictions may apply to this category. Refer to Northeast Fisheries Regulations.

1	General: May commercially fish for, possess, or land spiny dogfish caught in or from the EEZ. This category includes all gear types.
----------	---

❖ Atlantic Bluefish

Open Access Permits: Further restrictions may apply to specific categories. Refer to Northeast Fisheries Regulations.

1	Commercial: May possess or harvest Atlantic bluefish from the EEZ in excess of the daily possession limit. This category includes all gear types.
2	Charter/Party: Vessel may fish for or possess Atlantic bluefish from the EEZ while carrying passengers for hire. See Section 5D for additional information. This category includes all gear types.

❖ Atlantic Herring

Open Access Permits: Further restrictions may apply to specific categories. Refer to Northeast Fisheries Regulations.

1	If you catch or land or intend to catch or land more 500 mt of Atlantic herring during this calendar year, or did catch or did land more than 500 mt of Atlantic herring in the last calendar year. An operational Vessel Monitoring System is required to be onboard the vessel for this category. See Section 5E for additional information. This category includes all gear types.
2	For vessels that did not catch more than 500 mt of Atlantic herring in the previous calendar year or will not catch more than 500 mt of Atlantic herring during the current calendar year. This category includes all gear types.
3	Processing permit: A vessel of the United States that is > 165 feet (50.3m) LOA, or > 750 GRT (680.4 mt) is eligible to obtain an Atlantic herring processing permit to receive and process Atlantic herring subject to the U.S. at-sea processing (USAP) allocation published by the Regional Administrator pursuant to § 648.200. This category does not authorize the harvest of Atlantic herring, only the receiving and processing of Atlantic herring.

❖ **Tilefish**

Limited Access Permits: These permits may only be issued to vessels that have previously held them or to approved replacements of such vessels. Further restrictions may apply to specific categories. Refer to Northeast Fisheries Regulations.

A	Full-time tier 1: This category includes all gear types.
B	Full-time tier 2: This category includes all gear types.
C	Part-time: This category includes all gear types.

Open Access Permit: This permit may be issued to any vessel not issued a tilefish limited access permit—to fish for, possess, or land tilefish in or from the EEZ. Further restrictions may apply to this category. Refer to Northeast Fisheries Regulations.

D	Incidental Catch: A vessel may possess or land tilefish in or from the EEZ up to 133 lb per trip for fishing year 2005. This category includes all gear types.
----------	---

❖ **Skate**

Northeast Skate Complex (Skate) - The following species of skates comprise the NE skate complex and are included under the Federal skate permit: Winter skate; barndoor skate; thorny skate; smooth skate; little skate; clearnose skate; and rosette skate.

**** You may only select Areas 3, 4 or 5 on your application under the following circumstances:**

1. You have received a written Final Determination of Lobster Trap Area Eligibility letter that declares your eligibility and specifies an approved trap allocation.
2. You submitted a Lobster Trap Area Eligibility Application prior to July 31, 2003, and were subsequently issued an interim permit (LOI) to continue fishing in Area 3, 4 or 5 until the end of the 2004 fishing year or until notified by NMFS of your eligibility. If you fall into this category and have not yet been notified of your eligibility, your interim permit can be carried over into the 2005 fishing year.

Public reporting burden for this collection of information is estimated to average 45 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining data needed, and completing & reviewing the information. Send comments regarding this burden estimate or suggestions for reducing this burden to: National Marine Fisheries Service, Northeast Permit Operations, One Blackburn Drive, Gloucester, MA 01930-2298. The Paperwork Reduction Act requires that potential respondents for a fishing vessel permit be notified of certain information regarding their rights and the burden associated with applying for Federal fisheries permits.

One of the regulatory steps taken by the National Marine Fisheries Service to carry out its conservation and management objectives is the requirement of a permit for users of the resources. All the fisheries included on this application require a permit to fish for or retain these species in or from the EEZ, Section 303 (b)(1) of the Magnuson-Stevens Fishery Conservation and Management Act (MSFCMA) specifically recognizes the need for permit issuance. The purpose and use of these permits are to: (1) register industry participants and fishing vessels, (2) list the characteristics of fishing vessels, (3) exercise influence over compliance, (4) provide a mailing list for the dissemination of important information to the industry, (5) register participants to be considered for limited entry, and (6) provide a universe for data collection samples. Both the MSFCMA and Executive Orders 12866 et al. require the determination of this information. Notwithstanding any other provision of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number. Any information submitted by any person to obtain a permit is not confidential, and may be disclosed upon request.
