

Change Request

Communities Putting Prevention to Work 0920-0820

- Date:** September 15, 2009
- Type of Change:** Modification of the information collection instrument entitled “Application: Community Approaches to Chronic Prevention and Control”
- Impact on Burden:** None. There are no changes to the estimated burden per response, or the estimated number of respondents.
- Justification:** The information collection instrument submitted to OMB on 9/14/2009 incorrectly described performance indicators for awardees. The correct information collection instrument is enclosed, which describes application requirements for awardees.
