TEL

I apply for all insurance benefits for which I am eligible under Title II (Federal Old-Age, Survivors, and Disability Insurance) and Part A of Title XVIII (Health Insurance for the Aged and Disabled) of the Social Security Act, as presently amended. The information you furnish on this application will ordinarily be sufficient for a determination on the lump-sum death payment.

*This may also be considered an application for survivors benefits under the Railroad Retirement Act and for Veterans Administration payments under title 38 U.S.C., Veterans Benefits, Chapter 13 (which is, as such, an application for other types of death benefits under title 38).

If you were receiving benefits as a wife/husband at the time of your spouse's death, you need complete only the circled items. All other claimants must complete the entire form.

Collection and Use of Information From Your Application - Privacy Act Notice/Paperwork Act Notice

The Social Security Administration is authorized to collect the information on this form under sections 202, 205, and 223 of the Social Security Act. The information you provide will be used by the Social Security Administration to determine if you or a dependent is eligible to insurance coverage and/or monthly benefits. You do not have to give us the requested information. However, if you do not provide the information, we will be unable to make an accurate and timely decision concerning your entitlement or a dependent's entitlement to benefit payments.

The information you provide may be disclosed to another Federal, State or local government agency for determining eligibility for a government benefit or program, to a Congressional office requesting information on your behalf, to an independent party for performance of research and statistical activities, or to the Department of Justice for use in representing the Federal government.

We may also use this information when we match records by computer. Matching programs compare our records with those of other Federal, State, or local government agencies. Many agencies may use matching programs to find or prove that a person qualifies for benefits paid by the Federal government. The law allows us to do this even if you do not agree to it.

Explanations about these and other reasons why information you provide may be used or given out are available in Social Security offices. If you want to learn more about this, contact any Social Security office.

For those under full retirement age, the law requires that a report of earnings be filed with SSA within 3 months and 15 days after the end of any taxable year in which you earn more than the annual exempt amount. You may contact SSA to file a report. Otherwise, SSA will use the earnings reported by your employer(s) and your self-employment tax return (if applicable) as the report of earnings required by law and adjust benefits under the earnings test. It is your responsibility to ensure that the information you give concerning your earnings is correct. You must furnish additional information as needed when your benefit adjustment is not correct based on the earnings on your record.

Move this text under heading "Work and Earnings" (above).

FIGURING YOUR ANNUAL EARNINGS

To figure your total yearly earnings, count all gross wages (before deductions) and net earnings from self-employment which you earn during the entire year. This includes earnings both before and after retirement, and applies to all earned income whether or not covered by Social Security.

In figuring your total yearly earnings, however, DO NOT COUNT ANY AMOUNTS EARNED BEGINNING WITH THE MONTH YOU ATTAIN FULL RETIREMENT AGE. Count only amounts earned before the month you attain full retirement age.

PLEASE READ THE FOLLOWING INFORMATION CAREFULLY BEFORE ANSWERING QUESTION 28.

Benefits may be payable for some months prior to the month in which you file this claim (but not for any month before you reach age 60 (unless you are disabled)) if:

► YOU WILL EARN OVER THE EXEMPT AMOUNT THIS YEAR.

(For the appropriate exempt amount, see "How Your Earnings Affect Your Benefits.")

If your first month of entitlement is prior to full retirement age, your benefit rate will be reduced. However, if you do not actually receive your full benefit amount for one or more months before full retirement age because benefits are withheld due to your earnings, your benefit will be increased at full retirement age to give credit for this withholding. Thus, your benefit amount at full retirement age will be reduced only if you receive one or more full benefit payments prior to the month you attain full retirement age.
