Survey Monkey – Survey Form**

This evaluation was performed by Jim Thatcher and Kathleen Wahlbin during May 2008. We evaluated the Survey Monkey end user survey form only.

Criteria	Support	Remarks
1194.22(a) A text equivalent for every non-text element shall be provided (e.g., via "alt", "longdesc", or in element content).	Full	All images have appropriate alt-text.
1194.22(b) Equivalent alternatives for any multimedia presentation shall be synchronized with the presentation.	N/A	No multimedia presentations.
1194.22(c) Web pages shall be designed so that all information conveyed with color is also available without color, for example from context or markup.	Full	Color alone does not convey information.
1194.22(d) Documents shall be organized so they are readable without requiring an associated style sheet. EK: Will have to open in a separate window.	Full	Style sheets are used, but pages are readable with style sheets disabled.
1194.22(e) Redundant text links shall be provided for each active region of a server-side image map.	N/A	No image maps.
1194.22(f) Client-side image maps shall be provided instead of server-side image maps except where the regions cannot be defined with an available geometric shape.	N/A	No Image maps.
1194.22(g) Row and column headers shall be identified for data tables.	Full	Table header (th) and appropriate scope attribute are used to specify headers on all data tables.
1194.22(h) Markup shall be used to associate data cells and header cells for data tables that have two or more logical levels of row or column headers.	N/A	No complex tables.
1194.22(i) Frames shall be titled with text that facilitates frame identification and navigation	N/A	No frames
1194.22(j) Pages shall be designed to avoid causing the screen to flicker with a frequency greater than 2 Hz and lower than 55 Hz.	N/A	No Flicker

Survey Monkey – Survey Form**

This evaluation was performed by Jim Thatcher and Kathleen Wahlbin during May 2008. We evaluated the Survey Monkey end user survey form only.

Criteria	Support	Remarks
1194.22(k) A text-only page, with equivalent information or functionality, shall be provided to make a web site comply with the provisions of this part, when compliance cannot be accomplished in any other way. The content of the text-only page shall be updated whenever the primary page changes.	N/A	Pages are accessible without text-only alternatives.
1194.22(l) When pages utilize scripting languages to display content, or to create interface elements, the information provided by the script shall be identified with functional text that can be read by Assistive Technology.	Full	Scripting is present but all occurrences are accessible.
1194.22(m) When a web page requires that an applet, plug-in or other application be present on the client system to interpret page content, the page must provide a link to a plug-in or applet that complies with 1194.21(a) through (l).	N/A	No applets or plug-ins required.
1194.22(n) When electronic forms are designed to be completed on-line, the form shall allow people using Assistive Technology to access the information, field elements, and functionality required for completion and submission of the form, including all directions and cues.	Full	The developers for Survey Monkey have gone out of their way to create truly accessible forms. The work correctly and they work well with Screen Readers. A very good job on this key provision for Survey Monkey.
1194.22(o) A method shall be provided that permits users to skip repetitive navigation links.	Full	Headings markup (h1, h2, etc) provides convenient navigation through the questions of the Survey.
1194.22(p) When a timed response is required, the user shall be alerted and given sufficient time to indicate more time is required.	N/A	No timed responses.

Assessment of compliance is based on the knowledge, experience, and best judgment of the consultant. No warranties or guarantees are implied. The consultant shall not be liable for any special, indirect, incidental, consequential, punitive or exemplary damages based on this work.
