EXECUTIVE SUMMARY

(Applicants for a Cooperative Agreement Should Read This Notice in Its Entirety)

The U.S. Department of Labor (USDOL or Department), Veterans' Employment and Training Service (VETS), announces a cooperative agreement competition under 38 U.S.C. Section 2021, as added by Section 5 of Public Law 107–95, the Homeless Veterans Comprehensive Assistance Act of 2001 (HVCAA). Section 2021 authorizes programs to expedite the reintegration of homeless Veterans into the labor force. In order to assist the USDOL–VETS in carrying out 38 U.S.C. 2021, it is announcing the availability of funds for cooperative agreement(s) to assist in maintaining and improving upon the National Technical Assistance Center (NTAC) for the Homeless Veterans' Reintegration Program (HVRP).

The primary objective of the HVRP NTAC is to provide general technical assistance on Veterans' homelessness programs and issues to existing HVRP grantees (approximately 80 grantees nationwide), potential HVRP applicants, employers, Veterans Service Organizations, federal, state, and local agency partners, non-profit organizations (including faith-based and community organizations), the general public, and other interested stakeholders. Successful applicant(s) will assist USDOL–VETS by providing general technical assistance and guidance to eligible HVRP entities to improve their programs that help homeless Veterans. Applicants will also be responsible for developing, conducting, and documenting extensive outreach efforts to national, state, and local employers to increase their awareness of HVRP and its objectives in order to increase employment and training opportunities for homeless Veterans. Applicants will

also be responsible for assisting USDOL–VETS by contacting current HVRP grantees in order to extract, document, and share at least twenty (20) “best practices” or other case-study oriented overviews, as defined by USDOL-VETS, with HVRP grantees and potential applicants. Finally, applicants will assist USDOL–VETS by conducting general research and program improvement based studies, as determined by USDOL–VETS.

Entities that are interested in assisting USDOL–VETS in providing technical assistance are to be aware that historically the HVRP annually receives thousands of nationwide inquiries via telephone, written correspondence, and e-mail concerning homeless Veterans and HVRP in general. Under the direction and supervision of USDOL-VETS, the awardee(s) will be responsible for answering a large number of these technical assistance inquiries and/or suggesting strategies for the USDOL-VETS to effectively address the issues and concerns contained within these inquiries. In addition, under the cooperative agreement(s), qualified entities may also be required to provide conference planning and management support and video or teleconferencing services via a web-based process to facilitate the distribution of information to grantees, potential grantees, and other interested parties.

Applicants are to be aware of and assist USDOL–VETS and their grantees in implementing the primary HVRP objectives:

- (1) To provide services to assist in reintegrating homeless Veterans into meaningful employment within the labor force, and

(2) To stimulate the development of effective service delivery systems that will address the complex problems facing homeless Veterans.

Under this solicitation for cooperative agreement(s) covering PY2010, VETS anticipates that up to \$750,000 will be available for awarding cooperative agreement award(s) with a \$500,000 maximum for any one award. Depending on the quality and content of the applications received, USDOL-VETS expects to award one (1) or two (2) cooperative agreement(s).

This notice contains all of the necessary information and forms to apply for funding. The period of performance for the PY2010 cooperative agreement(s) will be July 1, 2010 through June 30, 2011. An additional two (2) option years of funding may be available, depending upon Congressional appropriations and availability, the agency's decision to exercise the option year(s) of funding, and the awardee(s) satisfactory technical and financial performance.

There may be future addendums to this solicitation published on www.grants.gov and/or the VETS website. All applicants are responsible for checking back to www.grants.gov and the VETS website regularly to ensure they have all of the latest information regarding any updates to this solicitation.

I. FUNDING OPPORTUNITY DESCRIPTION

The USDOL-VETS announces a cooperative agreement competition under Title 38 of the United States Code (U.S.C.) Section 2021, as added by Section 5 of Public Law 107–95, the Homeless Veterans Comprehensive Assistance Act of 2001 (HVCAA). Section 2021 authorizes programs to expedite the reintegration of homeless Veterans into the labor force. In order to assist the USDOL–VETS to fulfill their mandate under Section 2021, the Agency is announcing the availability of funds for the award of one (1) or two (2) cooperative agreement(s) to assist in maintaining and improving upon the National Technical Assistance Center (NTAC) for the Homeless Veterans’ Reintegration Program (HVRP).

The HVRP NTAC’s primary objective is to provide general technical assistance and guidance to existing HVRP grantees (approximately 80 grantees nationwide), potential HVRP applicants, employers, Veterans Service Organizations, federal, state, and local agency partners, nonprofit organizations (including faith-based and community organizations), the general public, and other interested stakeholders seeking information on Veterans’ homelessness programs, issues, concerns, and referrals for additional information and assistance. The USDOL–VETS cooperative agreement(s) require substantial involvement between USDOL–VETS and the awardee(s) during the performance of this project. Such involvement will include active collaboration and participation by USDOL–VETS in the overall direction of the project throughout the period of the award(s).

The USDOL–VETS will provide expertise and guidance in decisions involving strategic planning and program implementation (including the development of a proactive plan to deliver technical assistance to existing HVRP grantees), allocation of resources, key personnel decisions, development and revision of public information materials, and analysis and implementation of any improvement studies or evaluation findings conducted under the cooperative agreement award(s).

There may be future addendums to this solicitation published on www.grants.gov and/or the VETS website. All applicants are responsible for checking back to www.grants.gov and the VETS website regularly to ensure they have all of the latest information regarding any updates to this solicitation.

1. Program Concept and Emphasis:

In order to increase the quality and quantity of HVRP applications received, U.S. DOL–VETS will provide successful applicant(s) with general guidelines on how to gather and electronically disseminate technical assistance and guidance to eligible HVRP entities. In order to assist and increase capacity building of existing HVRP grantees, successful applicant(s) for the cooperative agreement(s) will be responsible for instructing and assisting current HVRP grantees on numerous ways to improved their overall performance to include, but not limited to, identifying additional funding resources for similar and/or complimentary homeless Veterans programs.

Guidance will be provided to successful awardee(s) as they assist USDOL–VETS by developing, conducting, and documenting extensive outreach efforts to national, state, and local employers and other interested stakeholders, to increase their awareness of HVRP and its objectives and to increase job opportunities for homeless Veterans.

Guidance will be provided to successful awardee(s) as they assist USDOL–VETS either by conducting primary and/or secondary data research which may involve interviewing current HVRP grantees (via face-to-face, telephone, written correspondence, or email communications) in order to extract, document, publish, and share their “best practices” with other HVRP grantees and potential HVRP grantees. Entities that are interested in assisting USDOL–VETS in providing technical assistance are to be aware that historically the HVRP receives several thousand nationwide inquiries yearly via telephone, written correspondence, and e-mail concerning homeless Veterans and HVRP in general. Under the direction and supervision of USDOL-VETS, the awardee(s) will be responsible for answering a large number of these technical assistance inquiries and/or suggesting strategies for the USDOL-VETS to effectively address the issues and concerns contained within these inquiries. In addition, under the cooperative agreement(s), qualified entities may also be required to provide conference planning and management support and video or teleconferencing services via a web-based information process to facilitate the distribution of information to grantees, potential grantees, and other interested parties.

In order to provide timely information and updates, it is recommended that successful applicant(s) have an Internet-based website (or develop a website within 30 calendar days of receiving an award) which clearly states and presents information relative to Veteran homelessness and its associated issues and concerns. Successful applicant(s) will plan to gather and electronically disseminate technical assistance information through this website and identify additional resources for assistance that can be readily assessed by current HVRP grantees, potential applicants, Veterans Service Organizations, non-profit organizations (including faith-based and community organizations), federal, state, and local agency partners, the general public, and other interested stakeholders. USDOL–VETS will provide suggestions and guidance to the awardee(s) related to the structure and content of the website and will seek authorization to link to the successful awardee(s) web pages directly from the USDOL–VETS web page at <http://www.dol.gov/vets> as a resource for HVRP technical assistance purposes.

Applicants are to assist USDOL–VETS in implementing the HVRP objectives:

- (1) To provide services to assist in reintegrating homeless Veterans into meaningful employment within the labor force, and
- (2) To stimulate the development of effective service delivery systems addressing the complex problems facing homeless Veterans.

2. Scope and Program Design:

Successful applicants will assist U.S. DOL–VETS in improving the overall awareness of the HVRP and increasing the quality of the general technical and program management assistance provided to existing HVRP grantees. Successful applicants will assist U.S. DOL–VETS in providing outreach to national, state, and local employers for the purpose of increasing employer and other interested stakeholder awareness of the HVRP and its objectives in order to increase job opportunities for homeless Veterans. Successful applicants will assist USDOL–VETS by contacting and interviewing existing HVRP grantees in an effort to extract at least twenty (20) HVRP “best practices” or other case-study oriented overviews, as defined by USDOL-VETS, and summarize the findings associated with their efforts in a manner which is easily accessible from both the awardee(s) and the USDOL-VETS websites. Successful applicant(s) must plan to support the travel and associated costs of sending at least one (1) representative to periodic meetings with USDOL–VETS staff in Washington, DC (at least six times per year). Successful applicant(s) will assist U.S. DOL–VETS by planning to attend and provide general HVRP information at conference(s) sponsored by the USDOL–VETS and other USDOL agency partners such as the Employment and Training Administration, the Office of Disability Employment Policy, Office of Faith-Based and Community Initiatives, and other federal agency partners such as the Department of Veterans’ Affairs, Department of Housing and Urban Development, and Department of Health and Human Services, as well as, various other social service provider organizations that target similar grantees who provide services to homeless persons, Veterans, and homeless Veterans.

II. AWARD INFORMATION

1. Type of Funding Instrument:

Successful applicant(s) will be granted a one (1) year cooperative agreement award with optional funding for an additional two (2) years depending on successful performance and the availability of funds. **Note:** Selection of an organization as an awardee(s) does not constitute final approval of the application and budget as submitted. Before or shortly after the actual award, USDOL-VETS may enter into negotiations about such items as program components, staffing, and funding levels, and administrative systems in place to support the cooperative agreement's successful implementation. If the negotiations do not result in a mutually acceptable submission, the Grant Officer reserves the right to terminate the negotiation and decline to fund the application or terminate the award.

2. Funding Levels:

The total funding available for the cooperative agreement(s) to assist USDOL-VETS in maintaining and improving upon the HVRP NTAC is up to \$750,000. Depending on the quality and content of the applications received, it is anticipated that one (1) or two (2) awards will be made under this solicitation. Awards are expected to range from \$75,000 to a maximum of \$500,000. The USDOL-VETS reserves the right to negotiate the amounts to be awarded under this competition. Please be advised that proposals will be evaluated in part on cost/value and that requests and or proposals exceeding \$500,000

will be considered non-responsive and will not be evaluated. If there are any residual programmatic funds, the USDOL-VETS reserves the right to select for funding the next highest scoring applicant(s) on the competitive list developed for this solicitation for up to one (1) year after the initial performance period begins or June 30, 2011.

3. Period of Performance:

The period of performance will be for the twelve (12) month period of July 1, 2010 to June 30, 2011, unless modified in writing by the Grant Officer. It is expected that successful applicant(s) will begin program operations under this solicitation on July 1, 2010. All program funds must be obligated by June 30, 2011, however, the USDOL-VET reserves the right to require that a limited amount of available funds be obligated and reserved for any potential follow-up and/or closeout activities.

4. Optional Year Funding:

Should Congress appropriate additional funds for HVRP purposes, VETS may consider up to two (2) additional years of optional funding. The Government does *not*, however, guarantee optional year funding for any awardee(s). In deciding whether to exercise any option year(s) of funding, VETS will consider awardee(s) performance during the previous period of operations as follows:

- A. The awardee(s) will be responsible for providing timely responses (within 5 working days) to at least 85% of all the grantee or other interested stakeholder

technical assistance inquiries received and within 10 working days for the remaining 15% of inquiries received;

B. The awardee(s) must have complied with all terms identified in the Solicitation for Cooperative Agreement(s), award document, and General and Special Provisions;

C. The awardee(s) must have successfully performed any and all mutually agreed upon tasks, as directed by USDOL-VETS, which are generally specified under Section I above;

D. All program and fiscal reports must be verified for accuracy and submitted to the Grant Officer Technical Representative by the established due dates.

III. ELIGIBILITY INFORMATION

1. Eligible Applicants:

Applications for funds will be accepted from non-profit organizations, including faith-based and community organizations. If claiming 501(c)(3) status, the Internal Revenue Service statement indicating 501(c)(3) status approval must be submitted. Entities organized under Section 501(c)(4) of the Internal Revenue Code are not eligible to receive funds under this announcement. Section 18 of the Lobbying Disclosure Act of

1995, Public Law 104–65, 109 Stat. 691 (2 U.S.C. 1611) prohibits instituting an award, grant, or loan of federal funds to 501(c)(4) entities that engage in lobbying.

2. Cost Sharing:

Cost sharing and matching funds are not required.

3. Other Eligibility Criteria:

Legal rules pertaining to inherently religious activities by organization that receive Federal Financial Assistance apply to this solicitation. Neutral, non-religious criteria that neither favor nor disfavor religion will be employed in the selection of award recipient(s) and must be employed by awardee(s). The government is generally prohibited from providing direct financial assistance for inherently religious activities. These award funds may not be used for religious instruction, worship, prayer, proselytizing or their inherently religious activities. In this context, the term direct financial assistance means financial assistance that is provided directly by a government entity or an intermediate organization, as opposed to financial assistance that an organization receives as the result of the genuine and independent private choice of a beneficiary. In other contexts, the term “direct” financial assistance may be used to refer to financial assistance that an organization receives directly from the Federal government (also known as “discretionary” assistance), as opposed to assistance that it receives from a State or local government (also known as “indirect” or “block” grant assistance). The term “direct” has the former meaning throughout this paragraph.

There may be future addendums to this solicitation published on Grants.gov and the VETS website. All applicants are responsible for checking back to Grants.gov and the VETS website regularly to ensure they have all of the latest information regarding any updates to this solicitation.

4. Intergovernmental Review: Not Applicable.

5. Funding Restrictions:

A. Proposals exceeding \$500,000 will be considered non-responsive and will not be evaluated.

B. Pre-award costs will not be reimbursed unless specifically agreed upon in writing by the USDOL-VETS.

C. Entities described in Section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities are not eligible to receive funds under this announcement because Section 18 of Public Law No. 104-65, 109 Stat. 691, prohibits the award of Federal funds to these entities.

V. APPLICATION REVIEW INFORMATION

SCA applications will be evaluated on the applicant's capability to perform the work, technical approach, individual staff experience and qualifications, and applicant's past performance as described below in Section V.1. Based on these evaluations, a Competitive Range consisting of the most highly rated proposals will be established. Applicants are advised that the Grant Officer will make the selection of award(s) for a cooperative agreement after a careful evaluation of the proposals by a panel of evaluators

chosen by USDOL–VETS and the Grant Officer. Each panelist will evaluate the proposals for technical acceptability using a range of scores assigned to each factor as described below in Section V.1. The scores for each area in Section V.1., below will then be added and ranked in numerical order. The grant review panel will score each applicant’s proposal based on the grant applicant’s responses to the overall requirements as outlined in this SCA and the selection criteria in Section V.1., and recommend a proposal(s) based on the highest score.

1. Application Evaluation Criteria: Applications may receive up to 100 total points based on the following criteria:

A. Applicant’s overall plan and capability to assist USDOL VETS by maintaining and improving the HVRP NTAC under a cooperative agreement - 20 points.

The Government will evaluate each applicant’s overall plan and capability to assist USDOL VETS by maintaining and improving the HVRP NTAC on the basis of its proposed strategy for providing technical and program management assistance and guidance on a nation-wide or similar basis as described above. The Government will evaluate the applicant's knowledge and ability, based upon a clear understanding and articulation of the components of the HVRP in general and more specifically the role and function of the HVRP NTAC in assisting U.S. DOL VETS in promoting awareness of the HVRP in a positive and knowledgeable manner to the interested stakeholders identified above. Applicants must provide a detailed description of the approaches (with examples) that the applicant will use to assist the U.S. DOL VETS in maintaining and improving the HVRP NTAC. The applicant must demonstrate a strong ability to communicate HVRP objectives and to develop strong relationships with other organizations and interested stakeholders who provide services to Veterans and homeless Veterans or other similar type group of persons. In particular, USDOL VETS will review the following factors:

- The applicant's proposed work plan addresses all of the tasks and subtasks listed above in the SCA.
- The applicant's proposed sequencing, scheduling, and timely completion of tasks/subtasks by phases which demonstrates an clear understanding of the objectives and the applicant's critical role in assisting the government in implementation of the HVRP objectives.
- The applicants' understanding of its role in assisting USDOL VETS in providing general technical and program management assistance and guidance to HVRP grantees, potential applicants, Veterans Service Organizations, non-profit

- The applicant's understanding of its role in relation to parties other than USDOL VETS federal and contractor staff, i.e., employers, organizations that support Veterans, State Workforce Agencies, the Disabled Veterans' Outreach Program and Local Veterans' Employment Representative staff, Workforce Development programs, and other USDOL VETS contractors and consultants.

C. Individual Staff Experience and Qualifications - 20 points.

Applicants must provide sufficient information to judge the quality and competence of staff proposed to assist USDOL VETS in maintaining and improving the HVRP NTAC and to meets the requirements within this SGA. Successful applicants should have staff that already possess (or are capable of acquiring within a short time period) knowledge of homeless Veterans, the HVRP program, and other related programs for Veterans and homeless Veterans (for example organizations such as: The Department of Veterans Affairs Grants and Per Diem Programs, Department of Housing and Urban Development grant programs and their Continuums of Care, and Stand Down Events). The proposal must include the current employment status of personnel proposed to work under this SCA, i.e., whether these personnel are currently employed by the applicant or whether their employment is dependent upon award and planned recruitment. The Government, in

its evaluation of the applicant's proposal, will place considerable emphasis on the applicant's commitment of personnel qualified for the work involved in accomplishing the assigned tasks. Accordingly, the following information must be furnished:

- The names of the proposed Project Director and other staff to be assigned under this Cooperative Agreement;
- A resume for all professional personnel which must include the individual's current employment status and previous work experience, including position title, dates in position, duties performed, employing organization, education, and training.

D. Applicant's Past Performance - 20 Points.

Successful applicants must describe their past experience in providing technical assistance on a nation-wide basis (or similar basis) concerning the homeless Veteran population, the HVRP program, Stand Down Events, and/or other similar type programs for Veterans and homeless Veterans or other similar type persons. Applicants must describe their role, duties, and responsibilities and to what extent they were involved in providing technical assistance on a nation-wide (or similar basis) on such programs. The application review panel and the Grant Officer will determine the relevance and extent of past performance information provided by each applicant.

2. Review and Selection Process:

Applications will be reviewed by a Department of Labor application review panel using the point scoring system specified above in Section V(1). The application review panel will assign a score after objectively and carefully evaluating each responsive application and all responsive applications will be ranked based on this score. The ranking will be the primary means of identifying applicants as potential awardee(s). The application review panel will establish a competitive range, based upon the proposal evaluation, for the purpose of selecting qualified applicants. For this SCA, the minimum acceptable score for consideration is 70, but the competitive range may be set higher. The Assistant Secretary for Veterans' Employment and Training (ASVET) and the Grant Officer will make a final selection based on the application review panel findings and application scores. The application review panel's findings and recommendations are solely advisory in nature and not binding on the ASVET or the Grant Officer.

A cost realism analysis will be performed by the application review panel. The purpose of this analysis is to screen all applicant cost proposals to ensure expenses are allocable, allowable, and reasonable. Determinations of allowable costs will be made in accordance with the applicable Federal cost principles, e.g., Non-Profit Organizations—OMB Circular A-122. Unallowable costs are those charges to an award that a grantor agency or its representatives determine are not to be allowed in accordance with the applicable Federal Cost Principles or other conditions contained in the SCA award. If the application review panel concludes that the cost proposal contains an expense(s) that is not allocable, allowable, and/or reasonable, they will inform the Grant Officer and he/she

may request a revision to the application. The Grant Officer reserves the right to ask the applicant for clarification on any aspect of the SCA. The Grant Officer may consult with USDOL VETS staff on any potential awardee(s) concerns. The Grant Officer's determination for award under this solicitation – **SCA #10-06** is the final agency action.
