

EIA-851Q Domestic Uranium Production Report (Quarterly) Instructions

This report is mandatory under Public Law 93-275. Failure to comply may result in criminal fines, civil penalties and other sanctions as provided by law. For the sanctions and the provisions concerning the confidentiality of information submitted on this form, see the instructions. Title 18 USC 1001 makes it a criminal offense for any person knowingly and willingly to make to any Agency or Department of the United States any false, fictitious, or fraudulent statements as to any matter within its jurisdiction.

Sanctions

The timely submission of Form EIA-851Q by those required to report is mandatory under Section 13(b) of the Federal Energy Administration Act of 1974 (FEAA) (Public Law 93-275), as amended. Failure to respond may result in a penalty of not more than \$2,750 per day for each civil violation, or a fine of not more than \$5,000 per day for each criminal violation. The government may bring a civil action to prohibit reporting violations, which may result in a temporary restraining order or a preliminary or permanent injunction without bond. In such civil action, the court may also issue mandatory injunctions commanding any person to comply with these reporting requirements.

Confidentiality

The items RESPONDENT IDENTIFICATION NAME and all of ITEM 1: FACILITY INFORMATION on Form EIA-851Q will be considered “public information” and may be publicly released in company or individually identifiable form, and will not be protected from disclosure in identifiable form.

All other information you provide on Form EIA-851Q will be used for statistical purposes only. In accordance with the Confidential Information Protection provisions of Title V, Subtitle A of Public Law 107-347 and other applicable Federal laws, your responses will be kept confidential and will not be disclosed in identifiable form to anyone other than employees or agents without your consent. By law, every EIA employee, as well as every agent, is subject to a jail term, a fine of up to \$250,000, or both if he or she discloses ANY identifiable information about you.

Reporting Burden

Public reporting burden for this collection of information is estimated to average 0.75 hours per response, including the time of reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Energy Information Administration, Statistics and Methods Group, EI-70 Forrestal Building, 1000 Independence

Avenue SW, Washington, D.C. 20585-0670; and to the Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, D.C. 20503. A person is not required to respond to the collection of information unless the form displays a valid OMB number.

- Mail the form to: U.S. Department of Energy, Energy Information Administration, Mail Stop: BG-076 (Form EIA-851Q), 1000 Independence Avenue, SW, Washington, DC 20077-5651.

Note that commonly used facsimile and e-mail transmissions (including files attached to e-mail messages) travel over ordinary telephone lines and are not considered secure electronic methods of transmitting survey data. Please retain a copy of your submission for your files

Specific Instructions

Item 1: Facility Information

Provide information about the uranium concentrate mill/processing facility. Rated capacity is synonymous with nominal capacity and nameplate capacity. Indicate operating status at end of the Survey Quarter.

Item 2: Production

For the Survey Quarter, provide the uranium production in pounds U₃O₈ for each of the 3 months.

Item 3: Production Source

Indicate where the Survey Quarter production in Item 2 came from (mines and other sources, i.e. alternate feed, byproduct, etc.). First specify the mine source by entering each mine name and pounds U₃O₈ produced. Second, specify the other (non-mine) source by entering the type of source and pounds U₃O₈ produced.
