

The purpose of the change request is to have OMB remove one of the Supplementary Documents titled Appendices and dated 06/30/2009 from ROCIS. The reason is that when the new versions of the Supporting Statement were entered on 08/18/2009 the appendices were modified and included within the Supporting Statement. Therefore the old 06/30/2009 version is unnecessary, outdated and wrong and will mislead the public.
