49 U.S.C. 10903. Filing and procedure for application to abandon or discontinue

- (a) (1) A rail carrier providing transportation subject to the jurisdiction of the Board under this part who intends to—
 - (A) abandon any part of its railroad lines; or
 - (B) discontinue the operation of all rail transportation over any part of its railroad lines,

must file an application relating thereto with the Board. An abandonment or discontinuance may be carried out only as authorized under this chapter.

- (2) When a rail carrier providing transportation subject to the jurisdiction of the Board under this part files an application, the application shall include—
 - (A) an accurate and understandable summary of the rail carrier's reasons for the proposed abandonment or discontinuance;
 - (B) a statement indicating that each interested person is entitled to make recommendations to the Board on the future of the rail line; and
 - (C) (i) a statement that the line is available for subsidy or sale in accordance with section 10904 of this title, (ii) a statement that the rail carrier will promptly provide to each interested party an estimate of the annual subsidy and minimum purchase price, calculated in accordance with section 10904 of this title, and (iii) the name and business address of the person who is authorized to discuss the subsidy or sale terms for the rail carrier.

(3) The rail carrier shall—

- (A) send by certified mail notice of the application to the chief executive officer of each State that would be directly affected by the proposed abandonment or discontinuance;
- (B) post a copy of the notice in each terminal and station on each portion of a railroad line proposed to be abandoned or over which all transportation is to be discontinued;
- (C) publish a copy of the notice for 3 consecutive weeks in a newspaper of general circulation in each county in which each such portion is located;
- (D) mail a copy of the notice, to the extent practicable, to all shippers that have made significant use (as designated by the Board) of the railroad line during the 12 months preceding the filing of the application; and
- (E) attach to the application filed with the Board an affidavit certifying the manner in which subparagraphs (A) through (D) of this paragraph have been satisfied, and certifying that subparagraphs (A) through (D) have been satisfied within the most recent 30 days prior to the date the application is

filed.

- (b) (1) Except as provided in subsection (d), abandonment and discontinuance may occur as provided in section 10904.
- (2) The Board shall require as a condition of any abandonment or discontinuance under this section provisions to protect the interests of employees. The provisions shall be at least as beneficial to those interests as the provisions established under sections 11326(a) and 24706(c) of this title.
 - (c) (1) In this subsection, the term "potentially subject to abandonment" has the meaning given the term in regulations of the Board. The regulations may include standards that vary by region of the United States and by railroad or group of railroads.
 - (2) Each rail carrier shall maintain a complete diagram of the transportation system operated, directly or indirectly, by the rail carrier. The rail carrier shall submit to the Board and publish amendments to its diagram that are necessary to maintain the accuracy of the diagram. The diagram shall—
 - (A) include a detailed description of each of its railroad lines potentially subject to abandonment; and
 - (B) identify each railroad line for which the rail carrier plans to file an application to abandon or discontinue under subsection (a) of this section.
- (d) A rail carrier providing transportation subject to the jurisdiction of the Board under this part may—
 - (1) abandon any part of its railroad lines; or
 - (2) discontinue the operation of all rail transportation over any part of its railroad lines;

only if the Board finds that the present or future public convenience and necessity require or permit the abandonment or discontinuance. In making the finding, the Board shall consider whether the abandonment or discontinuance will have a serious, adverse impact on rural and community development.

- (e) Subject to this section and sections 10904 and 10905 of this title, if the Board
 - (1) finds public convenience and necessity, it shall—
 - (A) approve the application as filed; or
- (B) approve the application with modifications and require compliance with conditions that the Board finds are required by public convenience and necessity; or
 - (2) fails to find public convenience and necessity, it shall deny the

application.

49 U.S.C. 10502. Authority to exempt rail carrier transportation

- (a) In a matter related to a rail carrier providing transportation subject to the jurisdiction of the Board under this part, the Board, to the maximum extent consistent with this part, shall exempt a person, class of persons, or a transaction or service whenever the Board finds that the application in whole or in part of a provision of this part—
 - (1) is not necessary to carry out the transportation policy of section 10101 of this title; and
 - (2) either—
 - (A) the transaction or service is of limited scope; or
 - (B) the application in whole or in part of the provision is not needed to protect shippers from the abuse of market power.
- (b) The Board may, where appropriate, begin a proceeding under this section on its own initiative or on application by the Secretary of Transportation or an interested party. The Board shall, within 90 days after receipt of any such application, determine whether to begin an appropriate proceeding. If the Board decides not to begin a class exemption proceeding, the reasons for the decision shall be published in the Federal Register. Any proceeding begun as a result of an application under this subsection shall be completed within 9 months after it is begun.
- (c) The Board may specify the period of time during which an exemption granted under this section is effective.
- (d) The Board may revoke an exemption, to the extent it specifies, when it finds that application in whole or in part of a provision of this part to the person, class, or transportation is necessary to carry out the transportation policy of section 10101 of this title. The Board shall, within 90 days after receipt of a request for revocation under this subsection, determine whether to begin an appropriate proceeding. If the Board decides not to begin a proceeding to revoke a class exemption, the reasons for the decision shall be published in the Federal Register. Any proceeding begun as a result of a request under this subsection shall be completed within 9 months after it is begun.
- (e) No exemption order issued pursuant to this section shall operate to relieve any rail carrier from an obligation to provide contractual terms for liability and claims which are consistent with the provisions of section 11706 of this title. Nothing in this subsection or section 11706 of this title shall prevent rail carriers from offering alternative terms nor give the Board the authority to require any

specific level of rates or services based upon the provisions of section 11706 of this title.

- (f) The Board may exercise its authority under this section to exempt transportation that is provided by a rail carrier as part of a continuous intermodal movement.
- (g) The Board may not exercise its authority under this section to relieve a rail carrier of its obligation to protect the interests of employees as required by this part.
