

ATTACHMENT 8
Estimated Data Reporting

National Aggregate Number of Women Screened for Program Years 1991 – 2008

Total number of women ever screened = 3,381,056

Screened indicates that a woman received at least one Program Pap test, mammogram, or CBE in the program year

Program year (PY) is defined as July 1 through June 30. For example, 'PY04' represents July 1, 2003 – June 30, 2004.

Source: October 2008 Minimum Data Elements for screenings through 06/30/2008 paid with NBCCEDP funds

December 31, 2008
