HCV Field Assessment Recruitment Script

Public reporting burden of this collection of information is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer; 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; Attn: OMB-PRA (0920-0840)

Hello, my name is [state your name] and I work at the Battelle Centers for Public Health Research and Evaluation. We are working with the Centers for Disease Control and Prevention (CDC) to obtain feedback about a Comprehensive Hepatitis C Counseling and Testing manual that CDC has developed.

At this time, we are recruiting participants/venues that would be willing to review the manual and provide us with feedback on its usefulness and recommendations for improvement.

If you agree to participate, we would also like you to use the manual at your discretion with clients/patients whom you would normally talk to about Hepatitis C. A face-to-face interview to gather your feedback will be conducted at a place that is convenient to you.

Do you have any questions for me at this time?

[Answer any questions that the potential participant might have]

If you have no questions (no further questions), please let us know whether or not you would be willing to take part in the field assessment.

Thank you!!
