

Change Request

OMB# 0920-0823

Title: Evaluation of the National Youth Violence Prevention Resource Center (NYVPRC)

Exp: 09/30/2012

OMB approved this ICR on 09/28/2009. Prior to approval the program sent forward an incorrect version of Attachment H Consent Form. The purpose of this change request is to request that the attached version of Attachment H is uploaded in the document records. We were advised to process this request as a change request since the helpdesk could not open the file as the ICR has already been approved.

There is no change to burden hours or respondents.
