2009–10 Generation Health Study Survey

Public reporting burden for this collection of information is estimated to average 35 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. **An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.** Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (####-#####). Do not return the completed form to this address.

This survey asks about your health. You were selected to participate in an ongoing study of health in U.S. adolescents and young adults. The information you give will be used to improve the health of students like you.

This survey is confidential; what you say on this survey will not be revealed to anyone else. DO NOT write your name anywhere on this survey booklet. You will be identified by a special ID number. Your answers will be read by computer.

Answer the questions based on what you really do, think, and feel. Completing the survey is voluntary and you should have indicated your interest in participating in this study by signing a consent form. If you DID NOT SIGN a consent form, please return the form without completing it.

Make sure you read every question. You do not have to answer any question that makes you feel uncomfortable. When you are finished, follow the instructions of the person giving you the survey.

INSTRUCTIONS FOR COMPLETING THE SURVEY

- Read all the printed answers before marking your choice.
- Mark the circle for the <u>one answer</u> that best fits your situation.
- Use a No. 2 pencil.
- Make heavy marks that <u>fill</u> the circle for your answer.
- Erase cleanly any answer you wish to change.
- Please do not make stray marks of any kind.
- For all the questions, except questions 11, 12, 13, 34, 56, 57 and 69 you should mark only <u>one</u> circle for your answer in the column below the question, as shown here:

EXAMPLE: Are you a boy or a girl?

- O Boy Girl
- Sometimes you will be asked to select one choice for each statement. For these questions, make sure to "Mark one circle on <u>each</u> line" as shown here:

NEXT Survey Administration Guide

Step 1 - Using the classroom roster, verify with the teacher that all assembled students have parental permission. <u>Do this before the class</u> <u>session starts</u>.

Step 2 – Be sure the students are seated and their desks are cleared of papers. Ask students to spread out desks if necessary. DO NOT distribute any materials, including the survey booklets.

Step 3- Team should distribute survey booklets, envelopes and pencils by calling student names. Have at least two members of the team call names and distribute materials.

Step 4 – Team Leader should introduce the survey to the class.

Good (Morning/ Afternoon). My name is ______ and I'd like to thank each of you for agreeing to participate in the NEXT Generation Health Study. I'd also like to introduce ______ and _____ who will be working with you today. The purpose of this study is to learn more about things that affect your health. We are working with thousands of young people throughout the U.S. The information you give will be used to develop programs for young people like yourself and provide better health services.

It is important to know that your answers will be kept private and will not be seen by your parents or teachers. Also, to protect your privacy, please DO NOT write your name anywhere on the survey booklet, either.

This is not a test -- there are no "right or wrong" answers. Answer the questions based on what you really do, think, and feel. You do not have to answer any questions that make you feel uncomfortable. Whether or not

you answer the questions will <u>not</u> affect your grade in this class. Please, do not talk to each other until everyone has finished.

Let's go over the instructions on the first page of the Survey. **[Read aloud only the bulleted instructions on cover. After reading instructions, say:].**

When you are finished, look over your survey booklet to make sure that you haven't skipped any questions. Raise your hand and let us know when you are done. We will ask you to bring your completed survey to us. We will quickly check to see if you missed a question or perhaps filled in two circles on the same question by mistake. Then you will put the survey in the envelope, seal it, and place it in this Federal Express Pak. When everyone is done, I will seal the Pak and send it to our office in Washington, D.C.

Are there any questions? Turn to page 2 and begin.

Step 5 – Check each survey for completeness.

- If a question is skipped, ask the student if the question was skipped on purpose. If not, give student the opportunity to complete.
- If more than one circle is filled in, ask student to pick one answer.
- Make sure HEIGHT and WEIGHT is entered correctly.
- Make sure the student has not written a name anywhere on the survey booklet or envelope.
- Have student seal the survey in envelope and place in the FedEx Pak.
- Thank the student.
- Ask student to return to seat and remain quiet until all are students are completed.

Step 6 – Thank class for participating. Thank teacher for help. Continue with plan to complete height, weight, and waist circumference measurements.
