Office on Violence Against Women**

SEMI-ANNUAL PROGRESS REPORT FOR

**SEXUAL ASSAULT SERVICES PROGRAM
GRANTS TO CULTURALLY SPECIFIC PROGRAMS
VIOLENCE AGAINST WOMEN GRANT PROGRAM**

Brief Instructions: This form must be completed for each Sexual Assault Services Grants to Culturally Specific Programs Violence Against Women Formula Grant Program (SASP Culturally Specific Program) grant received. A grant administrator or coordinator must ensure that the form is fully completed with regard to all grant-funded activities. Grant partners, however, may complete sections relevant to their portion of the grant. Grant administrators or coordinators are responsible for compiling and submitting a single report that reflects all information collected from grant partners.

All grantees should read each section to determine which questions they must answer, based on the activities engaged in under this grant during the current reporting period. Sections B, D, and E and subsections A1 and C1 of this form must be completed by all grantees. In subsections A2 and C2-C3, grantees must answer an initial question about whether they engaged in certain activities during the current reporting period. If the response is yes, then the grantee must complete that section/subsection. If the response is no, the rest of that section/subsection is skipped.

For example, if you are an agency providing victim services and policy development, you would complete A1, A2, B, C1, C2, D, and E (and answer 'no' in C3 if you are not funded to develop or revise products).

The activities of volunteers or interns should be reported if they were coordinated or supervised by SASP Culturally Specific Program-funded staff or if SASP Culturally Specific Program funds substantially supported their activities.

For further information on filling out this form, refer to the separate instructions which contain detailed definitions and examples illustrating how questions should be answered.

SECTION D

VICTIM SERVICES
 All grantees must complete this section.

Count only victims/survivors served and victim services/activities provided by SASP Culturally Specific Program-funded staff or supported with SASP Culturally Specific Program funds.

16. Number of primary victims/survivors of sexual assault served, partially served, and victims/survivors seeking services who were not served.

Please do not answer this question without referring to the separate instructions for further explanation and examples of how to distinguish among these categories. (Report the following, to the best of your ability, as an unduplicated count for each category during the current reporting period. This means that each victim/survivor who was seeking or who received services during the current reporting period should be counted only once in that reporting period. For purposes of this question, victims/survivors are those against whom the sexual assault was directed. Do not report secondary victims here.)

Primary victims/survivors of sexual assault	TOTAL
A. Served: Victims/survivors who received the service(s) they requested, if those services were funded by your SASP Culturally Specific Program grant	<input type="text"/>
B. Partially served: Victims/survivors who received some service(s), but not all of the services they requested, if those services were funded by your SASP Culturally Specific Program grant	<input type="text"/>
TOTAL SERVED and PARTIALLY SERVED (16A + 16B)	<input type="text"/>
C. Victims/survivors seeking services who were not served: Victims/survivors who sought services and did not receive the service(s) they were seeking, if those services were funded by your SASP Culturally Specific Program grant	<input type="text"/>

17. Number of secondary victims served

*Please do not answer this question without referring to the separate instructions for further explanation and for examples of how and when to report secondary victims. (Report the following, to the best of your ability, as an unduplicated count for each category during the current reporting period. This means that each secondary victim who received services during the current reporting period should be counted only once. For purposes of this question, secondary victims are those who are collaterally affected by the victimization - e.g., children, siblings, spouses or intimate partners, grandparents, other affected relatives, friends, neighbors, etc. - **except** for the perpetrator of such victimization. Secondary victims do not need to be connected with a primary victim who is receiving services.*

[for developers: If a grantee enters a reason in “other” the following will pop up: “Victim declined services,” “victim did not complete program,” and “victim could not be contacted” are all inappropriate reasons and should not be reported in the “other” category. They indicate a misunderstanding of when to report victims as partially served or not served. Please refer to the separate instructions for further explanation and for examples.]

19. Demographics of primary victims/survivors served or partially served

(Based on the primary victims/survivors reported in 16A and 16B, report the total numbers for all that apply. Because victims/survivors may identify in more than one category of race/ethnicity, the total for Race/ethnicity may exceed the total number of victims/survivors reported in 16A and 16B. However, the total number of victims/survivors reported under Race/ethnicity should not be less than the total number of victims/survivors reported in 16A and 16B. The total number of victims/survivors reported under “Gender” and the total number reported under “Age” should equal the total number of victims/survivors reported in 16A and 16B. Those victims for whom gender, age, and/or race/ethnicity are not known should be reported in the “unknown” category. Do not report demographics for secondary victims.)

25. (Optional) Additional information

(Use the space below to discuss the effectiveness of victim services funded or supported by your SASP Culturally Specific Program grant and to provide any additional information you would like to share about your victim services activities beyond what you have provided in the data above. An example might include that your agency, as a result of SASP Culturally Specific Program funding, was able to provide culturally appropriate medical accompaniment to an increased percentage of sexual assault survivors. This resulted in a higher percentage of survivors from the population you serve also seeking additional support services.) (Maximum 2,000 characters)
