Adjustments above increased the burden amount by *15 hours*, and increased the number of responses by *three (3)*. Adjustments above decreased the burden by 61,634 hours and responses by 19,017. Overall, burden hours decreased by 61,619 hours, and total responses decreased by 19,014. [NOTE: The previously approved submission incorrectly added the total number

of responses. The total number of responses for the last submission should have been 21,476 (not the 34,571 now in the OMB ROCIS system). Subtracting this correct total (21,476 responses) from the decrease above (19,014) yields the 2,462 number of responses for this revised submission.]
