The use of a web-based survey will help to ensure survey responses are kept private. No individual identifiers will be requested.

**Welcome to the DAIDS Policy Implementation  
Program (DPIP) Survey!**

**Why should you respond to this survey?**

As professionals who actively utilize DAIDS policies, we ask that you participate in the DPIP survey so that we learn more about:

- Awareness and accessibility of DAIDS Policies
- Understandability of DAIDS Policies
- Applicability of DAIDS Policies to clinical research
- Ability of DAIDS Policies and Procedures to facilitate collaboration, efficiency, flexibility, and greater integration among NIAID DAIDS-supported and/or -sponsored clinical research

**The entire survey is voluntary and will take no more than 1 hour to complete.** I encourage you to participate. Please click here to take the short survey by April 2, 2010.
