Make corrections by entering changes in the "Enter Correct Value" column. If you would like to delete an answer that appears on your SAR, select the "Delete the Answer" checkbox for that field. If you need to confirm an answer that appears on your SAR, re-enter that answer in the "Enter Correct Value" field. You should only confirm an answer if your SAR has instructed you to do so.

Fields that have been corrected on the current transaction are marked with a # (pound) sign.

Fields that have been assumed are marked with an * (asterisk) sign. Both the assumed value and the reported value will display in the transaction column.
