→ **§ 20103. General authority**

(a) Regulations and orders.--The Secretary of Transportation, as necessary, shall prescribe regulations and issue orders for every area of railroad safety supplementing laws and regulations in effect on October 16, 1970. When prescribing a security regulation or issuing a security order that affects the safety of railroad operations, the Secretary of Homeland Security shall consult with the Secretary.

(b) Regulations of practice for proceedings.--The Secretary shall prescribe regulations of practice applicable to each proceeding under this chapter. (c) Consideration of information and standards.--In prescribing regulations and issuing orders under this section, the Secretary shall consider existing relevant safety information and standards.

In this part, the word "rule" is omitted as being synonymous with "regulation". The word "standard" is omitted as being included in "regulation".

In subsection (a), the words "(hereafter in this subchapter referred to as the 'Secretary')" in 45:431(a)(1st sentence cl. (1)) are omitted as surplus because the complete name of the Secretary of Transportation is used the first time the term appears in a section.

In subsection (b), the words "within 180 days after July 8, 1976" are omitted as expired. The word "prescribe" is substituted for "take such action as may be necessary to develop and publish" for consistency in the revised title and with other titles of the United States Code and to eliminate unnecessary words.

In subsection (d), the words "after hearing in accordance with subsection (b) of this section" are omitted as surplus because of the language restated in subsection (e) of this section. [House Report No. 103-180](#).
