# **Reporting Questions**

On an annual basis you will be expected to respond to the following reporting questions.

## Section I: Demographic Information

This section contains a list of demographic indicators of interest to the Corporation and our stakeholders. To complete this section, enter as accurate an estimate as possible for each indicator that is relevant to your program design. If you do not collect data on an indicator because it is not relevant to your program design, enter a zero (0) in that field.

All grantees are required to report the total number of leveraged volunteers and number of volunteer hours.

Please note that you are not required to report on every indicator other than the three required elements. However, if your program includes these types of leveraged volunteers or target groups, include an estimate of their totals.

Indicator  REQUIRED Leveraged Volunteers  Number of volunteers of all ages who were recruited, coordinated, or supported by your Corporation-funded programs.  REQUIRED Volunteer hours  Number of hours leveraged volunteers served during the reporting period.  Leveraged Volunteers  Number of disadvantaged children and youth who served as leveraged volunteers. Disadvantaged children and youth are those up to age 25 with exceptional or special needs (as defined in part 2552.12 (f) and (g) of the DVSA regulations¹), or who are economically disadvantaged and for whom one or more of the following apply: 1) out-of-school, including out-of-school youth who are unemployed; 2) in or aging out of foster care; 3) limited			Number

## Section II: Performance Measures

If required, the performance measures from approved applications will automatically populate the Grantee Performance Report in eGrants, including the sections for Need, Activity, Activity Dates, Result, Result Statement, and Indicator. Grantees will report on each measure separately. To complete this section, enter the following information for each performance measure:

- Target Actual to Date: In this field, enter a numerical value documenting the actual
  progress towards the measure. For example, if the program anticipated tutoring 500
  students in reading during the reporting period, specify the number of students that
  were actually tutored.
- Progress toward Measure: You may elaborate on the program's progress toward a measure in this field, but should not use this field to explain unmet targets or describe correction actions. This field is not required.
- Challenges/Corrective Actions: For each target that a program did not reach, explain why it did not reach the target and the corrective actions that will be carried out to improve performance. This field is required if a program did not reach a target.

#### Section III: Narratives

In this section, describe activities from the reporting period in more detail. Focus your remarks as described below. Please limit each narrative to 10,000 characters or less, including punctuation and spaces or approximately 1-3 pages in length.

### 12. Successes and Challenges

Describe any factors that have positively or negatively influenced program performance. Please consider your entire portfolio, and include examples from particular sites, if applicable, to illustrate the trends that you see affecting your

portfolio. The discussion may include but is not limited to enrollment, retention, recruitment, training, supervision, program and financial management, systems, data collection, evaluation, capacity building, and resource development, including raising match funds.

Please describe progress toward securing match. Describe efforts to ensure the sustainability of programming beyond the grant period. This may include a list of match sources, strategic partnerships, in-kind resources, or capacity building efforts. In particular, focus on successful strategies that may be useful to other grantees.

#### 2. Great Stories

**This section is optional**. Share great stories. Highlight activities which are especially reflective of the impact the program has in the community or which illustrate an innovative or highly successful aspect of program operation.

#### 3. Activities Related to Corporation Strategic Initiatives

If programs or sites have addressed any of the Corporation Strategic Initiatives particularly effectively, describe these activities here. The Corporation's Strategic Initiatives are:

- Mobilizing more volunteers
- Ensuring a brighter future for all of America's youth
- Engaging students in communities
- Harnessing Baby Boomers' experience
- Disaster preparedness and response

#### Section IV: Review and Submit

Please review the report carefully before submitting. Your Program Officer will review and provide feedback, using eGrants, in a timely fashion.

#### V. Burden

Total Respondents: 2,000.

Frequency: Depending on the availability of appropriations.

Average Time Per Response: Application averages 8 hours. Reporting averages 8

hours.

Estimated Total Burden Hours: 32,000 hours.
