Reporting Questions

On an annual basis you will be expected to respond to the following reporting questions.

Section I: Demographic Information

This section contains a list of demographic indicators of interest to the Corporation and our stakeholders. To complete this section, enter as accurate an estimate as possible for each indicator that is relevant to your program design. If you do not collect data on an indicator because it is not relevant to your program design, enter a zero (0) in that field.

All grantees are required to report the total number of leveraged volunteers and number of volunteer hours.

Please note that you are not required to report on every indicator other than the three required elements. However, if your program includes these types of leveraged volunteers or target groups, include an estimate of their totals.

Grantees will report on each measure separately. To complete this section, enter the following information for each performance measure:

- Target Actual to Date: In this field, enter a numerical value documenting the actual progress towards the measure. For example, if the program anticipated tutoring 500 students in reading during the reporting period, specify the number of students that were actually tutored.
