State Election Officials Survey

Note: The paper version of the survey will be printed front to back so that the information regarding a given product will appear on the left side of the open booklet, and the questions about that product will be on the right.

The *Survey of State Election Officials* is designed to obtain your input on the work products created by the United States Election Assistance Commission (EAC). The Commission was created as part of the *Help America Vote Act* (HAVA) to assist State and local election officials with the administration of Federal elections. Section 202 of HAVA requires the EAC to serve as a national clearinghouse and resource for the compilation of information and review of procedures with respect to the administration of Federal elections. Since 2004, the EAC has issued guidance on various topics to assist State and local election officials in managing and administering elections. The purpose of this survey is to determine to what extent State Election Officials are aware of the products developed by the EAC, and the degree to which the recommendations and guidance contained in them have been put into practice.

Your input in this process is very important, **even if you are not familiar with the products developed by the EAC**. This survey should only take 30 minutes to complete. Please respond to all applicable questions. In addition, we ask that you provide any written feedback you may have regarding EAC products.

PRIVACY ACT STATEMENT

- The EAC may collect the information requested in this survey under the authority of the *Help America Vote Act* of 2002 (Public Law 107-252). Providing information in this questionnaire is voluntary. There is no penalty associated with failing to respond to specific question in this survey.
- Public Law 93-573 (Privacy Act of 1974) requires that you be informed of the purpose and uses to be made of the information collected. The information collected in the survey will be used solely to guide the revision of EAC work products and to identify ways in which those products can be of greater benefit to State and Local Election Officials. Only group statistics will be reported.

THANK YOU FOR RESPONDING TO THIS SURVEY

* This information collection is being requested as part of the EAC's mandate to conduct studies and to carry out other duties and activities to promote the effective administration of Federal elections under HAVA Section 203. Respondent's reply to this information collection is voluntary; respondents include the fifty States, the District of Columbia, and the U.S. territories. This information will be made publicly available on the EAC website (www.eac.gov). According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is OMB Control No. XXXXX (expires XXXX). The time required to complete this information collection is estimated to average 40 minutes per online survey response. This estimate includes the time for reviewing the instructions, and completing and submitting the survey. The time required for each focus group is two hours. Comments regarding this burden estimate should be sent the U.S. Election Assistance Commission – Product Evaluation, 1225 New York Avenue, Suite 1100, Washington, DC 20005.
