Potential Question

Not all of my text is showing up when I enter values a narrative field. For example, when entering text for the Project Description field.

When I try to select a value from a drop-down menu, the text is too small to read. How to I make it bigger?

I don't know which CFDA to use.

I'm not sure what each of the data elements mean.

I have more than 400 Sub Recipients or Vendors to add, but the spreadsheet looks like it is limited to 400.

Answer

This is a limitation of Excel. Although each cell holds up to 32,767 characters, Excel only displays 1,024 characters in the cell itself. To view all of the text you've entered for a given field, click on the cell in question and the text will display in the formula bar at the top of the screen.

Check to make sure you're viewing the workbook at 100% zoom. If your zoom is set to less than 100%, this can cause the text in the drop-down menus to appear very small.

A list of CFDA Codes applicable to Recovery Act reporting can be found on the Downloads page at FederalReporting.gov. You can also access this list via https://www.cfda.gov/index?s=program&tab=searchresults&mode=list&_filt=rec&cck=1&au=&ck=.

You can either click on each cell for instructional text or reference the Data Model document published on Recovery.gov

You can continue to add additional Sub Recipients and Vendors beyond the #400 line provided for you, however the special formatting and data validations which are provided for the first 400 Sub Recipients or Vendor entries will not be present. This is done to keep the file size of the template from growing excessively large. Data validation will be performed once your report is uploaded on FederalReporting.gov.
