FAS-923e Certification Required to Apply for Dairy Import Licenses for 2010

Control No.:

Company Name:

A. This certification must be submitted no earlier than September 1, 2010 , and no later than October 15, 2010, and accompany all information required under §6.24 of the Import Regulation (7 CFR §§6.20-6.37).

B. **WARNING: False statements made knowingly and willfully on this application or other supporting documents submitted therewith are punishable by fine and/or imprisonment under the provisions of 18 U.S.C. 1001.**

C. OFFICIAL CERTIFICATION STATEMENT:

I, the duly authorized representative of the applicant, hereby request the issuance of historical, non-historical, and/or designated importer licenses.

I certify that the applicant meets the applicable eligibility requirements of §6.23 of the Import Regulation. I also certify that the applicant is maintaining on file at the applicant's premises, for audit and inspection by the USDA, all applicable records related to sales, purchases, and transactions, including all applicable records for entries used to qualify for eligibility, for a minimum of 5 years, as described in §6.30 of the Import Regulation.

Additionally, I certify that the applicant will not obtain or use any license for speculation, brokering, or offering for sale, and will not permit any other person to use the license for profit. Furthermore, I understand that the Import Regulation prevents applicants who are affiliated with each other [as defined in §6.23(c)(4)], or who are associated with each other [as defined in §6.23(c)(5)], from receiving a non-historical license for the same article from the same country for quota year 2011.

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0551-0001. The time required to complete this information collection is estimated to average 0.75 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.
