INTRODUCTION

Hello, my name is _____. Researchers from the _____ are conducting a study regarding the impact of hurricanes and floods in _____, and the evacuation process in disaster events. This study is funded by the United States Army Corps of Engineers.

We would like to interview the head of the household. (If this person is not present we can interview any other person that is 18 years or older that lives in this residence).

This is a short interview; we estimate that it will last about 20 to 30 minutes. Participation is strictly voluntary, however your responses are very important to us since this information will help us to better prepare our population for disaster situations, and will allow government agencies to provide the necessary assistance in times of crisis.

Before we begin, please allow me to assure you that the information that you provide is confidential and will only be utilized to prepare statistical reports.

For the purpose of our study, we would like to obtain information that will allow us to communicate with you in the future in case we should have any other questions regarding to your responses. We would like to assure you that this information will not be shared or distributed; it will be maintained for purposes specifically related to this study.

NOTE TO THE INTERVIEWER: Reiterate that this information will not be shared or distributed, and will be maintained specifically for research related to this study.
