RE: IRB Study No. 1051-0309

Dear Dr. Godley:

This letter is to serve as formal notification that the research study, Recovery Services for Adolescents and Families, was reviewed on March 4, 2009. As part of this review, the IRB determined that the research falls within category (i) involving no more than minimal risk and no more than inconvenience to the subjects [45 C.F.R. 46.306 (a)(2)(i)]. Your study was approved for one year.

You will receive a progress report form to complete prior to the anniversary of this approval. Continued human subjects protection approval may be granted upon satisfactory review and IRB approval of your study progress report. Any future changes you may consider making to your protocol must be submitted to the IRB for review and approval prior to implementation.

Please note the above referenced IRB study number, which has been assigned to this study, and use it in future correspondence. If you have any questions, please do not hesitate to contact me.

Sincerely,

Thomas Ellsworth, Ph.D.
Acting Chairperson
Institutional Review Board
