- Enter State Name
- Enter the Fiscal Year (the award year) for which this report is being submitted. **Fiscal years will run simultaneously so it is important to indicate the year for which information is being reported.**
- Enter the Grant Document Number.
- Indicate whether this is a new report, a revision of a report previously submitted for the same period or a final report.
- Enter the ending date for the current quarter (the quarter just ended which constitutes the report of actual obligations or expenditures) and the ending date of next quarter (180 days or 2nd quarter after the reporting quarter, which estimates are being provided for on line 8).
- Enter at the top of column (B) the Federal Medical Assistance Percentage Rate used by the State.

Columns: All amounts reported in columns (A), (B), (C), (D), and (E) must be actual obligations or expenditures made under the State's plan and in accordance with all applicable statutes and regulations. All amounts reported in the Estimates section are estimates of obligations or expenditures to be made during the quarter indicated based on the best information available to the State.

- Column (A): Mandatory Funds. - States must administer these funds in accordance with their State plan. These funds are 100 percent Federal funds and are available until expended.
- Column (B): Matching Funds. - States must administer these funds in accordance with their State plan. Matching funds are available provided the State: (1) obligates all of its Mandatory Funds by the end of the Federal fiscal year; and, (2) expends State funds in an amount that equals the State Maintenance of Effort (MOE) threshold for allowable child care activities. Matching funds must be matched by State expenditures that are in excess of the amount required to satisfy the MOE requirement. The applicable matching rate is the Federal Medical Assistance Percentage (FMAP) rate for the year in which the funds were awarded, regardless of when funds are expended. Federal and State Matching funds must be obligated by September 30th of the year in which funds are received. Obligations must be liquidated by September 30th of the following fiscal year.
- Column (C): Discretionary Funds. - States must administer these funds in accordance with their State plan. States must obligate these Federal funds by September 30 of the fiscal year immediately following the fiscal year in which they were awarded. States must liquidate obligations within one year after the end of the obligation period. This column excludes supplemental CCDF Discretionary funds provided through ARRA. Expenditures from ARRA funds are to be reported in Column (E).
- Column (D): MOE - States must administer these funds in accordance with their State plan. Section 418(a)(2)(C) of the Social Security Act requires States to spend a specified amount of non-Federal funds on child care in order to claim Federal match from the Matching Fund. This State maintenance of effort (MOE) must be expended

For FY 2009 CCDF Grant Award Only – ARRA Reporting

on allowable services or activities as described in the approved State Plan as appropriate, that meet the goals and purposes of the Act.

- Column (E): American Recovery and Reinvestment Act (ARRA) funds – Federal agencies and grantees are required to track and report separately on expenditures from funds made available through ARRA. An additional column has been added to the ACF-696 for the FY 2009 grant award. Lead Agencies must report separately on categorical expenditures from supplemental ARRA funds in this column. Funds provided through ARRA are considered supplemental CCDF Discretionary Funds and are subject to the same obligation and liquidation requirements as those specified in Column (C) above.

ARRA Additional Information Collection

For FY 2009 CCDF Grant Award Only – ARRA Reporting

NOTE: If the Lead Agency reports no expenditures on direct services using ARRA funds at Line 1(g), Column E - then skip Line 9.

Line 9. Estimated Child Service Months Funded by ARRA. Enter an estimated number of child service months funded by ARRA. The estimate should be based on the cumulative amount of ARRA funds reported as being spent on direct services [Line 1(g), Column E]. ARRA expenditures on quality activities, administrative costs, and non-direct services are not relevant for this line item. The Lead Agency is asked to *estimate* the number of child service months generated through ARRA expenditures on direct services using a cost-per-child estimate. The Lead Agency should identify an average monthly cost-per-child associated with the child care subsidy program and divide it into the total amount of ARRA funds reported as being spent on direct services at Line 1(g), Column E.

Calculation:

\$ Amount Reported at Line 1(g), Column E /
Average Monthly Cost per Child

= Estimated # of Child Service Months funded by ARRA (Line 9)

For example, if a State reports \$1000 in ARRA expenditures and the average monthly cost of care per child is \$100, then the State would report 10 child service months (\$1000/\$100). These child service months could represent 10 children, each of whom received service for 1 month, or 5 children, each of whom received service for 2 months, etc.

ACF may use Lead Agency estimates of child service months to generate an aggregate estimate of the average monthly number of children served through supplemental ARRA funding.

Reallotted Funds

For the quarter ending 3/31, check whether or not the State would like to receive its proportional share of reallotted Discretionary funds that may become available. For the quarter ending 9/30, check whether or not the State would like to receive its proportional share of reallotted Matching funds that may become available. If the State wishes to limit the amount received to a specific amount, due to State share funding limitations, it should indicate in the space available the maximum amount it would like to receive. **Please Note:** If reports are not received within 30 days after the end of the quarter (10/31 and 4/30 respectively), the State **will not** be eligible for reallotted funds.

Signatures. This report must be signed and dated in the space provided, including the title, agency and phone number of the individual whose signature is shown. **Note:** The individual who signs this report is certifying that: (a) the information provided on all parts of this form and all accompanying documents is accurate and correct; and (b) that any amount shown as the State share of obligations is or will be available to meet the non-Federal share as prescribed by law.

SUPPLEMENTAL INFORMATION

Below are explanations of terms that may be of use in completing the form.

1) Child Care and Development Fund (CCDF):

Child care programs conducted under the provisions of the Child Care and Development Block Grant Act, as amended. The fund consists of Discretionary funds authorized under section 658B of the amended Act, and Mandatory and Matching funds appropriated under section 418 of the Social Security Act.

2) Mandatory Funds:

General entitlement child care funds described at section 418(a)(1) of the Social Security Act.

3) Matching Funds:

The remainder of the general entitlement child care funds that are described at section 418(a)(2) of the Social Security Act.

5) Quality Services:

Activities designed to provide consumer education to parents and to the public; activities that increase parental choice; and activities designed to improve the overall quality and availability of child care. Section 658G of the CCDBG Act was amended to direct that a State that receives CCDF funds shall use not less than 4 percent of the amount of such funds for activities to improve the quality of child care and availability of child care. The regulations at 45 CFR 98.51(a) provides that the not less than 4 percent for quality applies to the aggregate amount of expenditures (Discretionary, Mandatory, and both the Federal and State share of Matching funds). 45 CFR 98.51(a) also provides that the 4 percent requirement applies to funds expended, rather than the total of funds available. It should also be noted that section 98.51(c) provides that the quality expenditure requirement does not apply to the maintenance-of-effort expenditures required by

For FY 2009 CCDF Grant Award Only – ARRA Reporting

45 CFR 98.53(c) in order to claim from the Matching fund. The minimum percentages apply at the end of the liquidation period.

6) Direct Services:

Section 418(b)(2) of the Social Security Act requires the State to ensure that not less than 70 percent of funds (Mandatory and Matching) received by the State are used to provide child care assistance under a State program under Part A of title IV of the Social Security Act to families who are attempting through work activities to transition off such assistance program and families that are at risk of becoming dependent on such assistance program. Section 658E(c)(3)(D) of the Child Care and Development Block Grant Act stipulates that a State shall ensure that a substantial portion of the amounts available (after the State has complied with the requirement of Section 418(b)(2) of the Social Security Act) to the State to carry out activities is used to provide assistance to low-income working families other than the families described in Section 418(b)(2). See 45 CFR 98.50(a) and (e) for specific description.

7) Nondirect Services:

Child Care services provided that do not meet the definition of Direct Services outlined above, including systems costs, certificate program costs, and eligibility determination costs.

8) Systems:

Expenditures related to the establishment and maintenance of computerized child care information systems.

9) Certificate Costs:

Expenditures related to developing and operating a certificate program.

10) Eligibility Determination:

Expenditures related to the process of determining the eligibility of a particular person for child care services.

11) Other Nondirect Services:

Other nondirect service costs associated with the goods and services required for the administration of the CCDF program not covered under 8,9, and 10 above.

12) Private Donated Funds for State Share:

State match can include donated funds from private sources when the donated funds are made without any restriction that would require their use for a specific individual, organization, facility or institution; do not revert to the donor's facility or use; and are not used to match other federal funds. The donated funds shall be certified both by the donor and lead agency as available and representing expenditures eligible for Federal match and shall be subject to audit requirements. See 45 CFR 98.53(e)(2) and related preamble (i.e., 72 FR 27972, at 27979 (May 18, 2007)).

For FY 2009 CCDF Grant Award Only – ARRA Reporting

13) Pre-K Funds used for State share:

Public Pre-K expenditures may be eligible for match if the State includes in its plan, as provided in 45 CFR 98.16(q), a description of the efforts it will undertake to ensure that Pre-K programs meet the needs of working parents. In any fiscal year beginning with FY 2008, a State may use public Pre-K funds for up to 30 percent of the funds for State match. For any fiscal year prior to FY 2008, a State may use public Pre-K funds for up to 20 percent of the funds for State match. See 45 CFR 98.53(h).

14) Pre-K funds used for MOE:

Public Pre-K expenditures may be used to meet the maintenance-of-effort requirement only if the State has not reduced its expenditures for full-day/full year child care services. In any fiscal year, a State may use public Pre-K funds for up to 20 percent of the funds for State maintenance-of-effort. See 45 CFR 98.53(h).

15) American Recovery and Reinvestment Act (ARRA) Funds:

Public Law 111-5, the American Recovery and Reinvestment Act of 2009 (ARRA), appropriated an additional \$2 billion in CCDF Discretionary funding made available to State, Territory and Tribal Lead Agencies in Fiscal Year (FY) 2009 as part of the economic stimulus package. These funds are in addition to the FY 2009 CCDF Discretionary fund appropriation amount provided through the regular appropriation process. ARRA funds are one-time funds included in the FY 2009 CCDF grant award only.
