The Performance and Accountability for Grants in Energy (PAGE) System is a tool that is being developed by Energy Efficiency and Renewable Energy's Office of Weatherization and Intergovernmental Program. Once fully launched, the site will provide grantees with the ability to electronically submit and manage grant performance and financial information.

Welcome to PAGE

Welcome the Performance and Accountability for Grants in Energy (PAGE) website. This initial version will allow Energy Efficiency and Conservation Block Grant (EECBG) grantees to enter Quarterly Program Reports and Federal Financial Reports.

If you need assistance, or a quick refresher in using the site, be sure to visit our Training Video Library.

Performance and Accountability for Grants in Energy (PAGE)

Energy Efficiency and Conservation Block Grant Program

The American Recovery and Reinvestment Act of 2009 appropriated \$3.2 billion for the Energy Efficiency and Conservation Block Grant (EECEBG) Program. The Program was authorized in Title V, Subtitle E of the Energy Independence and Security Act of 2007 (EISA), and signed into Public Law (PL 110-140) on December 19, 2007. The Program provides federal grants to units of local government, Indian tribes, states, and territories to reduce energy use and fossil fuel emissions, and for improvements in energy efficiency. The EECEBG Program is administered by the Office of Weatherization and Intergovernmental Programs in the Office of Energy Efficiency and Renewable Energy of the U.S. Department of Energy (DOE).

Performance Reporting

The Energy Efficiency and Conservation Block Grant (EECBG) Program Performance Reports are due not later than 10 calendar days after the end of each month. The Program Performance Reports contain activity level information on costs, milestones, metrics, and qualitative descriptions that combined provide a comprehensive view of activity progress.

There are no Performance Reports for the selected grant
