

Supplemental Nutrition Assistance Program Education (SNAP-Ed) EARS Reporting Form

OMB BURDEN STATEMENT: According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0584-0542. The time to complete this information collection is estimated to average 54 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. OMB #0584-0542 expires 08/31/2010.

State: _____ **Federal Fiscal Year:** _____

Number of Implementing Agencies*: _____

Name of Each Implementing Agency*

* An implementing agency is defined as an organization that has a contract/formal agreement with the State Supplemental Nutrition Assistance Program (SNAP) to develop and deliver nutrition education activities in the state. Attach additional pages if necessary.

DIRECT EDUCATION:

Items #1-6 ask for information about participants and activities associated with direct SNAP Education (SNAP-Ed). **Direct Education** is defined as interventions where a participant is actively engaged in the learning process with an educator and/or interactive media. Direct education provides an opportunity to obtain information about individual participants. For an activity to qualify as direct education, information on the number of individuals, SNAP participation status, age, gender, and race/ethnicity must be collected.

Example 1: An implementing agency conducts a series of nutrition sessions designed to increase fruit and vegetable intake. The educators collect enrollment data including name, age, race, ethnic group, SNAP participation and gender.

Example 2: The implementing agency provides nutrition education via kiosks at several locations. Participant using the kiosks provides identifying information including their SNAP status, ethnicity, age and gender by entering this data or by using codes that can be linked to this information by the implementing agency.

Situations that would not count as “direct education” include cases where an individual obtains nutrition education or materials or listens to a session but no demographic information is captured about the individual. This would count as indirect education.

Direct Education: SNAP-Ed Participants and Contacts

1a. Direct Education: SNAP-Ed PARTICIPANTS by Age and SNAP Status - Reporting an unduplicated count of direct education participants means providing the number of different individuals who receive any SNAP-Ed direct education. Each individual counts as one participant, regardless of the number of times he or she has participated in direct education activities. You are encouraged to provide actual unduplicated counts but if you are unable, you should estimate the number of individuals served.

- For Question 1a, indicate below if you are providing actual unduplicated counts or an estimate of SNAP-Ed direct education participants.

- Actual Counts of Participants (unduplicated)
- Estimated Counts of Participants

		A	B	C	D	E
		Less than 5 Years	5-17 Years Grades K-12	18-59 Years	60 Years or More	All Ages Combined
1	Number of SNAP Recipients in SNAP-Ed					
2	Number of All Other Participants in SNAP-Ed					
3	Total Number of SNAP-Ed Participants					

If you reported an estimate in Question 1a, please describe in 100 words or less the methods used to estimate the number of participants.

1b. Direct Education: SNAP-Ed CONTACTS by Age and SNAP Status

A “SNAP-Ed contact” is defined as an interaction in which a SNAP-Ed participant participates in a direct education activity. Each SNAP-Ed participant may have one or more SNAP-Ed contacts.

- For Question 1b, indicate below if you are providing actual counts or an estimate of SNAP-Ed direct education contacts.

- Actual Counts of Contacts
- Estimated Counts of Contacts

		A	B	C	D	E
		Less than 5 Years	5-17 Years Grades K-12	18-59 Years	60 Years or More	All Ages Combined
1	Contacts with SNAP Recipients in SNAP-Ed					
2	Contacts with All Other Persons in SNAP-Ed					
3	Total Contacts of SNAP-Ed Participants					

If you reported an estimate in Question 1b, please describe in 100 words or less the methods used to estimate the number of contacts.

Instructions for Question 1a and 1b

- Row 1: Enter the **total number of participants (1a) and contacts (1b) who are SNAP recipients** by each age range and for all ages combined (Row 1; Columns A-E).
- Row 2: Enter the **total participants (1a) and contacts (1b) for all other (non- SNAP) persons** by each age range and for all ages combined (Row 2; Columns A-E). This includes persons who are eligible non-participants with respect to the SNAP combined with persons who are not eligible for the SNAP.
- Row 3: Enter the **total participants (1a) and contacts (1b) for SNAP-Ed by age category** (Row 3; Columns A-E). Each number in Row 3 should equal the sum of Rows 1 and 2 in that column.

Special Circumstances

- If necessary, determine SNAP status among children (columns A and B) who receive SNAP-Ed services in school and child care settings by multiplying the number of children participating in SNAP-Ed at each school or child care facility by the percent of students enrolled in the **FREE** school lunch program.

Example: An elementary school program has 100 children participating in SNAP-Ed and the school's free lunch participation rate is 60%. In the "5-17 Years (grade K-12)" column, report 60 students under "Number of SNAP Participants in SNAP-Ed" and 40 students under "Number of All Other Participants in SNAP-Ed" for a total of 100 students.

- Teen-age SNAP-Ed participants should be counted by their age for Question 1 even if they are parents.

Example: If the teen parent is 16 years old, they should be counted under Column B, 5-17 Years (Grades K-12). If the teen is 19 years old, they should be counted under Column C 18-59 Years.

2a. Direct Education: SNAP-Ed PARTICIPANTS by Gender

SOCIAL MARKETING INITIATIVES:

Item #7 asks for information about SNAP-Ed social marketing initiatives. **Social Marketing** is defined as a consumer-focused, research-based process to plan, implement and evaluate interventions that are designed to influence the voluntary behavior of a large number of people in the target audience (adapted from Alan Andreasen 1995 and Social Marketing Division of Society for Nutrition Education).

For an activity to qualify as a social marketing campaign, the initiative being reported must have included all of the following steps:

- Identified a specific segment of the SNAP/low income population to target
- Identified the specific nutrition needs of the target audience, associated target behavior(s), and the target audience's reasons for and against changing behavior.
- Interacted with the target audience to see if the message, materials, and delivery channel are understood and meaningful (would lead to behavior change).

States that conduct social marketing campaigns that include both direct and indirect education activities may elect to report these under these categories. However, if direct and indirect education activities are reported in the “direct education” section or the “indirect education” section, they should not be reported in the social marketing section because that would result in a duplicate count.

7. Description of ALL Social Marketing Campaigns

Attach an additional form to record data, if there are more than five campaigns.

A. Name of Campaign	B. Current Year of Campaign	C. Major Campaign Activities for Current Year <i>Use Codes</i>	D. Priority Population(s) <i>Use Codes</i>	E.  - D=Developing (includes campaign/materials design and consumer testing),
 - I=Implementing
 - E=Tracking and Evaluation
- Column D: Enter **all** of the appropriate codes describing the priority population (target audience) that this campaign reached during this fiscal year:

- Column E: Enter the estimated number of SNAP recipients reached this reporting year through this campaign
- Column F: Enter the estimated number of low-income persons (EXCLUDING SNAP recipients) reached through this campaign this reporting year.
- Column G: Enter the total estimated number of people (low-income, SNAP recipients AND all others) reached this reporting year.

Example 1: The radio station that broadcasts social marketing nutrition messages has provided demographic statistics to the implementing partner showing the income range of their listening audience. The data show that roughly 20% of the audience or 400 people would not qualify for SNAP benefits. The estimated count of 400 people should be counted under column G in Item 7 of the form.

Example 2: Nutrition education is conducted at a local grocery store in a low-income neighborhood and 200 people attend. Census track data is examined and shows that 55% of the population served by the store has income below 130% of the poverty level and 30% has income between 130% and 185% of the poverty level with the remaining 15% having income over 185% of the poverty level. In Column E, 110 (55% of 200 participants) should be included, 60 should be included in Column F (30% of 200) and 200 should be reported in Column G.

9.Expenditures by Sources of Funding (See Instructions)

	Expenditures for Reporting Year
1. Public Cash Contributions -- State and Local Tax Revenue only	\$
2. Public and Private Cash Contributions -- other than State and Local Tax Revenue	\$
3. Sum of Lines 1 & 2	\$
4. Public In-Kind Contributions (non-cash)	\$
5. Private Cash Contributions to State SNAP Agency only	\$
6. Indian Tribal Organization Contributions	\$
7. Sum of Lines 4, 5 & 6	\$
8. Federal Reimbursement	\$
9. TOTAL SNAP-Ed EXPENDITURES: Sum of Lines 3, 7 & 8	\$

Instructions for Question 9

All dollar amounts recorded in item #9 should reflect actual expenditures NOT those initially budgeted.

- Line 1: Enter the dollar value of expenditures paid only with State and local tax revenue designated specifically for SNAP-Ed activities.
- Line 2: Enter the dollar value of expenditures paid with public and private cash contributions. These are contributions that are received by state implementing agencies or their subcontractors other than State and local tax revenues designated specifically for SNAP-Ed activities. These are not from State and local tax revenues.
- Line 3: Enter the sum of lines 1 and 2 in line 3.
- Line 4: Enter the dollar value of expenditures paid with public in-kind (non-cash) contributions. These contributions are defined as goods or services provided by a state or local agency for which no cash funds are transferred and no out-of-pocket cost is incurred by the contributing agency. Typically, in-kind contributions are the value of goods or services provided by volunteers.
- Line 5: Enter the dollar value of expenditures paid with private cash contributions made to the State SNAP Office/Agency These contributions are funds provided by non-governmental groups. They may include cash provided to the State or outlays made directly by a non-governmental organization to cover approved SNAP-Ed costs.
- Line 6: If applicable, enter the dollar value of expenditures paid with Indian Tribal Organization (ITO) contributions. Although technically ITO contributions are Federal funds, for the purposes of SNAP-Ed reimbursement, they are considered state match.
- Line 7: Enter the sum of lines 4, 5 and 6 in line 7. This may be less than 50% of the Total SNAP-Ed Expenditures in line 9 when there is an ITO contribution because FNS reimburses allowable activities conducted on Indian reservations at the 75% rate.
- Line 8: Enter the total amount of the federal reimbursement for SNAP-Ed; this is the total amount chargeable to FNS. It may be greater than 50% of total outlays when there is an ITO contribution because FNS reimburses for allowable activities conducted on Indian reservations at the 75% rate.
- Line 9: Enter the sum of lines 3, 7 and 8 to record Total (allowable) SNAP-Ed Expenditures. This total should equal Line 3 in Question 10, Expenditures by Category of Spending.

10. Expenditures by Category of Spending (See Instructions below)

Cost breakouts for item #10 may be the actual allocation or estimated.

1. Total Expenditures for SNAP-Ed Program Delivery	\$
2. Total Expenditures for Administrative Costs	\$
3. TOTAL SNAP-Ed Expenditures (State and Federal)	\$

Data provided in this table are (check one): actual or estimated based on FTE allocation.

Instructions for Question 10

Costs reported in this table may be calculated based on: 1) the actual expenditures associated with each component described above; or, 2) be estimated based on multiplying the percentage of total FTE time spent on nutrition education versus administration to any cost component that is not tracked separately as a delivery or administrative expense.

Example: 45% of FTEs are for administrative functions. Apply this to the total expenditures and you can estimate your Total Expenditures for Administrative Costs, line 2.

Line 1: Count all of the following as Nutrition Education Program Delivery Expenditures:

- o Dollar value of salaries and benefits associated with staff time spent providing approved and allowable SNAP-Ed activities.
- o Cost of all food demonstration supplies.
- o Cost of purchasing and/or developing educational materials (literature/materials/audiovisuals).
- o Cost of developing and implementing media campaigns.
- o Dollar value of the pro-rated costs of space used to deliver SNAP-Ed.
- o Cost of any SNAP-Ed evaluation efforts.
- o Cost of traveling to deliver SNAP-Ed services.
- o Cost of training for nutrition education providers.
- o Indirect costs (must be proportionate to time spent to delivery of SNAP-Ed)
- o Other overhead charges (space, HR services, etc).

Line 2: Count all of the following as FSN Administrative Expenditures:

- o Dollar value of salaries and benefits associated with staff time spent on SNAP-Ed administration not on nutrition education. (example: State SNAP/IA/Project staff, support staff).
- o Cost of training to performing administrative functions like record keeping, accounting, etc.
- o Cost of reporting.
- o Cost of equipment and office supplies.
- o Operating Costs.
- o Indirect Costs for those administrative staff not covered above.
- o Other overhead charges associated with administrative expenses (space, HR services, etc).

Line 3: Sum of lines 1 and 2. This total should equal the total reported in Line 9 of Question 9, Expenditure by Sources of Funding.
