

**2010 Decennial Census
Nonsubstantive Change Request
0607-0919**

The 12/3/2008 approval of this collection contained the following OMB terms.

“This collection is approved with the following terms of clearance: 1) the Census Bureau will provide final procedures for enumerating small multi-unit structures and service-based enumeration when those are available; 2) the Census Bureau has agreed to include an additional panel in the Alternative Questionnaire Experiment to examine changes in the layout, terminology, and examples used in the race question based on discussions with OMB on 11/25/2008.”

This nonsubstantive change request transmits documents satisfying the first term of clearance. The documents transmitted are:

Final procedures for hard-to-find units in small multi-unit buildings

Group Quarters Enumeration (GQE) Enumerator Manual, containing procedures for Service-Based Enumeration
