

Alaska Migratory Bird Subsistence Harvest Survey

Household Invitation

This survey asks about birds and their eggs harvested for food and other customary and traditional uses.

Participation of villages and households in the survey is voluntary.

Your Tribal Council has agreed to participate in this survey.

It is important to participate even if your household does not harvest birds or eggs.

Harvest estimates from this survey are used to:

- Document subsistence harvest trends and track major changes.
- Document the importance of subsistence customary and traditional uses of migratory birds so that subsistence uses can be protected.
- Assist the USFWS in setting spring/summer migratory bird harvest regulations.
- Assist in the development of plans for the management and conservation of birds by state and federal agencies.

Thank you very much for your collaboration!

For more information, talk to your village surveyor, visit the AMBCC website <http://alaska.fws.gov/ambcc>, or contact the closest ADF&G or USFWS office.

Paperwork Reduction Act Statement

In accordance with the Paperwork Reduction Act (44 U.S.C. 3501 et seq.), please note the following information.

This survey is authorized by the Migratory Bird Treaty Act (16 U.S.C. 703 et seq.) and the Migratory Bird Treaty Act Protocol Amendment (1995) and its letter of submittal from the Department of State to the White House, which specifies the need for harvest monitoring.

Your participation in the survey is voluntary. We will use the information your household provides to estimate subsistence migratory bird harvest in subsistence eligible areas of Alaska. Household harvest reports are anonymous and no names are used on harvest report forms. Harvest estimates are produced at the regional and subregional levels. With the help of a surveyor, we estimate it will take about 5 minutes each to provide household consent and to report your seasonal bird/egg harvest.

OMB has approved this information collection and assigned OMB Control Number 1018-0124, which expires XX/XX/2013. We may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a current Office of Management and Budget control number.

You may provide comments on the estimated burden or any other aspect of FWS Forms 3-2380, 3-2381-1, 3-2381-2, 3-2381-3, and 3-2381-4 to the Information Collection Officer, Mail Stop 222-ARLSQ, U.S. Fish and Wildlife Service, 4401 N Fairfax Dr., Arlington, VA 22203.
