Transportation Security Administration

Intent To Request Renewal From OMB of One Current Public Collection of Information: Transportation Security Officer (TSO) Medical Questionnaire

AGENCY: Transportation Security Administration (TSA), DHS.

ACTION: 60-day renewal notice.

SUMMARY: The Transportation Security Administration (TSA) invites public comment on one currently approved Information Collection Request (ICR), OMB control number 1652-0032, abstracted below, that we will submit to the Office of Management and Budget

(OMB) for renewal in compliance with the Paperwork Reduction Act. The ICR describes the nature of the information collection and its expected burden. The collection involves using a questionnaire to collect medical information from candidates for the job of Transportation Security Officer (TSO) to ensure their qualifications to perform TSO duties pursuant to sec. 111 of the Aviation and Transportation Security Act (ATSA).

DATES: Send your comments by December 28, 2009.

ADDRESSES: Comments may be e-mailed to TSAPRA@dhs.gov or mailed to the Office of Information Technology, Attention TSA PRA Officer, Transportation Security Administration, 601 South 12th Street, Arlington, VA 20598-6011.

FOR FURTHER INFORMATION CONTACT: Ginger LeMay at the above address, or by telephone (571) 227-3616 or e-mail ginger.lemay@dhs.gov.

SUPPLEMENTARY INFORMATION:

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

OMB Number 1652-0032; TSO Medical Questionnaire

TSA currently collects relevant medical information from Transportation Security Officer (TSO) candidates for the purpose of assessing whether the candidates meet the medical qualification standards the agency has established pursuant to the Aviation and Transportation Security Act (ATSA), Pub. L. 107-71 (November

19, 2001). TSA collects this information through a medical questionnaire completed by TSO candidates and, in certain cases, supplemental forms completed by TSO candidates' health care providers. The medical questionnaire and supplemental forms are used to evaluate a candidate's physical and medical qualifications to be a TSO, including visual and aural acuity, and physical coordination and motor skills. Only TSO candidates who successfully complete the steps in the hiring process leading up to the medical portion are required to complete the medical questionnaire. Candidates who disclose certain medical conditions on the medical questionnaire may be asked to have their health care provider complete one or more supplemental forms. Historical data indicate that approximately 30 percent of candidates reaching the medical evaluation will be required to complete one or more further evaluation forms.

TSA has a variety of supplemental forms, each of which pertain to particular body systems and medical conditions, including cardiac, orthopedic, endocrine, vitals, and others. The type of supplemental form(s) completed by a candidate's health care provider depend(s) on the condition(s) revealed during a candidate's initial medical evaluation and disclosed on the initial medical questionnaire. For example, a candidate who discloses a previous back injury may be required to have his/her health care provider complete a supplemental form to enable the agency to better evaluate whether the candidate can perform the TSO job safely and efficiently without excessive risk of accident or injury to himself/herself or others.

The current OMB control number for the medical questionnaire and supplemental forms is about to expire. TSA seeks to make minor modifications to the supplemental forms, and renew its OMB authorization to continue to use the medical questionnaire and supplemental forms, as modified. The modifications include moving language that clarifies that additional costs for further medical evaluations necessary to complete the supplemental forms will be incurred by the candidate and adding additional language to reflect changes in current medical practices/tests.

TSA estimates that the potential annual respondent population for this collection of information will be 19,175 candidates and health care providers. This number includes 14,750 candidates and 4,425 health care providers, nationwide. TSA estimates the total annual hour burden as a result of the

TSO medical questionnaire and supplemental forms to be 11,677 hours.

Issued in Arlington, Virginia, on October 21, 2009.

Ginger LeMay,

Paperwork Reduction Act Officer, Office of Information Technology.

BILLING CODE 4910-62-P

DEPARTMENT OF THE INTERIOR

National Park Service Concessions Management Advisory Board Reestablishment

AGENCY: National Park Service, Interior.

ACTION: Notice of Reestablishment of the National Park Service Concessions Management Advisory Board.

SUMMARY: The Secretary of the Interior intends to reestablish the National Park Service Concessions Management Advisory Board. This action is necessary and in the public interest in connection with the performance of statutory duties imposed upon the Department of the Interior and the National Park Service.

FOR FURTHER INFORMATION CONTACT: Jo Pendry, Chief, Commercial Services Program on 202-513-7156.

SUPPLEMENTARY INFORMATION: The National Park Service Concessions Management Advisory Board was established by Title IV, Section 409 of Public Law 105-391, the National Parks Omnibus Management Act of 1998, November 13, 1998, with a termination date of December 31, 2008. Pursuant to Title VII, Subtitle A, Section 7403 of Public Law 111-11, the Omnibus Public Land Management Act of 2009, March 30, 2009, the Board is extended and will terminate on December 31, 2009.

The advice and recommendations provided by the Board and its subcommittees fulfill an important need within the Department of the Interior and the National Park Service, and it is necessary to reestablish the Board to ensure its work is not disrupted. The Board's seven members will be balanced to represent a cross-section of disciplines and expertise relevant to the National Park Service mission. The reestablishment of the Board comports with the requirements of the Federal Advisory Committee Act, as amended (5 U.S.C., Appendix), and follows consultation with the General Services Administration. The reestablishment will be effective on the date the charter is filed pursuant to section 9(c) of the Act and 41 CFR 102-3.70.

Certification: I hereby certify that the reestablishment of the National Park
