The purpose of the Narrative of Revisions is to clearly indicate revisions to a collection since the previous approval

Collection Title: Application for Community Disaster Loan Cancellation

OMB Control No.: 1660-0082

Current Expiration Date: 1/31/2009

Collection Instruments: FEMA Form 90-5

The following listed below are revisions to the collection:

- There has been an increase in burden for this collection. (Number of Respondents, Annual Time, and Annual Cost). This is due to an increase in the estimated number of respondents as the cancellation process now allows for the cancellation of Special Disaster Loans. The Annual Cost increase is also affected by the addition of the 1.4 multiplier now used on all collections.
- The annual cost to the Federal Government has increased due to the use of the 1.4 multiplier on the wages as well as the increase due to the Special Loan Cancellation activity being added to this collection.
