

Centers for Disease Control
and Prevention (CDC)
Atlanta GA 30333

Date: October 5, 2009

From: Associate Director, Science
Office of Workforce and Career Development

Subject: Application for Training (OMB #0920-0017)
2009 Training Services Division OMB Extension Request:
Research Determination

To: Maryam I. Daneshvar
Manager, Information Collection Review Office
Office of Scientific Regulatory Services
Office of the Chief of Science Officer

Based on the description and justification for the Training Services Division's Application for Training information collection request necessary for National Laboratory Training Network registration and CDC Training and Continuing Education registration, and also on the definition of research defined by the Federal Policy for the Protection of Human Subjects (45 CFR 46), the collection of information for these trainings and continuing education is not considered research and therefore does not require IRB approval.

Should there be any questions regarding this determination that IRB approval is not required, feel free to contact Beth Stover, at 404-498-6005 or bqs1@cdc.gov.
