#### Asthma Management and Clinical Decision Support System Usability and User Satisfaction Survey

We are conducting a study to help us assess the usefulness of the Asthma SmartForm in the Electronic Medical Record. We are asking you to complete a brief survey that should take less than 10 minutes of your time. Your participation in this survey is completely voluntary and your answers will be anonymous. Thank you for helping us improve the design of clinical decision support tools for electronic health records.

### 1. We are interested in understanding how you utilize the Electronic Medical Record for your patients with asthma. For each question below, indicate how often the statement is true.

		Never	Sometimes	Often	Usually	Always
a.	I document the history of present illness in EPIC during the patient visit.					
b.	I document the exam findings in EPIC during the patient visit.					
C.	I document my assessment in EPIC during the patient visit.					
d.	I document my plan in EPIC during the patient visit.					
e.	I print an asthma action plan and give it to the patient, if the patient has asthma on the problem list.					
f.	I print an asthma action plan and give it to the patient, if the patient is having asthma symptoms.					
g.	I have used the Asthma SmartForm in EPIC.					
h.	I complete the Asthma SmartForm during the patient visit.					

Public reporting burden for this collection of information is estimated to average 6 minutes per response, the estimated time required to complete the survey. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: AHRQ Reports Clearance Officer Attention: PRA, Paperwork Reduction Project (0935-XXXX) AHRQ, 540 Gaither Road, Room # 5036, Rockville, MD 20850.
