Supporting Statement Andean Trade Preferences 1651-0091

Justification

1. Explain the circumstances that make the collection of information necessary. Identify any legal or administrative requirements that necessitate the collection. Attach a copy of the appropriate section of each statue and regulation mandating or authorizing the collection of information.

This collection of information is required to implement the duty preference provisions of the Andean Trade Preference Act (ATPA) and the Andean Trade Promotion and Drug Eradication Act (ATPDEA). These programs involve duty-free or reduced-duty treatment of imported goods under certain rules that are provided for in these two Acts, as codified in 19 U.S.C. 3201 through 3206.

The ATPA Certificate of Origin format is found under the Customs and Border Protection (CBP) Regulations, 19 CFR Part 10.201- 10.207. The type of information collected includes the processing operations performed on articles, the material produced in a beneficiary country or in the U.S., and a description of those processing operations.

The ATPDEA regulations are found in 19 CFR 10.251-10.257. CBP Form 449 has been established to collect information under ATPDEA. This form can be used only when claiming ATPDEA preferential treatment on the goods listed on the back of the form.

This collection of information applies to the importing and trade community who are familiar with import procedures and with the CBP regulations.

2. Indicate how, by whom, and for what purpose the information is to be used. Except for a new collection, indicate the actual use the agency has made of the information received from the current collection.

The information is used by CBP personnel to verify the validity of preference claims made under the provisions of these programs.

3. Describe whether, and to what extent, the collection of information involves the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g. permitting electronic submission of responses, and the basis for the decision for adopting this means of collection. Also describe any consideration of using information technology to reduce burden. It would not be efficient to automate this collection of information because CBP requests that importers submit this information about 60 times per year. However, the Form 449 will be added to the CBP website upon OMB approval so it can be an electronically fillable form.

4. Describe efforts to identify duplication. Show specifically why any similar information already available cannot be used or modified for use for the purposes described in Item 2 above.

This information is not collected in any form, and therefore is not duplicated elsewhere.

5. If the collection of information impacts small businesses or other small entities, describe any methods used to minimize burden.

This information collection does not have an impact on small businesses or other small entities.

6. Describe consequences to Federal program or policy activities if the collection is not conducted or is conducted less frequently.

Failure to collect this information would result in CBP being unable to ensure that duty-free or reduced-duty treatment is provided only when appropriate. The ATPA and ATPDEA specify the documentary and procedural requirements that apply to preference claims.

7. Explain any special circumstances that would cause an information collection to be conducted in a manner:

This information is collected in a manner consistent with the guidelines of 5 CFR 1320.6.

8. If applicable, provide a copy and identify the date and page number of publication in the Federal Register of the agency's notice, required by 5 CFR 1320.8(d), soliciting comments on the information collection prior to submission to OMB. Summarize public comments received in response to that notice and describe actions taken by the agency in response to these comments. Specifically address comments received on cost and hour burden.

Public comments were solicited through two Federal Register notices published on December 10, 2009 (Volume 74, Page 65543) and on February 10, 2010 (Volume 75, Page 6679) No comments have been received.

9. Explain any decision to provide any payment or gift to respondents, other

than remuneration of contractors or grantees.

There is no offer of a monetary or material value for this information collection.

10. Describe any assurance of confidentiality provided to respondents and the basis for the assurance in statute, regulation, or agency policy.

There are no assurances of confidentiality provided to the respondents for this information collection.

11. Provide additional justification for any questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private. This justification should include the reasons why the agency considers the questions necessary, the specific uses to be made of the information, the explanation to be given to persons from whom the information is requested, and any steps to be taken to obtain their consent.

There are no questions of a sensitive nature.

INFORMATION COLLECTION	TOTAL ANNUAL BURDEN HOURS	NO. OF RESPONDENTS	NO. OF RESPONSES PER RESPONDENT	TOTAL RESPONSES	TIME PER RESPONSE
ATPA Certificate of Origin	Old: 7,968 New: 711	Old: 2,000 New: 2,133	Old: 24 New: 2	Old: 48,000 New: 4,266	Old: 6 minutes (.1 hours) New: 10 minutes
ATPDEA Form 449	New: 815	New: 233	New: 7	<mark>New:</mark> 1,631	(.167 hours) New: 30 minutes (.5 hours)
TOTAL	Old: 7,968 New: 1,526	Old: 2,000 New: 2,366		Old: 48,000 New: 5,897	

12. Provide estimates of the hour burden of the collection of information.

New:

 The totals reflect the number of responses prepared by importers, but only about one percent are requested by CBP (60 responses).

Public Cost

Old:

The estimated cost to the respondents is 159,360. This is based on the estimated burden hours (7,968) multiplied (x) hourly rate (20.00).

New:

The estimated cost to the respondents is 42,728. This is based on the estimated burden hours (1,526) multiplied (x) hourly rate (28.00).

13. Provide an estimate of the total annual cost burden to respondents or recordkeepers resulting from the collection of information.

There are no record keeping, capital, start-up or maintenance costs associated with this information collection.

14. Provide estimates of annualized cost to the Federal Government. Also provide a description of the method used to estimate cost, which should include quantification of hours, operational expenses (such as equipment overhead, printing, and support staff), and any other expense that would not have been incurred without this collection of information.

Old:

The estimated annual cost to the Federal Government associated with this collection is \$33,100. This is based on an estimated processing time of 10 minutes for each form filed multiplied by an average hourly rate of \$35.00. Time per form filed (.166) x number of forms filed (5700) = 946 hours x average hourly rate (\$35.00) = 33,100 hours.

New:

The estimated annual cost to the Federal Government associated with this collection is \$420. This is based on an estimated processing time per response requested by CBP (10 minutes or .167 hours) multiplied (x) the estimated number of responses requested by CBP (60) = 10 hours multiplied (x) the average hourly rate (\$42.00) = \$420.

15. Explain the reasons for any program changes or adjustments reported in Items 12 or 13 of this Statement.

Changes to these figures are a result of:

The APTA Certificate of Origin time per response was number was adjusted up from 6 minutes to 10 minutes;

The total number of responses for the APTA Certificate of Origin was lowered from 48,000 to 4,266 as a result of better estimates by CBP.

The ATPDEA Form 449 was added to this information collection.

16. For collection of information whose results will be published, outline plans for tabulation, and publication.

This information collection will not be published for statistical purposes.

17. If seeking approval to not display the expiration date, explain the reasons that displaying the expiration date would be inappropriate

CBP will display the expiration date for OMB approval of this information collection.

18. "Certification for Paperwork Reduction Act Submissions."

CBP does not request an exception to the certification of this information collection.

B. Collection of Information Employing Statistical Methods

No statistical methods were employed.
