

TABLE 3 - RE5 (5 race/ethnicity reporting categories as used prior to 2007 guidance)PART B, INDIVIDUALS WITH DISABILITIES EDUCATION ACT
IMPLEMENTATION OF FAPE REQUIREMENTSChild Count Date for **2009**

Paperwork Burden Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 1820-0517. The time required to complete this information collection is estimated to average **25.8** hours per SEA and **25.4** hours per LEA response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: U.S. Department of Education, Washington, D.C. 20202. If you have comments or concerns regarding the status of your individual submission of this form, write directly to: Office of Special Education Programs, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202.

For States that have been approved for ED Facts-only submission, the State ED Facts Coordinators will follow the data submission instructions they have been provided. All other States must submit electronic versions of the completed data forms to OSEP's data contractor at IDEAData_PartB@westat.com. OSEP will provide electronic Data Transmission Spreadsheets (DTS) in Microsoft Excel format to facilitate this process. States that are approved to submit these data through ED Facts-only are not required to use the DTS. Nevertheless, all States will receive the DTS as a courtesy as they may assist in preparing the data for submission.

Authorization: P.L. 108-446, Section 618 (a)(1)(A)(ii), Section 618 (a)(1)(A)(iii), and Section 618 (a)(3); 34 CFR §§300.640, 300.641, 300.642(b), 300.644, 300.645

Due Date: February 1, **2010**

Sampling Allowed: **No**

General Instructions

Provide a count of children ages 3-5 served under the IDEA, Part B program, according to their educational environments. Report data by discrete age year, disability category,¹ race/ethnicity, gender and Limited English Proficiency (LEP) status.

¹ The reporting of data on developmental delay is optional. Only children ages 3 through 9 may be reported in the developmental delay disability category and then only in States with the diagnostic instruments and procedures to measure delays in physical, cognitive, communication, social or emotional, or adaptive development. States must have defined and established eligibility criteria for developmental delay in order to report children in this category. Although Federal law does not require that States and LEAs categorize children according to developmental delay, if this category is required by State law, States are expected to report these children in the developmental delay category.

Report a count of all children with disabilities ages 6-21 served under the IDEA, Part B program, according to their educational environments. Report data by age category and disability category, race/ethnicity, gender, and LEP status.

This table does not require a separate, certified count of children. *However, it is intended to reflect the number of the children receiving services, reported by the appropriate environment category, on the date of the child count.* The count is to be taken on a state-designated date between October 1, **2009** and December 1, **2009** (inclusive), and that date should remain consistent each year.² States *must* use the same date for reporting educational environments data that is used in reporting the child count for that year.

Place zeros in categories where cells contain no numeric values. Report (-9) in categories not used by the State.

In providing data for this collection, the State is to submit complete and unsuppressed data.

STATES SHOULD NOT PROVIDE PERCENTAGES IN SECTIONS A THROUGH H, AS THEY WILL BE CALCULATED AFTER THE COUNTS ARE SUBMITTED.

Specific Instructions

Section A: Discrete Age Year of Children with Disabilities Ages 3-5 by Educational Environment

REPORT AN UNDUPLICATED COUNT OF ALL CHILDREN WITH DISABILITIES AGES 3-5 SERVED UNDER IDEA, PART B, BY DISCRETE AGE YEAR AND EDUCATIONAL ENVIRONMENT.

When reporting educational environments for children ages 3 through 5, use the following decision rules to determine which environment to use when reporting each child. Please note that the order of the categories for children with disabilities ages 3-5 does *not* reflect a continuum from least to most restrictive.

1. The first factor to consider is whether the child is attending a regular early childhood program, as defined below. If so, report the child in row A1, A2, or A3. Report the child in one of these environments even if the child receives special education services in other environments. Refer to the instructions in the section below to determine which of percent of time category is appropriate.

Early childhood program. A program that includes at least 50 percent nondisabled children. Early childhood programs may include, but are not limited to:

- Head Start;
- kindergarten;

² OSEP recognizes that, rather than referencing a numerical date (such as November 1) for taking its Child Count each year, some States may have identified a specific day of the week in a given month each year (such as the last Friday of each October). In addition, some States may be unable to reference the same Child Count date if, in a given year, that date falls on a weekend. Therefore, it is acceptable for the actual date of the Child Count in any given year to slide within three (3) days of the State-established reference date without generating any error flags upon submission to the Federal data system.

- reverse mainstream classrooms;
- private preschools;
- preschool classes offered to an eligible pre-kindergarten population by the public school system; and
- group child care.

Attendance at an early childhood program need not be funded by IDEA, Part B funds.

2. If the child does not attend a regular early childhood program or kindergarten, the next factor to consider is whether the child attends a special education program, as defined below. If so, report the child in row B1, B2, or B3 according to the location of the special education program. Report the child in one of these environments even if the child also receives special education at home or in a service provider location.

Special education program. A program that includes less than 50 percent nondisabled children. Special education programs include, but are not limited to, special education and related services provided in:

- special education classrooms in
 - regular school buildings;
 - trailers or portables outside regular school buildings;
 - child care facilities;
 - hospital facilities on an outpatient basis;
 - other community-based settings;
- separate schools; and
- residential facilities.

3. Home. If the child does not attend a regular early childhood program or a special education program, the next factor to consider is whether the child receives some or all of his/her special education services in the home. If the child receives any of his/her special education services in the home, report the child in row B4.
4. Service provider location. If the child does not receive any special education services in the home, report the child in row B5.

Calculating Time in Regular Early Childhood Programs

When determining whether to report a child in A1, A2, or A3, you must calculate the percentage of time the child spends in a regular early childhood program. The numerator for this calculation is the amount of time per week the child spends in a regular early childhood program. The denominator for this calculation is the *total number of hours the child spends in a regular early childhood program PLUS any*

time the child spent receiving special education and related services outside of a regular early childhood program. The result is multiplied by 100. For example,

- If the child attends a regular early childhood program 6 hours a week and receives special education and related services in a special education program for an additional 4 hours a week, report the child in A2, in the regular early childhood program 40% to 79% of time ($6 \div 10 = .60 * 100 = 60\%$). Include in the denominator any time spent receiving special education in the special education program. This is true even if the child receives little or no special education in the early childhood program.
- If the child attends a regular early childhood program 6 hours a week and receives 1 hour of special education and related services at home and an additional half hour of special education and related services at a service provider location, report the child in A1, in the regular early childhood program at least 80% of time ($6 \div 7.5 = 0.8 * 100 = 80\%$).
- If a child is pulled out of the regular early childhood program to receive special education, this is considered time *outside* the regular early childhood program. Include this time in the denominator but not the numerator of the calculation. For example, if a child attends a regular early childhood program for 6 hours a week, and is pulled out of that environment for 2 hours each week to receive speech instruction, report the child in A2, in the regular early childhood program 40% to 79% of time ($4 \div 6 = .67 * 100 = 67\%$).

The educational environments categories are defined as follows:

- Row A1. In the regular early childhood program at least 80% of time.
Unduplicated total who attended an early childhood program and were in the early childhood program for at least 80% of time (see instructions for Calculating Time in Regular Early Childhood Programs).
- Row A2. In the regular early childhood program 40% to 79% of time.
Unduplicated total who attended an early childhood program and were in the early childhood program for no more than 79% but no less than 49% of time (see instructions for Calculating Time in Regular Early Childhood Programs).
- Row A3. In the regular early childhood program less than 40% of time.
Unduplicated total who attended an early childhood program and were in the early childhood program for less than 40% of time (see instructions for Calculating Time in Regular Early Childhood Programs).
- Row B1. Separate class. *Unduplicated* total who attended a special education program in a class with less than 50% nondisabled children. (Do not include children who also attended a regular early childhood program. These children should be reported in columns A1, A2, or A3.)
- Row B2. Separate school. *Unduplicated* total who received education programs in public or private day schools designed specifically for children with disabilities. (Do not include children who also attended a regular early childhood program. These children should be reported in columns A1, A2, or A3.)
- Row B3. Residential facility. *Unduplicated* total who received education programs in publicly or privately operated residential schools or residential medical facilities on an inpatient basis.

(Do not include children who also attended a regular early childhood program. These children should be reported in columns A1, A2, or A3.)

- Row B4. Home. *Unduplicated* total who received special education and related services in the principal residence of the child's family or caregivers, and who did not attend an early childhood program or a special education program provided in a separate class, separate school, or residential facility. Include children who receive special education both at home and in a service provider location. The term caregiver includes babysitters.
- Row B5. Service provider location. *Unduplicated* total who received all of their special education and related services from a service provider, and who did not attend an early childhood program or a special education program provided in a separate class, separate school, or residential facility. For example, speech instruction provided in:
- private clinicians' offices,
 - clinicians' offices located in school buildings,
 - hospital facilities on an outpatient basis, and
 - libraries and other public locations.

Do not include children who also received special education at home. Children who received special education both in a service provider location and at home should be reported in the home category.

Section B: Educational Environments of Children with Disabilities Ages 3-5 by Disability

REPORT AN UNDUPLICATED COUNT OF ALL CHILDREN WITH DISABILITIES AGES 3-5 SERVED UNDER IDEA, PART B, BY EDUCATIONAL ENVIRONMENT AND DISABILITY CATEGORY. The categories reported in this section must sum to the total reported in Section A.

Use the environment categories defined in the instructions for Section A.

Section C: Educational Environments of Children with Disabilities Ages 3-5 by Race/Ethnicity

In October 2007, the Department of Education published its Final Guidance on Maintaining, Collecting and Reporting Racial and Ethnic Data to the U.S. Department of Education in the Federal Register (Vol. 72, No. 202, available at <http://www.gpoaccess.gov/nara/index.html>), referred to in these instructions as the *new guidance*. The procedures for collecting, aggregating, and reporting race and ethnicity, as described in the new guidance, must be implemented by no later than the report of the 2010 Educational Environments data. When implementing the new reporting guidance, SEAs must do so at the beginning of the relevant reporting period and must apply the guidance consistently to ALL data reported within that period.

To report Educational Environments under the five race/ethnicity categories, you must use this data collection form, Table 3 – RE5 (5 race/ethnicity reporting categories as used prior to 2007 guidance).

DO NOT USE THIS form (Table 3 – RE5) if you are reporting race/ethnicity according to the new guidance.³

SEAs not yet fully prepared to implement the new race/ethnicity reporting guidance may continue to report race/ethnicity using the five (5) race/ethnicity categories as defined and applied prior to the new guidance, but must transition to procedures described in the new guidance no later than for report of the 2010 Educational Environments.

REPORT AN UNDUPLICATED COUNT OF ALL CHILDREN AGES 3-5 WITH DISABILITIES SERVED UNDER IDEA, PART B BY RACE/ETHNICITY AND EDUCATIONAL ENVIRONMENT. THE TOTAL DATA REPORTED ON EACH LINE IN SECTION C MUST EQUAL THE TOTAL DATA REPORTED IN THE CORRESPONDING EDUCATIONAL ENVIRONMENT IN SECTION A AND SECTION B.

The race/ethnicity categories are defined as follows:

American Indian or Alaska Native	A person having origins in any of the original peoples of North and South America (including Central America) and who maintains tribal affiliation or community attachment.
Asian or Other Pacific Islander	A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian subcontinent, or the Pacific Islands. This includes, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, Vietnam, Hawaii, Guam, and Samoa.
Black (not Hispanic)	A person having origins in any of the Black racial groups of Africa.
Hispanic	A person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.
White (not Hispanic)	A person having origins in any of the original peoples of Europe, the Middle East, or North Africa.
Total	The unduplicated total across the race/ethnicity designations.

Note that each child should be reported in only one of the race/ethnicity categories, above.

Use the educational environment categories defined in the instructions in Section A to report children with disabilities ages 3-5.

Section D: Gender of Children with Disabilities Ages 3-5 by Educational Environment

³ If your State is collecting race/ethnicity information in a manner that is NOT in full accordance with the new guidance (including the two-part question format for ascertaining and reporting Hispanic ethnicity), you should use the 5-category format until your State is prepared to fully implement the new guidance, and to do so for all of the IDEA Part B collections associated with the given reporting reference year (e.g., **2010-11** year). Until you make that full transition, you should continue to use either of two options to account for students who are identified as multiracial or two or more races, as described in the document entitled, “Handling Missing Data When Reporting Race/Ethnicity” (<https://www.ideadata.org/docs/PartBRaceEthnicity.doc>).

REPORT AN UNDUPLICATED COUNT OF ALL CHILDREN WITH DISABILITIES AGES 3-5 SERVED UNDER IDEA, PART B, BY EDUCATIONAL ENVIRONMENT AND GENDER. The categories reported in this section must sum to the total reported in Section A.

Use the environment categories defined in the instructions for Section A.

To reduce data burden, gender data for children ages 3-5 are not collected separately on the child count report. Totals on the educational environments report *must* equal the total number of children with disabilities ages 3-5 reported on the child count.

Section E: Limited English Proficiency Status of Children with Disabilities Ages 3-5 by Educational Environment

REPORT AN UNDUPLICATED COUNT OF ALL CHILDREN WITH DISABILITIES AGES 3-5 SERVED UNDER IDEA, PART B, BY EDUCATIONAL ENVIRONMENT AND LIMITED ENGLISH PROFICIENCY STATUS. The categories reported in this section must sum to the total reported in Section A.

Limited English Proficient. A child who meets the definition of a limited English proficient child under the Elementary and Secondary Education Act, 20 U.S.C. Section 7801(A)(25).

LEP status should reflect the child's status as of the date of the child count.

Use the environment categories defined in the instructions for Section A.

To reduce data burden, LEP status data for children ages 3-5 are not collected separately on the child count report. Totals on the educational environments report *must* equal the total number of children with disabilities ages 3-5 reported on the child count.

Section F: Educational Environments and Age Category of Children with Disabilities Ages 6-21 by Disability

REPORT AN UNDUPLICATED COUNT OF ALL CHILDREN WITH DISABILITIES AGES 6-21 SERVED UNDER THE IDEA, PART B PROGRAM, BY AGE CATEGORY AND EDUCATIONAL ENVIRONMENT. THE TOTAL LINE ON EACH TABLE MUST EQUAL THE SUM OF THE DISABILITY CATEGORIES.

All counts should represent the setting in which children with disabilities have been placed for educational services.

To calculate the percentage of time inside the regular classroom, divide the number of hours the youth spends inside the regular classroom by the *total number of hours in the school day* (including lunch, recess and study periods). The result is multiplied by 100. Time spent outside the regular classroom receiving services unrelated to the youth's disability (e.g., time receiving LEP services) should be considered time inside the regular classroom.

Educational time spent in age-appropriate community-based settings that include individuals with and without disabilities, such as college campuses or vocational sites, should be counted as time spent inside the regular classroom.

- Column A. Inside the regular class 80 percent or more of the day. *Unduplicated* total who were inside the regular classroom for 80 percent or more of the school day. (These are children who received special education and related services outside the regular classroom for less than 21 percent of the school day.) This may include children with disabilities placed in:
- regular class with special education/related services provided within regular classes;
 - regular class with special education/related services provided outside regular classes;
or
 - regular class with special education services provided in resource rooms.
- Column B. Inside regular class no more than 79% of day and no less than 40% percent of the day. *Unduplicated* total who were inside the regular classroom between 40 and 79% of the day. (These are children who received special education and related services outside the regular classroom for at least 21 percent but no more than 60 percent of the school day.) Do not include children who are reported as receiving education programs in public or private separate school or residential facilities. This may include children placed in:
- resource rooms with special education/related services provided within the resource room; or
 - resource rooms with part-time instruction in a regular class.
- Column C. Inside regular class less than 40 percent of the day. *Unduplicated* total who were inside the regular classroom less than 40 percent of the day. (These are children who received special education and related services outside the regular classroom for more than 60 percent of the school day.) Do not include children who are reported as receiving education programs in public or private separate school or residential facilities. This category may include children placed in:
- self-contained special classrooms with part-time instruction in a regular class; or
 - self-contained special classrooms with full-time special education instruction on a regular school campus.
- Column D. Separate school. *Unduplicated* total who received education programs in public or private separate day school facilities. This includes children with disabilities receiving special education and related services, at public expense, for greater than 50 percent of the school day in public or private separate schools. This may include children placed in:
- public and private day schools for students with disabilities;
 - public and private day schools for students with disabilities for a portion of the school day (greater than 50 percent) and in regular school buildings for the remainder of the school day; or

- public and private residential facilities if the student does not live at the facility.

Column E. Residential facility. *Unduplicated* total who received education programs and lived in public or private residential facilities during the school week. This includes children with disabilities receiving special education and related services, at public expense, for greater than 50 percent of the school day in public or private residential facilities. This may include children placed in:

- public and private residential schools for students with disabilities; or
- public and private residential schools for students with disabilities for a portion of the school day (greater than 50 percent) and in separate day schools or regular school buildings for the remainder of the school day.

Do not include students who received education programs at the facility, but do not live there.

Column F. Homebound/Hospital. *Unduplicated* total who received education programs in homebound/hospital environment includes children with disabilities placed in and receiving special education and related services in:

- hospital programs, or
- homebound programs.

Do not include children with disabilities whose parents have opted to home-school them and who receive special education at the public expense.

Column G. Correctional facilities. *Unduplicated* total who received special education in correctional facilities. These data are intended to be a count of all children receiving special education in:

- short-term detention facilities (community-based or residential), or
- correctional facilities.

Column H. Parentally Placed in Private Schools. *Unduplicated* total who have been enrolled by their parents or guardians in regular parochial or other private schools and whose basic education is paid through private resources and who receive special education and related services at public expense from a local educational agency or intermediate educational unit under a service plan.⁴ Include children whose parents chose to home-school them, but who receive special education and related services at the public expense. Do not include children who are placed in private schools by the LEA.

Section G: Race/Ethnicity of Children with Disabilities Ages 6-21 by Educational Environment

REPORT AN UNDUPLICATED COUNT OF ALL CHILDREN AGES 6-21 WITH DISABILITIES SERVED UNDER IDEA, PART B BY RACE/ETHNICITY AND EDUCATIONAL ENVIRONMENT. THE TOTAL DATA REPORTED ON EACH LINE IN SECTION G MUST EQUAL THE TOTAL DATA REPORTED IN THE CORRESPONDING EDUCATIONAL ENVIRONMENT IN SECTION F.

⁴ ² A private institution or school is a school NOT under Federal or public supervision or control and may be non-profit or proprietary.

Use the environment categories defined under Section F and the race/ethnicity categories as defined in Section C.

Section H: Gender of Children with Disabilities Ages 6-21 by Educational Environment

REPORT AN UNDUPLICATED COUNT OF ALL CHILDREN AGES 6-21 WITH DISABILITIES SERVED UNDER IDEA, PART B BY GENDER AND EDUCATIONAL ENVIRONMENT. THE TOTAL DATA REPORTED ON EACH LINE IN SECTION H MUST EQUAL THE TOTAL DATA REPORTED IN THE CORRESPONDING EDUCATIONAL ENVIRONMENT IN SECTION F.

Use the environment categories defined in the instructions for Section F.

To reduce data burden, gender data for children ages 6-21 are not collected separately on the child count report. Totals on the educational environments report *must* equal the total number of children with disabilities ages 6-21 reported on the child count.

Section I: Limited English Proficiency Status of Children with Disabilities Ages 6-21 by Educational Environment

REPORT AN UNDUPLICATED COUNT OF ALL CHILDREN AGES 6-21 WITH DISABILITIES SERVED UNDER IDEA, PART B BY LIMITED ENGLISH PROFICIENCY STATUS AND EDUCATIONAL ENVIRONMENT. THE TOTAL DATA REPORTED ON EACH LINE IN SECTION I MUST EQUAL THE TOTAL DATA REPORTED IN THE CORRESPONDING EDUCATIONAL ENVIRONMENT IN SECTION F.

Use the environment categories defined under Section F and the LEP categories as defined in the instructions for Section E.

To reduce data burden, LEP status data on children ages 6-21 are not collected separately on the child count report. Totals on the educational environments report *must* equal the total number of children with disabilities ages 6-21 reported on the child count.
