APPLICATION FOR RELOCATION BENEFITS (Hopi)**

FORM: MM#1110.10

INFORMATION ABOUT OUR AGENCY

The Office of Navajo and Hopi Indian Relocation (“ONHIR”) is a Federal Agency in the Executive Branch of the United States Government whose principal office is in Flagstaff, Arizona. ONHIR was created by the Congress in 1974 to assist certain Navajos and Hopis who live on or used to live on lands within what is known as the “Former Joint Use Area” (“FJUA”) which the Federal Court in Tucson awarded to the “other” Tribe in 1978. The FJUA lands awarded to the Hopi Tribe are known as the “Hopi Partitioned Lands” or “HPL.” The lands awarded to the Navajo Nation are known as the “Navajo Partitioned Lands” or “NPL.”

PAPERWORK REDUCTION ACT AND PRIVACY ACT STATEMENT

The Paperwork Reduction Act of 1995 and the Privacy Act of 1974 require that when we ask you for information, we must first tell you our legal right to ask for the information, the reasons why we are asking for it, and how it will be used. We must also tell you whether your response is voluntary, required to obtain or retain a benefit, or mandatory under the law, and what could happen if you do not provide the information. In addition, we must tell you the estimated total time and financial resources required to provide the information, the nature and extent of confidentiality to be provided, and the fact that you do not need to provide the information unless the information collection instrument, in this instance, a form, displays a currently valid OMB control number.

The Navajo—Hopi Settlement Act, 25 U.S.C. 640d et seq., P.L. 93-531, as amended (“the Act.”) authorizes us to collect information from you in order to determine your eligibility to receive relocation benefits. We need this information to assist us in determining where you resided on December 22, 1974; whether you were a Head of Household; when you attained this status and where you were residing at the time among other eligibility issues. You must submit a complete application. If your Application is incomplete, ONHIR will request additional information from you. If you then fail to provide the information requested, the application will be denied.

You are not required to provide the information requested on a federal government form unless the form displays a valid OMB Control Number. The OMB Control Number for this collection is XXX-XXXX. This number is displayed in the upper right corner of the first page of this form.

Generally the Application and other information that you provide us that contains personally identifiable information are confidential under the Privacy Act. There are certain “routine uses” which may be made of the information you provide. Routine uses, with respect to the disclosure of information, are uses compatible with the purposes for which the information was collected. Disclosures outside the Office of Navajo and Hopi Indian Relocation may be made to (1) the Navajo Nation and the Hopi Tribe for use in adjudicating disputes and in determining the configuration of Life Estate Lease parcels, (2) United States Courts concerned with the partition of the Joint Use Area, (3) the Department of Justice when related to litigation or contemplated litigation, (4) appropriate federal, state, local, or foreign agency responsible for investigating or prosecuting violations or enforcing or implementing a statute, rule, regulation, order, or license of information indicating a violation or potential violation of a statute, regulation, rule, order, or license, (5) reports to the United States Congress, and (6) publication of roster to assist potential relocates in determining their application and eligibility status. ONHIR does not establish any minimum period for your retention of documents related to this Application but since you have the burden of proving your eligibility for Relocation Benefits, we urge that you retain such documents until there has been a final determination of your eligibility for such benefits.

The time needed to complete and file an Application for Relocation Benefits will vary depending on individual circumstances. As provided in 5 CFR § 1320.3 (b) (2), the information sought on the Application is information that Applicants can be assumed to have gathered and maintained in the normal course of their lives such as their age, marital status, children and employment and residence history. Consequently it is the Agency’s position that the burden involved in completion of an Application would be limited to the time needed to read the Application; fill in the Application form itself and then transmit it to the Agency. The estimated average time is thirty minutes.
